

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" Is the
Only Real Stomach Reg-
ulator Known.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

DEFENDANTS HELD FOR FEDERAL COURT TRIAL

John and Joe Forster, John Williams and Joe McCurry, alleged moonshiners, captured in Polk county last week, were given a hearing yesterday afternoon before United States Commissioner R. S. McCall. The defendants were held for trial in the Federal court.

ed for, Emerson? Bright Pupil—Maga-
pie articles.—Pick.

HATCH AND PROPER CARE OF THE CHICKS

Selection of Pullets for Breed-
ing Should Be Made from
Early Hatches.

Special to The Gazette-News.
Raleigh, Feb. 16.—B. F. Kaupp, head of poultry investigation and pathology of the North Carolina agricul-
tural experiment station, in his month-
ly circular, No. 2, gives valuable hints
to poultry raisers. The circular says:
The larger breeds, as the Rocks,
Wyandottes or Orpingtons, should be
hatched in February or March, prop-
erly cared for and fed so as to reach
full development and have proper
weight by fall. Selection of pullets for
breeding should be made from these
early hatches. Strength and vigor
must be kept in mind in making these
selections.

The lighter breeds, as the Leghorns,
may be hatched about the first of
April. Pullets hatched at this time
will begin to lay in the fall and will
probably not moult until the following
fall, thus saving the loss incurred by
two earlier begin laying in the early
fall, then begin to moult, which
causes them to stop laying for a while.
The following ration is used in chick
feeding this year at the North Caro-
lina agricultural experiment station:
The baby chicks for the first five
days are fed a mixture of

- Rolls oats 8 parts
- Bread crumbs or cracked waste 8 parts
- Sifted beef scrap 2 parts
- Bone meal 1 part
- This mixture is mixed with sour
skimmed milk and fed five times a
day. Shredded green food, fine grit
and charcoal is scattered over the
food.
- From five to 15 days the following
mixture is given:
- Cracked wheat 3 parts
- Cracked corn (fine) 2 parts
- Pinhead oatmeal 1 part
- Scattered in light litter morning
and evening.
- The following mixture with sour
milk is given three times a day in ad-
dition to the above. At the end of 15

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg
Brest Tea, or as the German folks
call it, "Hamburger Brust Thee," at any
pharmacy. Take a tablespoonful of the
tea, put a cup of boiling water upon
it, pour through a sieve and drink a
teacup full at any time during the
day or before retiring. It is the most
effective way to break a cold and cure
grip, as it opens the pores of the skin,
relieving congestion. Also loosens the
bowels, thus breaking up a cold.
Try it the next time you suffer from
a cold or the grip. It is inexpensive
and entirely vegetable, therefore safe
and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles
with a small trial bottle of
old St. Jacobs Oil

Stop "dosing" Rheumatism.
It's pain only; not one case in fifty
requires internal treatment. Rub sooth-
ing, penetrating "St. Jacobs Oil" right
on the "tender spot," and by the time
you say Jack Robinson—out comes the
rheumatic pain. "St. Jacobs Oil" is
a harmless rheumatism cure which never
disappoints and doesn't burn the skin. It
takes pain, soreness and stiffness from
aching joints, muscles and bones; stop-
sciacia, lumbago, backache, neuralgia.
Limber up! Get a 25 cent bottle
of old-time, honest "St. Jacobs Oil"
from any drug store, and in a moment
you'll be free from pains, aches and
stiffness. Don't suffer! Rub rheuma-
tism away.

- days it is fed only twice a day:
- Wheat bran 3 parts
 - Cornmeal 3 parts
 - Wheat middlings 3 parts
 - Beef scrap 3 parts
 - Bone meal 1 part
 - After the chicks are 30 days old
give moist mash once a day, and keep
same mash dry in dry mash hoppers
before them at all times; and give the
following in litter morning and even-
ing:
 - Whole wheat 3 parts
 - Cracked corn 2 parts
 - Hulled oats 1 part

At unheard-of prices.
Buy now for spring.
See Display.

After the chicks are six weeks old
continue dry mash as above and give
the whole wheat and cracked corn
equal parts in hopper.

Chicks should be provided with
green pasture made by spading up
their run and sowing it down in oats
or rape. Clean water should be kept
before them at all times. The pans
must be thoroughly washed each day.
Avoid damp foul ground and if brood-
ing is done by the hen keep her con-
fined till chicks are weaned and re-
move to clean fresh ground once a
week. Disinfect with a 5 per cent
carbolic acid solution or other equally
good disinfectant all feeding utensils
and brooder or brood coop frequently.
Considerable time and money have
been spent in introducing new blood
into the poultry flocks of the North
Carolina agricultural experiment sta-
tion. The best blood lines obtainable

of the different varieties that are being
bred mentioned below: S. C. Rhode
Island Red, S. C. White Leghorn,
Barrd Plymouth Rock, Buff Orpington,
Columbian Wyandotte, Partridge
Plymouth Rock, Silver Pencilled Wy-
andotte, Houdan, Dark Cornish, Silver,
Spangled Hamburg, Golden Wyand-
otte, White-faced Black Spanish,
White Plymouth Rock, Silver Cam-
pino, Buff Plymouth Rock, Black Co-
chin Bantam, Bronze turkeys, White
Chinese geese, Pekin ducks.
These will be used in college and
station experimental work.

BORAH AND MANN IN RACE FOR G. O. P. NOMINATION.

Congressman Mann, republican
leader of the house, and Senator Bor-
ah of Idaho, are being put forth by
their colleagues as the candidates for
the republican nomination for presi-
dent in 1916. Both men are immense-
ly popular in congress and it is gen-
erally believed that either one or the
other will be selected to head the
republican ticket at the next presiden-
tial election.

Isn't It True?
Mrs. Baker—George is going off to
get strong. I think he ought to stay a
fortnight, but he says no, only half
that time. Friend—You're right, of
course. Seven days only make one
week.—Lippincott's.
