**REGULAR BOTTLE, 25 CTS.**

Dr. Bull's Cough Syrup contains no morphine or chloroform. It is safest and best.

## "OPEN HOUSE" MEETING FOR BOYS AT Y. M. C. A.

Elaborate Program Has Been Arranged for Meeting Next Friday Night.

Extensive preparations are being completed to make the boys' meeting Friday night at the Y. M. C. A. the biggest thing of the kind that has ever happened in Asheville. Everybody in the city whether an association member or not is earnestly requested to be present at the meeting Friday night. It is assumed that there will be many items on the program that will hold the interest of the boys who attend the meeting. The most important thing to be done will be to launch the boys' membership campaign for the coming summer. A list of prospective members will be given out, also a list of the subscriptions that are nearly expired. The prizes set Corbett of the Mountaineers will on exhibition and will doubtless draw a great deal of admiration. The contracts for the coming season in the various leagues of the association will be on hand awaiting the signatures of the boys who wish to join the leagues and the majority of the contracts will be signed at this meeting. Manager Jack Corbett of the Mountaineers will appear on the program and give the boys a heart to heart talk on "Just Baseball: This and That." Dr. C. M. Ranestraw will also give several readings and the male quartet of the association will sing.

The most elaborate program let attempted by the association has been arranged for this meeting and everything that can be done for the entertainment of the boys will have a place in the doings of the evening. It is hoped that every boy in this city will be present and take an active part in the jubilee.

## WOMAN TOOK POISON ENOUGH TO KILL SIX

Guest at Greensboro Hotel Swallowed Glass of Water Containing Bichloride.

Special to The Gazette-News.

Greensboro, March 10.—A young woman, who gives her name as Katherine Batchelor, and who is said to be from Danville, took bichloride of mercury in her room at the European hotel about one o'clock yesterday morning, and is still very sick, although the attending physician hopes now that her life can be saved. "She had quarrelled with one of her friends," was the only explanation that could be advanced.

She had been at the hotel since last Friday, and Monday evening appeared to be in perfect health and so far as casual observers could tell, free from worry. A little after one o'clock she telephoned to the night clerk to come to her room: when he arrived he found her in agony from the effects of the drug, which she had taken some ten minutes before. She had dissolved two ordinary anti-septic tablets in a glass of water, which she drank. Each tablet contained 7 1/2 or 7 3/4 grains of poison. One tablet is more than enough to inflict certain death, and the glass of water was strong enough to have killed half a dozen men.

## ALLIED FLEETS MAKE PROGRESS

(Continued from Page 1.)

of several villages in which the Turkish troops were quartered.

Information has reached here from the south that a large number of Armenians who remained at Urumiah, had been placed under the protection of the American consular office. There is a consulate at Tabriz. Two thousand Armenians are locked in a church at Urumiah for safety. They were ill-supplied with food and many have died of starvation and disease.

Geneva, March 10.—The Tribuna says it learns from Vienna that several Italian warships have sailed, probably bound for the Dardanelles.

Come Ashore on Ice.

St. John, New Foundland, March 10.—Eleven men of the sealing steamer "The" who were caught on the ice of the Bay Bulls, 15 miles south of here, came ashore on the ice today. The men had about 125 men.

## ROAD SUPERVISORS MEET NEXT WEEK

Important Matters to Be Taken up at Next Wednesday's Meeting.

A meeting of all the newly appointed road supervisors in Buncombe county has been called for next Wednesday, March 17, at 10 o'clock in the commissioner's room at the county court house. The call is made by the board of county commissioners and notices have been mailed to each of the supervisors in the county. The board on last Friday afternoon appointed new supervisors for the county roads.

It is stated that the purpose of the meeting is to give instruction upon the maintenance and construction of roads in the county and to decide on the best methods for each of the supervisors to do the best work in his individual section. The discussion of the law relative to the highways of Buncombe county will be an interesting feature of the meeting and an effort to systematize the road department of the county as well as all other departments of the county will be made.

There are 45 county road supervisors, who were appointed last Friday afternoon by the members of the board of county commissioners, and the majority of these men are now having had very little experience as superintendents of roads, it is believed that the meeting here next Wednesday will be of great benefit to them.

