This July 3rd, 1914.

BURNS, PARKER & MORRISON, Secretaries.

CORN CLUB MEMBERS HEARD T. E. BROWNE

Director of Corn Club Work in State Spoke to the Local Boys Today.

T. E. Browne, state agent in charge of the boys' corn club work in this state, addressed the members of the Buncombe County Boys' Corn Club this morning at the meeting held on the Biltmore estate. Mr. Browne's address was replete with advice and suggestions to the boys in regard to the work done and he told of the work that is being done in other parts of the state, predicting that the local club will be able to show up with the other clubs in the state in point of work accomplished.

Mr. Browne came here from a trip he has just finished in Macon, Clay and Jackson counties, where he has been visiting the teachers' institute in the interest of the corn club work. He will leave here for Madison, Cherokee, Haywood and Graham counties, where next week he will continue the work in behalf of the corn clubs.

Several people from the city attended the meeting this morning of the local club. The boys met on the plaza at Biltmore at 10 o'clock and were taken over the estate in carriages. At the dairy a stop was made, the plant being inspected and addresses delivered by several of the men present.

DR. WILLIAM GLEITSMANN DIES IN NEW YORK CITY

Built Asheville's First Sanitarium When It Was a Mere Village.

Dr. William Gleitsmann, who established the first sanitarium ever built in this city, died several days ago in New York, according to information just reaching this city. The deceased came to Asheville about 40 years ago, when it was nothing more than a village, and opened a sanitarium. His belief in the future of Asheville has been well borne out by the building of a modern city on the site of the country village he came to years ago.

The deceased was a native of Bavaria, where he was born 74 years ago. For several years he was a member of the staff of the Polytechnic hospital in New York. The deceased is well remembered by many of the older residents of this city, who will learn of his death with sorrow.

REV. G. P. HAMRICK TO LEAVE LOCAL CHURCH

Rev. G. P. Hamrick, who for some time has been pastor of West End Baptist church of this city, has accepted the call of the Baptist church at Canton. Rev. Mr. Hamrick has won many friends in this city during the time that he has been pastor of the local church.

Rev. J. C. Owen, who has occupied the pulpit at the Canton church, goes to Mars Hill, where he will become pastor of the Baptist church at that place.

MR. HOWELL BACK FROM MADISON CO. INSTITUTE

Harry Howell, superintendent of the Asheville city schools, returned yesterday afternoon from Marshall, where he has been conducting the bi-annual teachers' institute for Madison county. Mr. Howell had charge of the intermediate department and Miss Harris of Concord was in charge of the primary department of the institute. A large number of teachers attended the institute and Mr. Howell states that a great deal of interest was manifested.

THE UMP'S AND US

Gary Fortune is leading all the pitchers in the league in percentage, for according to the official figures his percentage is .823. He has played in six games, having lost only one. Some record for the boy and one that every fan in this city can be proud of. But Asheville does not come in the list again until Ostemeyer is reached and his percentage is only .529. Harry Watson comes next with .444 and then comes Ferris with .429.

In club batting, Asheville stands third with a percentage of .749. Not so bad after all. And Durham and Winston are below us at that. The local club stands fourth in club fielding, with Greensboro, two points ahead of us. That does not look good.

Nichols Way

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's Sarsaparilla today. Sold by all druggists.

although we have it on Charlotte and Raleigh.

Asheville players have secured nine home runs for the first lap of the season, nineteen three baggers and 64 two baggers, with a total of 357 one base hits. All of this out of 1,893 times at bat. Is that bad?

This fellow McCall of Charlotte is already setting the league on fire, if such a thing is possible. Wonder what he will do later on? Where did you get him Charlotte?

A. Watson and Welch both lead the third basemen in point of percentage, with 1,000 each.

Now comes Wilmington a-swearin' that they will have a ball team of some kind next year. Pretty tough isn't it, not to have ball of any kind?

Charlotte Observer: "Jim Kelly seems to be the big mogul of the circuit when it comes to the sale of a player. He got rid of Doc Ferris at a price reported to be \$500 and Doc stayed in the Virginia league about a week returning to Asheville where he has been having all grades of trouble in getting away with his games."

The latest report has it that "Doc" High will join Joe Holland's team at Portsmouth, Va.

Charlotte Observer: "There have been numerous scouts in this circuit this season, but no reports are at hand as to any contemplated sales. The fact is that the major leagues are adopting a policy of watchful waiting on the Feds."

The receipts from the games of July the Fourth amounted to about \$100 for each club more than for any previous season. This ought to be gratifying to President Lyon. The division was \$478 apiece."

McCall stands at the head of the list of hitters, in point of percentage, in the league. He has a percentage of .474, although he has only participated in six games.

Just think "Doc" High is—or was—the second best batter in the league. Overholser, out of 23 games, has a percentage of .315 and A. Watson stands at .318 out of seven games.

"Wild Bill" Morrisette leads all the twirlers in the league—that is now in the league, for "Doc" High is out, in batting. He has a record of .310 which is very good considering a pitcher does not participate in as many games as the other players. And Ostemeyer stands next to last, with a percentage of .081 out of 20 games he has played in. And just think Jack sent him on several occasions as a pinch hitter.

Schumaker is leading the league in the number of home runs secured, while Hickman comes a close second. "Schu" has made nine and "Hick" seven. Since the figures were compiled, though, Hickman has secured two more.

McCarthy of Greensboro leads the list of base stealers, with a total of 21 out of 64 games played in.

Sammy Crane of Greensboro comes first as the leading sacrifice hitter, having made 23 out of 57 games played in.

Schumaker of Raleigh heads the most important list of all, that of sluggers. He has secured 46 one base hits, 12 two baggers, two three baggers and nine home runs, with a total of 108 bases out of 54 games. Here's to you "Schu" for you are some ball player.

The only triple pulled in the first lap of the season was made by Greensboro. The same team heads the list of the season was made by Asheville comes fifth in this list.

Proper Place.
