"Peace on Earth, Good Will Toward Men"

Prevails—No Longer

Present barbarities make such quotations seem hypocritical with half the world murdering each other by the thousands.

And About Two-Thirds of Our Professions ARE Hypocritical

We try to choke our religious beliefs down the other fellow's throat. We question the honesty of most every one who does not vote as we do, and lots of us sincerely believe our friendly neighbors are scoundrels because they differ with us in our opinions and petty prejudices.

But-But-But bring in the dollar. Then the Proposition Changes. "Where A Man's Treasure Is, There Is His Heart Also."

Pay a man good dividends on his investments and he doesn't ask many questions. There Is The Fault. The whole policy is wrong and if you do not put your dealings on a different basis you will not win out in the long run.

"Honesty Is The Best Policy." Share your profits with the people who put up the money and you will never go bankrupt—

So Far So Good! We have gotten your attention; that is what we have bought this advertising space for.—Now we want you to look into the details of our business. We want you to investigate and find out that we are taking no chances. We don't lend without security and we don't take the judgment of honest fools,—neither are we tricked by the promises of professional promoters. Where there is real

value we lend money on long time first mortgages at reasonable rates and collect a small percentage of our loans every week—our stock does not change values every few days as does that of railways, telegraph companies and even as food prices do. Both to the investor and borrower our stock stays stable and does not go up and down. We are not affected even when the New York stock exchange closes.

If you are serious minded we want you to come in with us—build a home—educate your children, save money.

We are doing more to help the sensible thrifty individual than you have an idea of unless you are one of those said, honest, thrifty individuals. We turn our money over fifty-two times a year—every week. It's like rolling snow balls, gather as they go. As an investment we pay 6 per cent and the taxes are free. When you borrow your money costs you in dollars and cents less than 4 per cent.

Look into the proposition and you will see there is no trick about it. We ask no favors—we grant no gratuities, we give away no premiums, but we do make good money and give you your part of it. Already we have sold over eleven hundred shares in this series. We have outgrown any Association in the State for our years and do not know one that has done better than ours anywhere.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache, or diarrhea. Listen, Mothers! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.
Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.
Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company," Refuse any other brand with counterfeit.

BILTMORE BRIDGE POSSIBILITY AGAIN

County Commissioners Decided This Morning to Consider Bids on Proposition.
The matter of building the Biltmore bridge was again taken up by the board of county commissioners, in monthly session yesterday occupied almost the entire morning session of the board. A resolution, introduced and carried by unanimous vote, once more makes the matter of building the bridge a reality and bids for the construction of a bridge to cost not more than \$13,000 will be asked for by the board at an early date.
After much discussion which lasted for several hours the following resolution, prepared by Engineer Charles E. Waddell, was submitted by Commissioner R. F. Buckner and seconded

by J. C. Cowan, every member of the board voting to carry it: "That the Biltmore estate and the Asheville Power and Light company agree to contribute each \$3500 toward the cost; that the contract be let for the building of the bridge at a figure not to exceed \$12,350, for the complete structure, including the removal of the old iron bridge, but not its dismantling; that the Biltmore estate lend Buncombe county \$6000 at the rate of 6 per cent interest, for term of 12 months, said sum to apply on the 1915 taxes; that the failure to effect anyone of the foregoing stipulations renders the resolution void."
Manager C. D. Beadle of the Biltmore estate was communicated with over the telephone by a member of the board and he stated that the matter of advancing the \$6000 to the county would at once be taken up with the New York office, but it is understood that there will be no objection to the loan.
Several bids are already in the hands of the commissioners, although only one of the bidders, Peter Kernan, was present this morning. It is not known whether or not the board will ask for new bids before the adjournment of the present session, or call an extra session for the purpose.
Barring some unforeseen difficulty, it seems assured now that the bridge will be built. The details of the handsome structure that is proposed to be built have been given in The Gazette-News.

J. J. BRITT IS TO ANSWER THIS WEEK

Congressman Gudger's Challenge for Joint Campaign Extended Personally.
Congressman James M. Gudger, Jr., who was in the city yesterday en route to Hendersonville, where he spoke this afternoon, stated that his challenge to J. J. Britt for a joint campaign of the Tenth district has been delivered to Mr. Britt personally by his manager, J. Scoop Styles, and that Mr. Britt has promised to give an answer as to whether or not he will accept the challenge by the middle of this week.
It was stated in The Gazette-News Saturday that Congressman Gudger had challenged Mr. Britt for such a campaign, but both Mr. Britt and those of the republican-progressive headquarters stated that it had not been received. Since that time, however, the challenge has been presented to Mr. Britt personally, and his answer will be awaited with interest throughout the district.