This meeting of the newly appointed supervisors follows the resolutions passed by the board last week, regulating the working of the county roads, when it was decided that the roads should be worked only in March and April, September and November, unless washouts caused bad places, which will be repaired on special orders from the board.

## TRAVELING SALESMAN TRIED FOR LARCENY

Held for Superior Court Under \$200 Bond—Another Case Continued.

H. S. Walsh, a traveling salesman visiting this city, found himself in a peck of trouble this morning when he was arrested in Police court, facing two charges of larceny. In the first case, he was charged with the theft of a raincoat and a razor from Rex Brown and probable cause was found he was placed under a \$200 bond for Superior court. In the second case, he was charged with larceny of a local hotel and the case was continued until March 20.

Through friends in the city, the accused managed to raise bond in the first case and was released from custody. From the evidence in the case, it developed that the prisoner was intoxicated at the time that the alleged theft occurred, and that he was almost wholly ignorant of the happenings. He is said to be employed by a very prominent firm.

## CAMPAIGN WORKERS ON EACH SIDE ARE BUSY

There was a well attended meeting of the supporters of commission government last night at the offices in the Electrical building. Representatives from all the precincts as well as those not officially connected with the movement were present.

A visitor at the headquarters of either opponents or proponents of the proposed charter will find scenes of great activity. At one table he will see a group of men studying maps of the city, and making diagrams of certain localities; while others are studiously reading over long lists of names. Those interested in maps are not army men, but they probably know the city of Asheville as thoroughly as the German officers with their pocket maps knew the towns of Belgium or northern France. And while those giving their time to municipal nomenclature are not connected with the census bureau, they can tell more about a man's history, his temperament and habits of thought, than any census taker ever found out.

Both sides are working industriously, and each expresses confidence in the other's defeat at the polls.

## CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 241A Maryland avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

## U. S. COURT ADJOURNS AFTER WEEK'S SESSION

Gilbert-Hopkins Case Continued—No Decision, Wilson vs. Waldo.

The United States court for the western district, which has been in session here since last Thursday, took final adjournment this morning, and Judge Boyd leaves this afternoon for his home in Greensboro. The Gilbert-Hopkins case, postponed from yesterday at the request of the attorneys interested, was called for trial at this morning's session; but the lawyers engaged again asked the court for a postponement. After some discussion, Judge Boyd agreed to continue the case, setting May 10 as the day for trial.

The court did not announce a decision in the case of Wilson against Waldo involving the question of jurisdiction, which was argued before the court on Monday, Judge Boyd taking the papers with him for further consideration of this case.

Following the denial yesterday of the defendant's motion for an extension of time to 20 years in which to remove certain trees from the lands of C. H. Rexford, plaintiff, Judge J. H. Merrimon, counsel for the Brunswick-Balke-Coller company, announced that an appeal would be taken to the Circuit Court of Appeals.

Garland A. Thomason, special master in this case, asked the court to allow him \$700 additional for services rendered. The court ordered that the plaintiff appear March 31 to show cause why the special master's claim should not be allowed.

## POSTOFFICE ROBBERS CAUGHT AT ROCKY MT.

Special to The Gazette-News.

Rocky Mount, March 10.—Arrested because he displayed an unusually large amount of money for a negro boy not 14 years old, Chief of Police Hedgepeth detained Will Hollowell, pending investigation, and it now develops that his confession has landed in the toils three negroes, who with him, robbed the postoffice at West Durham last week, while additional information it is expected will divulge the whereabouts of many hundreds of stamps. He gave the police information and descriptions of Nat Thornton, Arthur Haywood and James Rouse, alias Jesse Turner alias James Robertson, and described certain property taken from the West Durham postoffice that would be found on their person when arrested.

Armed with the description the police went in quest of the three negroes and found them just where the negro told them. And just as he said, there was found on the person of one of them postoffice pass keys for mail pouches, rural mail boxes and city mail boxes.

## GEORGE S. WARD, VICE PRESIDENT OF BROOKLYN, BELIEVES CLUB WILL BEAT DODGERS' SEASON.

Brooklyn, N. Y., March 10.—George S. Ward, vice president of the Brooklyn Federal League team, believes his club will out draw Charles Ebbett's Dodgers during the coming season. Last year the Brookfeds did not draw well at the beginning, 150 persons contemplated a good sized crowd, but later the fans evinced more interest and on several occasions old Washington Park held more people than did the new Ebbett Field, when both teams were playing in Brooklyn.

