NO AMALGAMATION FOR PROGRESSIVES

Mr. Walser Makes Public Letter to Mr. Duncan and Mr. Morehead.

Special to The Gazette-News.
Lexington, July 23.—Gen. Zeb Vance Walser, state chairman of the progressive party, made public recently a letter written by him to Hon. E. C. Duncan and ex-Congressman Morehead, nominal leaders of the republicans of North Carolina, in answer to their letter asking for fusion of the progressives and republicans. Mr. Walser says that these gentlemen made public their letter to him before he received it but that they failed to make public his reply and he gives to your correspondent in order that the public may have his side of the question. His letter follows:

Lexington, N. C., Messrs. E. C. Duncan and John M. Morehead, Representing the Republican State Committee, Spray, N. C. Gentlemen:
Replying further to your letter relative to a conference between the republican and progressive state committees with a view to the amalgamation of the two parties, I beg to say that I addressed to each member of the progressive state committee a letter and have received replies from all the members except two, one of which is in Europe. All with one accord oppose anything like amalgamation or amalgamation. They believe no state to be more united for Colonel Roosevelt than it was in 1912. They think the vote for the republicans

in 1912 represented mainly a desire for regularity and the liquor influence, and that that vote is now practically solid for progressive except confirmed by the statements reported to have been at the recent meeting of the republican state committee.

I heartily concur with you in your desire to see the anti-democratic sentiment in the state marching under a single banner. Colonel Roosevelt stated the situation very lucidly in an address recently at Pittsburgh, as follows: "We will gladly work with any men who will themselves work for progressive principle. In this spirit we ask all good citizens to co-operate with us." And kind of fusion or amalgamation not based on principles invariably brings disaster."

I purpose to call the progressive state committee in session at an early date and at this session of the committee will submit your communication for its further consideration. I have the honor to be,
Very respectfully yours,
ZEB V. WALSER,
Chairman Progressive State Committee.

"Since writing this letter," says General Walser, "I have received many letters from all parts of the state and the sentiment is well nigh universal that there can be no organic union or co-operation between the progressive party in the state and nation and the republican party, so long as the aid republican party is dominated, controlled and bossed by men who at Chicago robbed the rank and file of the republican voters of the United States of the right to name their choice for president."

"It may be of interest to the friends of Colonel Roosevelt to recall just what he said in his recent speech, with reference to the politicians' convention at Chicago, as follows: 'Messrs. Ferguson, Harvey and their associates at Chicago, taking advantage of the fact that national conventions are not protected by law, followed a course of conduct morally every whit as bad as that which at elections result in

wrong-doers of humbler rank being put in stripes. They stole from the rank and file of the republican party the right to govern themselves, to nominate their own candidates and promulgate their own platforms. They took this action with the deliberate purpose of electing a democratic president because they infinitely preferred the triumph of their nominal party to seeing the control of their own organization wrested from their hands. Rather than see this control broken, these bosses and their associates deliberately put the democratic party and Mr. Wilson into power at Washington.'"

ASKS FOR REPORT ON POLITICAL ACTIVITY

Washington, July 22.—The resolution of Representative Garner of Texas, calling on Secretary McAdoo for any reports he has received on an investigation of alleged political activity of the collector of the port at Laredo, Texas, has been favorably reported to the house by the ways and means committee.
