JOHNSTON COUNTY BANK IS CLOSED

News Notes of the Day From Old North State—Several Requisitions Are Issued.

By W. T. Bost) Raleigh, Sept. 22.—The Bank of Merry Oaks, Johnston county, has been closed by order of the corporation commission owing to the discovery of a shortage which took both its capital stock and undivided profits. The amount involved is \$6,636. The depositors will lose nothing. Assistant Bank Examiner, John G. Nichols made Wednesday of last week an examination that showed Cashier Walter L. Norris to be out of balance on ready funds. Three notes were found in the item "bills receivable" for the respective amounts of \$2,150, \$3,187 and \$1,319. On the face of the last two notes was written "This note is given to cover the overdraft of C. W. Weir." His books also showed Mr. Weir's account overdrawn \$526.25, this item completing the depletion of the capital and profits. Saturday Mr. Nichols was asked to take charge, but the directors hoped to do something Monday. It was found, however, that nothing could be done and Mr. Nichols has the funds in charge now. The doors have been closed and will remain so until matters take another turn.

The little bank of \$6,000 capital stock was organized in October of 1911 and had done well. It had \$36,000 deposits and had been declaring dividends. The closing today is no failure of the bank as a financial venture and in no wise reflects the business health of the community. The depositors do that much better, the commission declares, and had the cashier not allowed Mr. Weir unusual privileges there had been no trouble. It is said, to his credit, that he made no false entries and put the notes in the bank of his own accord. These notes are not endorsed and are Mr. Norris' own accounts. It is said they are not now good. He may make them so.

Roosevelt Invited. The North Carolina state fair management has invited Col. Theodore Roosevelt to be the Thursday attraction of fair week. The colonel does not yet know that he has been invited and the fair people will send a committee to see him personally. Doubtful as the colonel's coming appears on general principles to be, it is nevertheless remembered that he had an earlier date for the state and that he has not yet come. While the visit is not meant to have any political significance as the first was to have had, the progressives would like greatly to have him in the state this fall. It is thought Colonel Roosevelt will give his answer this week.

Collector J. W. Bailey returned to his office this morning after an absence of two weeks. Mr. Bailey was delighted with his anchoretical experience. He saw and heard nothing of business while gone, but spent several of his days in the Polo grounds watching Christy Mathewson and under studies pitching.

"Mathewson is an artist," Mr. Bailey said this morning. "He has been called an institution, not a baseball player, and he is an institution. He never hurries and he never worries. He plays the game all the time, is beautiful to look at and is the polo idol. He is cheered each inning as he walks from the box and he gets such applause as you rarely see given any man. He didn't give a base on balls, he mixed his slow high ones with his swift low ones and did it with the simplicity that makes it a consummate art. He won, too."

Mr. Bailey climbed one of the Gotham babels and looked over the city. He had never seen New York before. He had merely been there. Back in his office he says he doesn't know a thing, hasn't seen any sign of depression, has not observed that a soul was thinking of any war. Baseball is the big thought in New York and the city is still gay.

Requisition by Governor.

Governor Craig's office today requisitioned the Governor of Mississippi for James A. Clifton, who is charged with the disposal of mortgaged property in Wayne county.

A rendition warrant on the State of Virginia was given for Ruth Freeman, alias Lillian Henley, alias Mrs. J. Paul Whitaker, for forgery. The crime is alleged to have been committed in Richmond.

BAPTISTS CHANGE THEIR ANNOUNCED SCHEDULE

Wake Forest to Play the First Game With the A. and M. Team.

Special to The Gazette-News. Wake Forest, Sept. 22.—There has been a little misunderstanding as to just whom Wake Forest will play its opening football game with. It was announced several days ago that the first game would be played with the battleship Franklin on September 26. This was what the athletic managers wanted to do, but it was impossible to secure that team on that date. The first game that Wake Forest will play therefore will be with A. and M. at Raleigh on October 3. It has been impossible for Manager Carlton to secure a game before that date. The other games secured are as follows: Wake Forest. Oct. 17—Open. Oct. 24—Washington and Lee at Lexington, Va. Oct. 31—Roanoke at Wake Forest. Nov. 7—South Carolina at Columbia. Nov. 14—North Carolina at Raleigh. Nov. 26—(Thanksgiving)—Davidson at Charlotte.

It will be seen that the Wake Forest football team will play two games at home and two in Raleigh, A. and M. and the university eleven being played in the capital city.
