SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old Time Recipe That Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

CLEAN-UP WEEK WILL BE WEEK OF APRIL 20

Civic Betterment League Will Co-operate With City in Observing the Week.

The executive committee of the Civic Betterment League met yesterday at the Henneretta on Biltmore avenue and discussed many matters of importance which will be given further hearings at the regular monthly meeting of the association which will be held next Wednesday afternoon.

Definite plans for the spring clean-up days will be announced after the meeting of the organization next Wednesday afternoon. The city authorities, it is announced will set aside the week of April 20 to 25 for a clean-up week and the betterment league will co-operate with the city authorities in conducting the days devoted to sanitation.

AGED MAN SUGGUMBS TO HEART TROUBLE

The body of E. C. Cartzendorf, aged 78 years, who died Tuesday night, will be held at the undertaking establishment of Hare and company on Biltmore avenue, pending the arrival of a nephew, Joseph House from Taylorstown, Va., who will accompany the remains to the former home of the deceased at Frederic, Md.

Mr. Cartzendorf had resided in Asheville for the past eight years and while here made a great many friends by his kindly ways and retiring disposition. He had been in good health until a short time ago. However, his condition was not regarded as serious and his end that slight came quite unexpectedly. He retired last night shortly after 11 o'clock and his death occurred between that time and 7:30 o'clock yesterday when the body was discovered.

J. J. FARRISS SELLS HIS HIGH POINT ENTERPRISE

New Owners Will Install Additional Machinery for Publication of the Paper.

Special to The Gazette-News.
High Point, April 3.—The High Point Enterprise of this city changed hands Thursday, J. J. Farriss disposing of his newspaper property to W. A. Hildebrand, E. B. Jeffress, J. P. Rawley and A. L. Stockton.

The new owners of the paper have placed an order for another linotype typesetting machine together with new material and other supplies for the publication of a modern afternoon newspaper. The new equipment is expected to arrive early next week when the paper will be moved to its new home in the Mellichamp or Rankin building on North Main street, the building which was erected especially for newspaper purposes, having been leased for a term of years.

POSTOFFICE ROBBERY CASE IS HEARD HERE

Thomas Burns, Umbrella Fixer, Tried for Robbing Hillsboro and Elon Offices.

Special to The Gazette-News.
Greensboro, April 3.—Thomas Burns, a white man, was given a hearing Thursday before United States Commissioner David H. Collins on the charge of robbing the postoffice at Hillsboro and Elon college. He was arrested Wednesday night about 9:30 o'clock by Deputy Marshal Boger, upon a warrant issued by Postoffice Inspector Hodgkin, who has been working on the case for several days.

The evidence against Burns was of a circumstantial nature and he was released by Commissioner Collins following the hearing yesterday. Mr. Collins declaring the evidence to be insufficient to hold the man to federal court.

Burns is an umbrella fixer, is about 52 years of age, and stated at the hearing yesterday that he is a native of Lexington, Ky. He has been traveling through sections of North and South Carolina, lately, and was unfortunately for himself, in every town where a postoffice robbery has been committed lately either for a few days previous to the commission of the deed or immediately following it. He was in Raleigh for several days just prior to the robbery at Durham some time ago; then came to Hillsboro just before the postoffice safe there was cracked; then proceeded to Mebane, where an attempt was made almost immediately to rob the postoffice safe; then came to Elon College the day before the office was robbed at that place.

Melics of Old Persia.

Shuster, the old capital of Persia, is one of Iran's wonder cities. In the dawn of Persian civilization it took a leading part. On the bank of the only navigable river the country can boast the city gets its name from the famous ruler, Siapur, who built great irrigation dams and a noble bridge across the Kuron, now wrongly credited to the Emperor Valerian. Sixteen hundred years have left the great bridge, a quarter of a mile in length, with yawning gaps, but the water of the river runs today through the channels and tunnels made to fertilize a land that had not yet been overrun by the Arab barbarians who destroyed the culture of Persia.—London Mail.

Barley Water.

Barley water is a safe and cooling drink and is nutritious as well. Put into a pitcher one large tablespoonful of well washed pearl barley, pour over it two quarts of boiling water, cover and let stand until cold. Drain off the liquid, add one-half cupful of sugar and a little nutmeg. If liked the juice of a lemon is a pleasant addition.

Knew the Exact Amount.

De Fuque—If I could get some one to invest \$1,000 in that scheme of mine I could make some money. Dawson—How much could you make? De Fuque—Why, \$1,000.—Baltimore Sun.

Perhaps.

"Sir, I came down from a long line of ancestors."
"Indeed? Were many of them hanging on it?"—Exchange.

Try to do your duty and you at once know what is in you.—Goethe.

"One paper in the home is worth a thousand on the highway."

