"TIZ" FOR ACHING, SORE, TIRED FEET

"TIZ" for Tender, Puffed-up, Burning, Calloused Feet and Corns.

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "TIZ" and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ". You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25 cent box of "TIZ" now from any drugist, department or general store. Just think! a whole year's foot comfort for only 25 cents.

RESULTS GIVEN OF THE STATE SPELLING CONTEST

179 High Schools and 6,513 Boys and Girls Participated in the Contest.

Special to The Gazette-News.

Chapel Hill, May 14.—The spelling test conducted by Prof. N. W. Walker, state inspector of high schools, was participated in by 179 high schools and 6,513 boys and girls. One hundred and fifty schools rendered reports of the results as of the test in which fifty words in common use were submitted as the efficiency basis. The number of trials in the test was 22,976, and of that number there were 98,192 failures. The average grade obtained by the state was 99.47 per cent.

The honor roll consisted of twenty pupils who made perfect grades. The boys and girls and the schools they represented thus accredited are: Flora Chandy, of the Benson school; Nellie Fleming, Boonville; Lillie Aiken and Jennie Bloom, Durham; Goldene Pope, Ellen Maulsby and Mary Clark, Fayetteville; Rowena Evans, Henderson; Charles Blackburn, Kenesville; Marguerite Sullivan, Sallie Hoover and Floyd Mace, Lincolnton; Fannie Green, Lowe's Grove; Kathryn Humphrey, Philadelphia; Granberry Tucker, Plymouth; Annabel Spence, Seven Springs; Max Blanton, Shelby; Lilly Frye, Startown; Mamie Deal, Wadesboro; Icie Buchanan, Webster. Of the individual schools, Kittrell headed the honor roll with a percentage grade of 99.88. Cooleemee high school was a close second.

The list of words submitted were: Wednesday, preparation, Connecticut, religious, laboratory, neuter, twelfth, cylinder, yield, separate, lose, relieve, which, foretold, conceivable, achievement, benefited, changeable, plentiful, grieved, pitiable, breadth, recommend, descendant, accommodate, occurrence, referred, government, business, precede, embarrass, until, receive, absence, appreciate, receipt, February, prejudice, license, ridiculous, privilege, parallel, whether, pursue, meant, courageous, necessary, convenient, precious, consensus.

The word "consensus" was misspelled a greater number of times than any other submitted. "Wednesday" and "which" were spelled correctly a greater number of times than any other in the test list, the latter being spelled correctly 6,174 times out of 6,513 chances.

The results proved in a substantial way that girls are better spellers than boys. The number of cases in which girls made the highest grades was 93, while only 39 times did the boys score in this particular. The number of cases in which boys made the lowest grade was 90; the girls made the lowest grade in 42 cases.

SUMMER CONFERENCE ON FORESTRY IN JULY

N. C. Forestry Association to Hold Three Days Meeting at Montreat.

A forestry conference is to be held in Montreat, July 6 to 9, under the auspices of the North Carolina Forestry Association and the Mountain Retreat Association. The Montreat assembly has each summer for the past several years successfully carried out a chautauqua program including a large number of interesting, instructive and entertaining features. This year it has been decided to add a forestry week to the program.

Three full days will be devoted to the conference, in addition to a reception the first evening which will be tendered the delegates by the management. One day will be devoted to a study of problems relating to the administration and the uses of the Appalachian National Forests, as well as the proper management of private and state forests. The federal officers in charge of the National Forests in North Carolina will take a prominent part in these meetings, and popular address will be made by them. A full discussion of forest fire prevention under the new state laws is planned, while the sale and conservative cutting of mature timber and the proper use of the forest will be included in the program. This day will be known as "State and National Forestry Day."

A second day will be known as "Forestry Association Day" and subjects in which the North Carolina Forestry Association is specially interested will be dealt with; such timely topics as the proper observance of Arbor day, the purchase of Mount Mitchell for a state park, the teaching of forestry in our public schools and colleges and other phases of educational and propaganda work will be discussed.

One or two illustrated lectures will be given and two enjoyable side trips are being planned. One of these will be a conducted fumble through the Montreat woods to study the native trees and shrubs. The other will be a picnic supper on one of the nearby peaks, at which camp fire discussions will be guided by an authority of forestry and woodcraft.

One whole day is to be devoted to a trip to the top of Mount Mitchell. The lumber company which has built a railroad to within one mile of the summit of the mountain has now inaugurated a semi-weekly passage service, so that this famous and most interesting mountain can be visited with a minimum of exertion. A picnic dinner will be held on the peak at which several notables will propose appropriate toasts.

Montreat, only three miles from Black Mountain and less than twenty miles from Asheville, is an ideal place for such a meeting. It is the nearest resort to Mount Mitchell and virtually on the slope of this famous mountain. The recent decision of the general assembly to purchase the summit for a state forest park has been approved by public spirited citizens all over North Carolina.

ARRANGING PROGRAM FOR MERCHANTS MEET HERE

Expected That Large Number of Merchants Will Attend the Convention.

Special to The Gazette-News.

Durham, May 14.—President L. B. Markham and Secretary M. E. Newson of the North Carolina Merchants' Association, are arranging a program and plans for the annual meeting of the association which is scheduled for June 15, 16 and 17, in Asheville. The officers of the association believe that they will have a splendid program and are expecting possibly the largest attendance in the history of the organization.

Although it is up to the next meeting of the association, it is very probable that Durham will again be selected for the state headquarters and that all of the officers will be re-elected. This is the usual rule carried out at the annual meetings.

Up until a few weeks ago Miss L. Mae Stephenson, who is now secretary of the Asheville association, was assistant and active secretary of the state association. However since her resignation Mr. Newson has been actively engaged in the work.

During the past year the work of the organization has gone along splendidly. Several local branches of the state association have been reported and the membership of the state organization is much larger than ever before. President Markham has become thoroughly familiar with the state work and has been enthusiastic over the association's success.

All of the merchants in North Carolina will be invited to attend the meeting and it is expected that many will go from Durham. The meeting was held here last year and it was a pleasant gathering of North Carolina's merchants.
