YOUNG MEN TO BE INTERESTED

Buncombe County Democrats to Have 140 Young Men This Fall as Campaign Committee.

COUNTY ORGANIZATION MADE DECISION TODAY

Executive Committee Is Per- fected, Primary Arranged For and Other Matters Disposed of.

The Buncombe county democratic executive committee took another forward step today, at a meeting held at the headquarters in the Commerce building, in arranging for the organization of a campaign committee to be composed of the young men of the party. The members of the executive committee, who are chairmen of the various precinct committees in the county, were each asked to submit to Chairman J. W. Haynes a list of 10 young men, from which list five will be named as members of this campaign committee. There are 28 precincts in the county and the organization of this committee will mean that 140 young men of the county will become active workers in the cause of democracy.

The suggestion that such an organization be perfected was made by Chairman Haynes and met with the hearty and unanimous approval of all present. It was pointed out that the young men, experience has shown, devote more time to the work of a party when they become interested in its future than the older men, and that they will receive training in this committee that will make them strong factors for the good of the party in the future. This campaign committee of young men will supplement the work of the executive committee and it is believed that with their combined efforts the results at the polls this fall will show a more overwhelming democratic majority than ever before.

Arguments were made at the meeting today for holding the congressional primary on August 15. Chairman Haynes was authorized to appoint registrars for this primary, the names to be submitted to him by the precinct chairmen. In case there are no suggestions from these chairmen, he is authorized to name the registrars for their precincts. It was decided to hold the registration on the day of the primary only, so that all who have not previously registered may be allowed to do so when they go to the polls to vote.

The expense of this primary is to be borne by the two candidates participating, Congressman James M. Gudeger, Jr., and Robert R. Reynolds, and it was voted today to assess these candidates \$160 each for necessary expenses. The pollholders are to be appointed on August 1, one to be recommended by each candidate, and the candidates must pay their assessments on or before noon of that date or their pollholders will not be named. If the assessment is more than will be needed to cover the expenses of the primary in this county, the surplus will be returned to the candidates.

A motion was introduced at the meeting to have Chairman Haynes appoint a committee of three as an auditing committee to secure an itemized financial statement from L. M. Bourne, who was succeeded as chairman of the committee by Mr. Haynes. The committee was named as follows: J. M. Carver, chairman, W. H. Pearson and W. C. Pennell. Mr. Bourne's accounts will be gone over and a report submitted at the next meeting of the committee.

The final organization of the executive committee was perfected from the various precinct committees. The committee is composed of the chairmen of the precinct organizations, but in several cases there had been no meeting of the precinct committees and therefore no one named for the executive committee. According to the plan of organization, it remains with the executive committee to perfect its own organization at the expiration of 30 days after the date of the primary. As perfected, the committee is composed of the following:

- Asheville No. 1, William Francis;
- Asheville No. 2, W. S. Dickson;
- Asheville No. 3, Fred L. Sale;
- Asheville No. 4, L. M. Bourne;
- Asheville No. 5, W. C. Pennell;

- and Leicester No. 2, Hugh Rymer.

Where no committee had been elected in the precincts, or where an insufficient number had been named, the committee voted appointments. This was the first meeting held by the committee in the new headquarters and they were delighted with the location and arrangement. They were

SUPERIOR COURT TERM HAS BEEN IMPORTANT

Some Notable Cases Have Been Disposed of—Judge Cline's Good Work.

The most important term of Superior court for the trial of criminal cases that has been held in this county in many years, came to a close Saturday. The present term of court convened here on Monday, July 13, with Judge E. B. Cline of Hickory presiding. During the two weeks of the court more than 100 cases have been disposed of, either by trial or continuance, leaving at noon less than 20 cases on the docket.

During this term three murder cases have been disposed of and a large number of other important cases. Berry Dockery was tried for his life for killing Perry Bradburn in the Leicester section on March 20, last, and the jury found him guilty of murder in the second degree, asking that no mercy be shown the defendant. He was given 30 years at hard labor in the state's prison. Then Saturday the case against Alex. H. Brooks, which began last Monday was ended by the defendant receiving a sentence of six years on the county roads. The third murder case was that against Pink Gaston, colored, who pleaded guilty to murder in the second degree for killing Nancy Collins, colored, and was sentenced to serve 12 years in the state's prison.

The work of Judge Cline during the present term of court has been the subject of much favorable comment on all sides and his fair and impartial rulings and charges have been very satisfactory to the attorneys of the local bar. Almost throughout the term attorneys have taken advantage of every opportunity to compliment the court on his brilliant work.