THE GAZETTE-NEWS

goes into the home. Its readers have confidence in it and in the advertising it prints, which is one reason why advertising in its columns brings ready results.

MRS. CARMEN TO BE TRIED AGAIN

District Attorney States That Freeport, N. Y., Woman Will Be Tried Again on May 10.

AT PREVIOUS TRIAL THE JURY DISAGREED

Counsel for Woman Says She Has Insisted on New Trial --Witness Is Now in the South.

Mineola, N. Y., April 3.—Mrs. Florence Conklin Carmen, wife of Dr. Edwin Carmen of Freeport, is to go on trial again charged with the murder of Mrs. Louise Bailey. District Attorney Smith of Nassau county has announced that the case would be called May 10.

At the previous trial the jury disagreed. The district attorney indicated that he had discovered important new evidence but he refused to discuss the details. He said that Celia Coleman, an important witness at the first trial had been constantly watched by detectives and could be produced at any time. She is believed to be in the south.

Frank Farrell, the tramp who testified to having seen a woman answering the description of Mrs. Carmen running away from the window through which Mrs. Bailey was shot has disappeared but all the other witnesses for the prosecution, the district attorney said, will be available.

George M. Levy, Mrs. Carmen's counsel, said:

BARON ROTHSCHILD WAS BURIED TODAY

Representatives of King George and Many Distinguished People Present.

London, April 2.—In accordance with the request of Baron Rothschild he was buried yesterday at Willesden in the Jewish cemetery. There was a brief private service at the residence in Piccadilly. Only the family and close friends were in attendance. Outside the house a crowd of perhaps 4,000 had gathered. The body was borne in a closed hearse and was followed by motors in which were the baron's two sons, Lionel Walter and Charles; his brother, Leopold; his son-in-law, Captain Clive Belmont; and his nephews, Evelyn and Anthony.

U. S. AWAITS AN OFFICIAL REPORT ON THRASHER'S DEATH

London, April 3.—While further reports from Ambassador Page and Consul General Skinner at London, concerning the death of Leon C. Thrasher, the American, in the sinking of the British steamer Salata by a German submarine, must be received before the Washington government can determine what course to pursue, state department officials let it be known yesterday there would be no delay in arriving at a decision when the official version of the incident was in hand.

GERMANY RELAXES ON THE USE OF WHEAT AND FLOUR

London, April 3.—Restriction on the use of wheat and flour in Germany has somewhat relaxed, according to a Reuters dispatch. The increasing consumption of rye bread resulted in the use of an undue proportion of this grain rather than wheat.

MURDERER BEGINS SENTENCE DAY AFTER KILLING FIANCEE

Saginaw, Mich., April 2.—Robert Smith was sentenced to life imprisonment today for the murder late yesterday of Mrs. Grace Steinhauer to whom he was to have been married last night. He was serving his sentence less than 24 hours after the murder was done.

CANDIDATES CONTINUE TO ENTER THE RACE

G. S. Powell, R. J. Sherrill, E. E. McDowell, L. E. Perry and C. H. Bartlett.

The political pot continues to bubble, with yesterday bubbles running clear over the top of the pot, for a large number of candidates were added to the contents of the pot yesterday hence the unusual bubbling.

George S. Powell, through the advertising columns of The Gazette-News, made the formal announcement of his candidacy for the office of mayor-commissioner. He is the second man to enter the race for the position, Mayor J. E. Rankin having entered several days ago, being the first candidate to formally enter the race for a nomination at the primary on April 26.

Mr. Powell is one of Asheville's best known citizens and has taken a prominent part in the business circles of Asheville for many years. He was for a long time secretary of the board of trade and since leaving that position has been engaged in the sale of real estate and timber lands. He took a prominent part in the fight for the commission plan of government for this city, having served on the committee of 21, selected to draw up the new commission plan charter.

The office of commissioner of public works seems to have been the one most sought yesterday, for three men, through the advertising columns of this paper, are making their announcements for the position. E. E. McDowell, R. J. Sherrill and L. E. Perry are now candidates for this office.

Mr. Sherrill was formerly connected with the old Asheville street railways, before the various lines were consolidated and has had considerable experience along lines similar to the work of commissioner of public works.

Mr. McDowell, a native of Asheville and a well known contractor and builder, is seeking the position of commissioner of public works. Mr. McDowell is well known to hosts of friends and acquaintances in the city who will be pleased to learn of his entrance in the race.

Mr. Perry is a well known railroad man having been connected with the Southern Railway company for many years. He is very popular with the railroad men who predict that he will make a strong race.

Announcement is also made by City Tax Collector C. H. Bartlett that he is a candidate for the office of commissioner of public safety. Mr. Bartlett has been identified with the city government for many years, at one time serving as captain on the police force and is thoroughly familiar with the work.

