

R. GUDGER HAS TAKEN THE COUNT

Asheville Magistrate Yields to Importunings of Court and Resigns.

R. Gudger, Justice of the peace, tendered his resignation to Judge E. C. Cline in Superior court at noon today and it was accepted by Marcus W. Cline, clerk of the court.

On passing upon the resignation, Judge Cline made an order in which he stated that the cause would not be prosecuted for a term of one year in condition that Mr. Gudger shall during that term, appear in any case under the influence of liquor; that he abstain from the use of intoxicating liquors. It was further ordered by the court that the solicitor, at any time within the 12 months of the case up for trial if the conditions are not complied with. If the conditions are complied with, then the solicitor was instructed to take a note with leave in the case against Gudger.

The court reserved the right to vacate the case in the discretion of the solicitor. The court stated that order was made in order to protect defendant from any other prosecution of the charges against him. This is considered the final chapter in a case that has attracted much interest in Asheville. Last July, upon instructions from Judge Cline, the grand jury returned a true bill against Mr. Gudger charging him with malfeasance in office by appearing in an intoxicated condition while attempting to hold court. At that time Judge Cline demanded his resignation, along with several other officers who were indicted by the grand jury, but Mr. Gudger did not resign, stating to the court in a letter that he would abstain from drinking. Several days ago, appearing as a witness in a case under the present term of court, Judge Cline stated that Mr. Gudger was drunk while in the court room and he ordered to resign by Saturday morning of this week or be sent to jail in contempt of court.

Both games played at the Y. M. C. A. last night by class A teams in the basketball league were one-sided and interest was not as great in them as is usually taken. In the first game, the Stars defeated Porter 17 to 9, and in the second game Cline defeated Jordan 17 to 5.

J. M. Campbell yesterday afternoon filed suit in Superior court against the city of Asheville, in which he seeks to recover the sum of \$1,500 for alleged injury done his property on Hill street by the grading done by the forces employed by the city.

Salary Deduction. Washington, Dec. 4.—The income tax law caused the deduction of a total of \$16,000 from the salaries of representatives in congress for the current year. The deductions were made in the checks issued by the sergeant at arms to the personnel of the house. The money will be turned back into the treasury.

fore the approach of the hostile war craft. Austrian aeroplanes are present, however, and their activity, it is said, is making the embarkation of the soldiers from the transport very unsafe.

Prisoners Total 33,000.

Berlin, (via wireless to Sayville), Dec. 4.—Among the items of news given out by the official German press bureau in Berlin today was the following: "The Russian military newspaper, Russky Invalids, states that the number of Russian officers killed, wounded and taken prisoners since the beginning of the war totals 33,000.

Leaves Front. Petrograd, Dec. 4.—Emperor Nicholas yesterday left the front, returning to various towns in Central and Southern Russia to visit wounded in the hospitals.

Visit Troops. Berlin, Dec. 4.—(Via The Hague and London)—Emperor William yesterday visited a part of the Austrian and German troops fighting in the region of Czenstochowa.

Russians Take Fortresses. London, Dec. 4.—A Petrograd dispatch to the Morning Post says: "The news that Russian troops have taken Wieliczka, three miles from the outer fortifications of Cracow, seems to indicate there is something wrong with the defenses of that fortress, as Wieliczka should be well within the range of the minor armaments of a first class fort.

"Forty prisoners among others taken by the Cossacks at Czenstochowa were found to be women in soldiers uniforms."

Russian Statement. Petrograd, Dec. 4.—The following official statement was issued last night from general headquarters: "Fighting continues in certain districts along the front in the region of Lovicz. Important forces of the enemy, chiefly troops transported in November from the German west front, opened an offensive December 2 in the region of Lioutomerek and Sezerow.

"On the rest of the front on the left bank of the Vistula, there is no particular modification in the situation.

"Beyond the Carpathians our troops have taken Bartfeld, capturing eight officers, 1,200 men and six machine guns."

French Claims. Paris, Dec. 4.—The following official communication was issued by the war office last night: "The only interesting news relates to our right wing and to the day of December 2. On the right bank of the river Moselle we have occupied Lesmenils and the Signal of Non.