## ANOTHER CONTRACTOR IS AWARDED THE JOB

Royster and Elam of Shelby Will Build the Shelby to Casar Railroad.

Special to The Gazette-News.

Shelby, March 10.—W. T. Clement and L. J. Hawley, who were awarded the contract 30 days ago to build the railroad from Shelby to Casar, a distance of 21 miles, failed to put up their bond of \$10,000 at the expiration of the 30 days in which they were allowed by the county commissioners, so a resolution was passed by the board giving S. S. Royster and O. Elam, of this place, 30 days in which to put up a bond of \$10,000 to carry out the same contract which was signed with Hawley and Clement. The proposition is that the builders construct and equip a steam road according to standard specifications and as soon as the \$10,000 bond is given to show good faith, the \$80,000 in bonds voted by the Belwood-Palston and Casar districts are to be issued, placed in the hands of a trustee and turned over to the builders along with the \$40,000 in bonds voted by the county when the road is in operation. Mr. Hawley wrote that the death of the wife of the man who had agreed to finance the proposition made it impossible for him to make his arrangements and put up the bond in the specified time.

## THE WHITE WAY WEEK BOOSTERS ARE READY

High Pointers Will Leave Friday to Visit Thomasville, Lexington, Denton.

Special to The Gazette-News.

High Point, March 10.—The boosters of the High Point great white way week are getting things in shape to start early Friday morning to visit Thomasville, Lexington, and Denton. There will be perhaps 25 automobiles in line and will be filled with the merchants of the city who are members of the association. Mr. Wood and Mr. Thacker are working hard for the success of the occasion which will undoubtedly be a great success. Machines will start from the Elwood hotel.

Dr. J. D. Mann, whose brother was

murdered in Durham last night, left here this morning for Durham. The news to Dr. Mann was a great shock.

The Elks have issued a paper in the interest of the minstrel show to be "pulled off" soon and is considered a success. It contains humorous writeups of the members who are to take part as well as carrying the program for the three shows.

## ADDITIONAL SOCIETY.

At the "danzante" at Grove Park Inn yesterday afternoon a most enjoyable time was spent, there being a large attendance. Mr. and Mrs. Fred Spay had many of their friends, among whom were: Mr. and Mrs. John Kendrick Bangs, Consul General and Mrs. Vande Sante-Bakhuyzen of The Hague, Miss Florence Flynn of Washington, and Mr. Woodruff. Mrs. McLaughlin entertained Mr. and Mrs. Harrison of Cambridge, Mass., Miss Beecher, Brooklyn, Miss Dorothy Gigelow of New York, Miss Wadsworth of Detroit, Miss Vincent, Miss Van Hook, Mr. Melville, Mr. Lochlin, Mr. Snow and W. R. Campbell.

Among the arrivals at Grove Park Inn yesterday were: Mr. and Mrs. Homer Clarke who have been in Florida all winter, and come directly from there. Mr. and Mrs. John W. Bear and Miss Bear of California, George H. Hill of Philadelphia and W. P. Murray of Toronto.

## Bon Marche Opening.

The spring opening yesterday at the Bon Marche was one of the prettiest seen recently in Asheville. The first things one noted, as one entered were the entirely new artificial decorations of the display windows, which were very real looking indeed. Then as one got inside, the effect was even prettier as real flowers and great palms were used as decorations. As each lady entered the millinery department she was presented with a garnation. The new hats were the special feature of the opening, as also were the dainty muslins, and bright spring parasols.

C. A. Gorrell, representing the Woodland Lumber company of Brooklyn, is registered at the Langren hotel.

J. S. Hitchcock, head of the lumber department of the National Casket company, is in the city, a guest at the Langren hotel.

Mrs. Lytle, Miss Dorothy Lytle and Dr. and Mrs. A. W. Calloway returned today from a trip to Porto Rico.

The sewing circle of the G. I. A. of the B. of L. E. will meet tomorrow afternoon at the home of Mrs. John Bishop on Bartlett street.