WORD RECEIVED FROM OREGON

Dispatch States He Has Occupied Areretaro, 80 miles From the Capital.

Washington, April 3.—The first definite information concerning the location of General Obregon and his army since their evacuation of Mexico City to Zapato forces came yesterday in official dispatch from Carranza to his agency here, which announced that Obregon had occupied Areretaro, 80 miles north of the capital, and was menacing the Villa advance.

The gunboat Machias was today ordered from New York to join the American squadron at Vera Cruz. The battleships Delaware and Georgan will soon come north for target practice.

Brownsville, April 2.—Lack of an aviator today delayed operations against Matamoros by a Villa aeroplane recently brought to the border. Villa officers said an aviator was coming from Monterey.

Information has reached American army officers which indicates that operations against Matamoros will probably be slow because of disrupted communications with the interior.

TRAINING SCHOOL AT GREENVILLE HAS FIRE

Extent of Damage Is Not Known—Building and Contents Cost \$30,000.

Greenville, N. C., April 2.—The late last night almost completely gutted the dining room and kitchen of the Eastern Carolina Teachers Training school here. The fire originated in a kitchen flue and had gained great headway before it was discovered. No estimate of the loss, which is covered by insurance, has been made.

Raleigh Report.
Raleigh, April 2.—Insurance Commissioner Young has received a report of the damage by fire to the Teachers' Training school at Greenville. The extent of the loss is not stated.

Fortune Has Joined the Squad and Will Come With the Team.

Special to The Gazette-News.
Spartanburg, S. C., April 2.—The Mountaineer baseball squad, 13 strong, leaves here tonight on the Carolina special for Asheville, where they are scheduled to appear against the Philadelphia Athletics tomorrow. All the members of the squad are in good shape and show the results of their training at the local park.

Pitcher Gary Fortune, who has been working out with the Palmer Institute team at Pensacola, Fla., has reported to Manager Corbett and is in fine condition after his stay in Florida. Fortune had a fine season with the Institute team and looks for a good season with the Asheville team the coming summer. Pitcher Atkinson was granted a leave of absence for the day to make a flying trip to his home but will report at Asheville tomorrow for duty.

THIRD COMMENCEMENT OF ROWAN'S SCHOOLS

Special to The Gazette-News.
Salisbury, April 2.—Yesterday was a great day for Rowan. It was the third annual county school commencement and far eclipsed the other efforts along this line. The parade yesterday morning was so long that the two ends lapped and there must have been 5,000 children in line. Two bands enlivened the march. There was rivalry among the different schools for a prize for the best appearance and best marching. This prize was won by Granite Quarry. After the parade the procession disbanded for dinner and at 1 o'clock different sections of the program were taken up at several places. At the community building the annual address—and a splendid short talk it was—was delivered by Dr. Thomas Lingle. Here, too, the contest in recitations by the girls was held. First and second prizes in this contest were won by Sophia Hall, of Steele, and Espeela Hurley, of China Grove. The declamation contest held in the court house resulted in Ray Monroe, of Franklin winning first and Levi Trexler, of Morgan, second prize.

FAVORABLE COMMENT MADE ON MAPS OF ASHEVILLE

In acknowledging the receipt of a street map and bird's eye view of Asheville, the New York Underwriters' Agency writes to the secretary of the board of trade as follows:

"The New York Underwriter Agency has been represented in Asheville for nearly 40 years, during which period it has been the privilege of the members of our firm to visit Asheville frequently, and we have never done so without being charmed with its beauties and the magnificence of its environment. The data you have sent us contains much valuable information which we shall take pleasure in preserving for ready reference."

Yesterday morning B. P. Spafford of Cold Water, Mich., who is visiting Asheville for a while, walked into the board of trade rooms with The Gazette-News of Wednesday afternoon in his hands, and pointing out the story "Asheville as it Looked from Beaucatcher in 1850," said: "I want to buy one of those hand drawn maps of Asheville." Mr. Spafford was presented with a street map and a bird's eye view of the city.

11 MEMBERS OF SHIPS CREW WERE LANDED

Amsterdam, April 3.—Eleven men of the crew of the Norwegian bark which was torpedoed in the North sea by the German submarine U-20, have been landed by the steamer Units at the Hook of Holland.

Very Nicely English.
This curious Bengali English was used to advertise a circus in India: "Some horse will make very good tricks. The clown will come and talk with that horses therefore audience will laugh itself very much. The lady will walk on horses back and horse is jumping very much also. One man will make so tricks of trapeze audience will find himself very much. One lady will make himself so bend, then everybody he will think, he is the rubber lady. This is the very grand display. This is the very better gymnastics. One man will walk on wire tight, he is doing very nicely because he is professor of that."
