**BIG PARCEL POST EXHIBIT PREPARED**

Will Be Shown to Postmasters in Convention Here Next Week.

A parcel post exhibit of instructive value both to postmasters and the public will be the central feature of the convention of postmasters from North and South Carolina, Virginia, Maryland and Delaware which meets in Washington October 5, 6 and 7. Arrangements for the convention are practically complete.

Fifty examples of properly packed parcel post shipments, prepared under the direction of Otto Praeger, postmaster of Washington, will be placed on view. These will show the safest and best ways of packing farm produce for shipment to the cities by post.

It is to be impressed upon the attending postmasters that their authority to reject offered shipments of farm produce is an important one. They will be urged to refuse all offered shipments which are not properly packed. The postmaster also will be asked to take an active interest in pushing the service. It is the desire of Postmaster General Burleson that all branches of the postal service cooperate in going after business. All other subsequent conventions of postmasters are to be conducted along the same lines.

That postmasters generally, as well as the public, are taking keen interest in the work of developing the parcel post is shown by the scores of reports being received by the postmaster general from county and state fairs throughout the country where parcel post exhibits were installed. No less than forty photographs of such exhibits have been sent to the postmaster general. The photographs make it clear that the postmasters, who prepared and installed the exhibits at their own expense, are energetically laboring to make the service a success.

The convention of postmasters from North and South Carolina, Virginia, Maryland and Delaware will meet in the auditorium of the National Museum and will be welcomed by Commissioner Newman. The sessions of October 5, which is to be open to the general public. These two sessions will be of special interest to the housekeepers of Washington and especially those who are interested in the project of direct marketing with the producers by means of the parcel post.

**UNIQUE GOLF ITEMS.**  
 Unique golf items come from foreign lands from time to time, one of the latest being an account of a Chinese course now being laid out in a large cemetery. The rather gruesome links are located near Tientsin and as the Chinese bury the dead just below the surface of the ground and then mound up the earth to a considerable height the course has been aptly termed one of "A Thousand Bunkers." Special ground rules prevail including one which permits a player to lift his ball from a freshly dug grave. The Chinese caddies receive five cents per round of 18 holes.

**LOCAL MEN TO GO TO JACKSONVILLE SHOOT**

Members of Local Companies Selected—Increase in Enlistment.

Captain C. I. Eard and Second Lieutenant J. H. Koon of company K, first regiment North Carolina National guard, have been selected by Adjutant General L. W. Young to be members of the team of fifteen men that will represent North Carolina at the divisional rifle shoot to be held at Jacksonville October 16 to 22. The local officers were members of the 1913 team that attended the national shoot at Perry, O., six of whom were from North Carolina. All of the six will go to Jacksonville next month.

Sergeant J. C. Duncan and Private J. W., Kesterson of company F will go to Raleigh on October 13 and 14 for the preliminary shoot to be held on the rifle range of company B on those two days. If they qualify they will represent local company F at the Jacksonville shoot.

The local members of the national guard are practicing each afternoon now and have been for several days at the rifle range near Grace and it is believed that all will be able to accompany the state team to Florida.

Orders have been received by local officers from Adjutant General Young to recruit their organizations in accordance with the ruling of the minimum strength of the cavalry and infantry from 58 to 63 men. These orders have already been complied with in Asheville and the companies have recruited the additional men. An officer stated today that it was an easy matter to get the needed men, that several more than the required number applied for membership in the companies.

This will increase the enlisted strength of the guard about 300 men. The present strength is 2,381.

On November 1 all companies commence their armory drill and during the winter months all companies will be required to fire the indoor target practice. This correspondence course for commissioned officers and non-commissioned officers conducted by Captains Langston and Sharp, will begin November 1. This course covers infantry drill regulations, applied tactics, military correspondence, administration, map reading, and so on.

The adjutant general's department is preparing a requisition on the war department for equipment sufficient to supply all organizations of the militia as prescribed by the federal militia laws. The new equipment will include overcoats and other apparel to equip the guard in every particular.

"The Man on the Box" at the Galax Theater Today.  
 "The Man on the Box," is being shown at the Galax theater today, with Max Figman and Leotta Robertson in the leading roles. The production is a vivid and convincing military drama in five reels. The story in brief is as follows:

Lieutenant Bob Warburton a fancy-free, adventurous spirit, is wounded during an encounter with the Indians and taken to the home of Col. Annesley for medical treatment.

Recovering, Bob finds that his service in the army has expired and he says he is flat broke. However, he is rich in romance and becomes fascinated by the colonel's daughter, Betty. Betty, not knowing who Bob is, offers him a position as coachman, which he accepts. Many and varied are Bob's experiences as "The Man on the Box" of the Annesley coach.

Becoming implicated in a plot to defraud the United States government of important plans, he thwarts the attempts of a Russian count and saves important plans.  
 Betty, while visiting Bob's stater, who is a dear friend, learns from Bob's photograph who he is, but all

while visiting in Nice he falls in love with his cousin-wife, not knowing her identity. She also falls in love with him. But this happy reunion is interrupted by a misunderstanding at which time they lose the fortune because they are not consistent with the terms of the will. This calamity brings them together again and they are favored with a surprise, when a supposedly worthless invention of the young man's proves valuable to the extent of \$50,000.

Paris, Sept. 29.—It is reported that French forces in equatorial Africa have re-occupied the greater part of the Congo territory ceded to Germany by the treaty of 1911 says the Bordeaux correspondent of the Havas agency.

 "An American Citizen" at the Galax Theater Tomorrow.

"An American Citizen" will be shown at the Galax theater tomorrow, with the distinguished dramatic favorite, John Barrymore, in the leading role. The story is of a made-to-order marriage, a sudden change of nationality and a million complications beginning with a laugh and ending with another. A young American is left a fortune by an English uncle on the condition that he give up his American citizenship and become an Englishman. The uncle at the same time disinherits his daughter because of a former romance. The two young people meet and for the interest of both and the fortune, they agree to marry and then leave each other. They separate after the marriage, and later

**IF BACK HURTS USE SALTS FOR KIDNEYS**

**Eat Less Meat if Kidneys Feel Like Lead or Bladder Bother.**  
 Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
