

GLYNN, DAVENPORT, WHITMAN WINNERS

New York, Sept. 29.—Up-state returns late last night swung James W. Wadsworth into the lead over William M. Calder, in the race for the republican nomination for United States senator.

Frederick M. Davenport defeated former Governor William Sulzer for the progressive gubernatorial nomination, late returns indicated.

Governor Glynn, District Attorney Whitman, and Ambassador Gerard continued to add to their pluralities up-state for the democratic and republican gubernatorial and democratic senatorial nominations, respectively. With a majority of almost 100,000 already established, it appears that Governor Glynn would finish probably 125,000 votes ahead. Whitman's plurality probably will be between 50,000 and 75,000, and Gerard's 75,000.

A persistent report is current that John H. Hennessy will make an independent race for governor despite his defeat by Governor Glynn. Hennessy has not committed himself on this rumor.

Washington, Sept. 29.—While President Wilson will take no part in the New York campaign, officially at the White House today said he would give every means of support, save speaking to Governor Glynn, democrat, nominated in yesterday's primaries. It was said at the White House the president had taken no part in the primary fight.

GERMANS CONTINUE TO SHELL MALINES

London, Sept. 29.—In a dispatch from Antwerp the Evening News correspondent says the shelling of Malines, Belgium, by the Germans continued throughout last night. Most of the streets are encumbered by the wreckage of burned buildings.

Cardinal Mercier left Malines at 6:30 yesterday evening. The few remaining inhabitants also left the city yesterday.

REED'S TACTICS HAVE FILIBUSTER ASPECTS

Washington, Sept. 29.—Senator Reed's fight on the Clayton anti-trust bill conference report took on the aspects of a filibuster today when he took up the attack again. Calls for a quorum and for absentees followed in quick succession. The Missouri senator charges the conferees with having "pulled the teeth of the bill."

THREE CLUES TO MURDER OF MISS VINNEY BECKER

Head Almost Severed From Body of the Young Girl Found Yesterday.

Akron, Ohio, Sept. 30.—Police followed three clues in their search for the murderer of Miss Vinney Becker, pretty 22 year old Akron girl, whose head was practically severed from her body here yesterday afternoon. A wooden weapon shaped like a tomahawk was used before her assailant used a hatchet. An unaddressed note reading, "didn't you recognize me last night," and another piece of scribbling on a piece of card board are all the evidence. Two arrests have already been made, but according to the police it is not likely the evidence will warrant holding either man, Miss Becker was interested in social work in Akron and was widely known and highly respected.

MINOR CHOSEN COLONEL, THIRD N. C. REGIMENT

(By W. T. Bost.)

Raleigh, Sept. 30.—Sidney W. Minor of Durham has been unanimously chosen colonel of the Third North Carolina regiment by the 49 officers who participated in the election, but no such unity marked the balloting for lieutenant-colonel in which three popular majors were entered.

Judge Whedbee has decided the test case involving the real estate clause of the inheritance tax act of 1905 in favor of the Tucker heirs of Raleigh, whose estate formed the first cause for litigation.

Attorney General West had ruled that the law was such between those periods as to exempt reality. The corporation commissioner did not think so and brought the action before Judge Whedbee in order to get it into the Supreme court at the fall sitting. Either side would have appealed and the commission will take it up when appeals from this district are presented, which will be next week.

The chief interest in this case is among tax raisers. The commission thinks that a favorable decision would allow \$100,000 collected from various estates over North Carolina.

A. F. D. RACING WAGON WAS SOLD MONDAY

Last Reminder of a "Horse" Department Goes to Greer, S. C.

One of the last reminders that the Asheville Fire department ever used horses, the light racing wagon which has been owned by the department for many years, was sold Monday to the department at Greer, S. C., and shipped Monday afternoon. There only remains now the names, "Frank" and "Jett", tacked over places where the stalls for two of the favorite horses of the department were quartered. To hear mute testimony of the fact that horses have been in the department. All other signs have been removed and the roar of the big motor trucks has taken the place of the neighing of the faithful old horses that served the department so well in the old days, when spectacular dashes down the streets of Asheville were thrills that called out the entire population to witness.

When asked yesterday where the names of the two horses last used at the department would be taken down, two freemen answered that they did not know and hoped that they would continue there for a long time, as a gentle reminder that the best friends the firemen ever had are gone.