"In the Vosges our troops have captured the Tete de Faux, south of the village Bonhomme, which dominates the range of hills forming the frontier and has served as an observation post for the Germans.

"In Alsace the situation of Burnhaupt has been occupied and we have established ourselves on a line comprising Aspach, the bridge of Aspach and Burnhaupt."

German Claims. Berlin, Dec. 4.—The following information has been given out by the official news bureau: "Unofficial advices from Alsace say fighting is progressing actively in this minor war theater. A heavy cannonading is going on in Sundgau. The Germans are advancing against Belfort.

"The Austrians report officially a repulse to the besiegers of Przemysl, Galicia. The garrison made a sortie against the Russians and drove them back from the outer fortifications.

"Fighting continues in the Carpathian passes.

"Although no news is being received concerning operations along Lovicz, Russian Poland, it is assumed German attempts to flank the Russian right wing are continuing. The great value of such a move would consist in forcing the Russians southward away from the route toward Warsaw and into the rear of the Russian main army. Much depends on the progress made by the Germans and Austrians on the front and on the enemy's left. So far they have maintained their positions and repulsed all attacks, but whether they have advanced is not known. The Russian loss the last few days of 100,000 captives and many guns is considered by local critics as bound to weaken them seriously."

Condon Dies. Philadelphia, Dec. 4.—Morris G. Condon, president of a manufacturing concern, who was shot in a hotel room here last week by a man who tried to rob him, died last night. He was about 50 years old. The identity of Condon's assailant, who committed suicide, has not been established.

To Abandon Games. London, Dec. 4.—Delegates of the English, Scottish, Welsh and Irish professional football associations at a meeting in London decided to recommend to their respective associations that international football matches this season be abandoned.

Shultz Chozen. Lexington, Va., Dec. 4.—Edward B. Shultz of Logansport, Ind., who has played left tackle on the Washington and Lee football eleven for three years, has been elected captain of the team for next season.

Presents Credentials. Washington, Dec. 4.—Romulo S. Nao, for three years minister to the United States from Argentina, has presented his credentials to President Wilson as the first ambassador from his country.

Nuts For the Table. A point to remember when serving nuts is that they are of firm texture and of highly concentrated food value, and consequently are more digestible when put through the grinder before being added to other food.

It is also well to know the kinds of nuts that should be used to get certain results.

Peanuts, pennuts, English walnuts, hazelnuts, filberts, hickory nuts, pine nuts, pistachos and almonds are the nuts builders. Butternuts, Brazil nuts, black walnuts and coconuts—the oily nuts—are quick heat and energy producers.

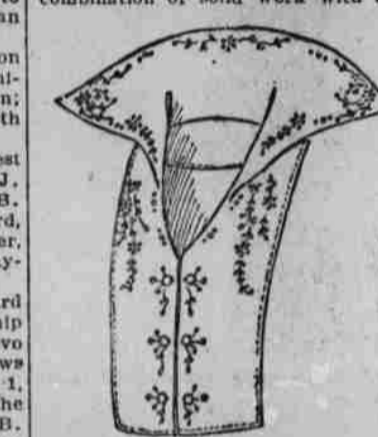

Chestnuts and chinquapins rank as cereals and breadstuffs. They may take the place of rice or potatoes. Being starchy, they must be cooked to be suitable for the table.

Peanuts, we all know, are nuts only by courtesy. Like pine nuts and almonds, they contain a good supply of all the food elements. The high price of almonds makes them a luxury almost beyond the reach of a moderate purse.

lets. To obtain the effect illustrated let the front edges of the chemisette meet, work buttonholes in each side and close with links. Make solid embroidery by first darning backward and forward over the stamped dots, and then cover closely with over and over stitches, working in the opposite direction from the padding. To make the leaves and petals of the daisies as eyelets run a thread around the outline, then cut a slight slit lengthwise, then crosswise and work closely over and over.

This May Manton design is for embroidering a chemisette with a flaring collar. Send 10 cents to this office, giving No. 84, and it will be promptly forwarded to you by mail. If in haste send an additional two cent stamp for letter postage. When ordering use coupon.

"What did you do with the \$5 I gave you last week?" asked the man who had promised to love, honor and pay the freight.
