

Look in the Glass Today

Now Be Honest With Yourself—Study the Cause of Your Looks

What is it that gives you that sallow complexion, those lustreless eyes and furrows on your face that should be smooth? Perhaps you think your health is good, but there must be a reason, and more often than not your troubles are caused by a sluggish liver and disordered stomach. A good complexion, a clear skin, a good appetite and a feeling of health and strength are every person's desire and there are no reasons why we should not have them all.

Nature has laid down certain laws governing the use and care of the body, which if broken or neglected bring their own penalty. While it may seem hard to look upon pain as a blessing, yet without it many of us would go recklessly, thoughtlessly on in the misuse of this marvelous machine until suddenly awakened to the fact that we were complete physical wrecks and hopelessly ill. But nature does not allow us to reach this stage without warning. She uses her whip lightly and gently at first, sending this slight ache or that symptom of disease; then if we heed not, she pleases the lash and the keen pains bring us to our senses.

Now don't try to ignore your ailments, don't try to work it off, don't try to forget, for if you do you are simply laying the foundation for perhaps some serious disease.

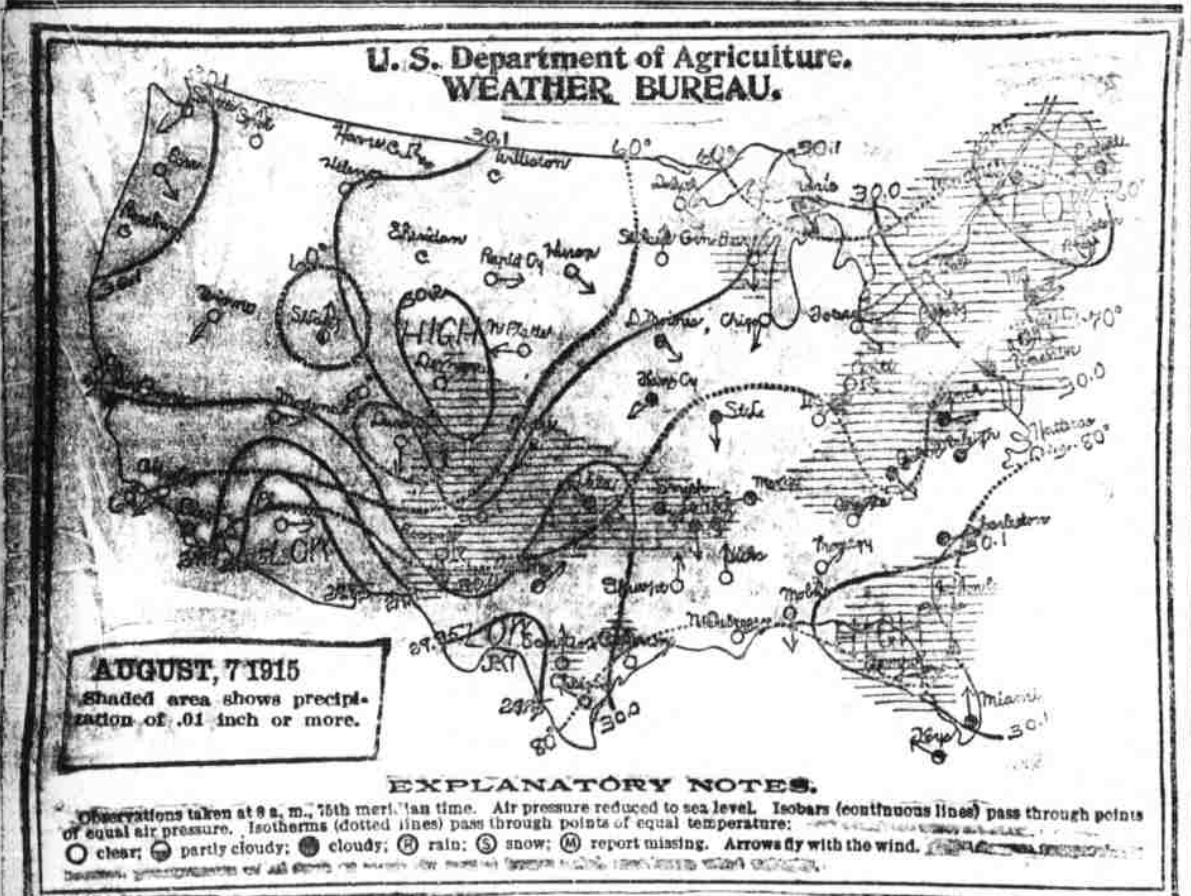

Be honest with yourself. If you are getting thinner and thinner, if your complexion is yellow, if you are troubled with pimples on your face, if you get up in the morning more tired than you were the night before, if you are getting cross with your folks and snappy with your friends, be honest with yourself for there is a reason. Don't put it off any longer, get back to where you used to be when you felt good, felt cheerful, made friends and was always happy. Get your liver right, get your kidneys right and Globe Tonic is a great Liver and Kidney Medicine, Globe Tonic is a great Blood Purifier and Healthy

Blood Makes Healthy People.

Globe Tonic contains the elements necessary to give new life to the blood, new energy and vitality to the system, in general.

If you suffer with rheumatism, catarrh, kidney, liver, stomach trouble, indigestion, constipation, start today and get well, for the Globe Tonic will cure you the same as hundreds of others. Globe Tonic is now being sold while demonstration is in progress at Cor. Park square and College street, where we give free samples every day at an introductory price, the regular \$1.00 bottle for 50c, 3 for \$1.25.

Now call and try the free samples. We want you to know its great merit, so come and try the free samples as a few doses usually create marked improvements. Hundreds of people are calling every day. Come, see and listen to your own neighbors and friends who are reporting amazing results from its use. No weak, sickly man or woman can afford to not try this grand remedy. Advt.-11

Washington . . . 68	88	.30

Normals for this date: Temperature 71 degrees; precipitation .16 inch.

Forecasts until 8 p. m. Tuesday for Asheville and vicinity: Partly cloudy tonight and Tuesday, probably local showers.

For North Carolina: Partly cloudy tonight and Tuesday, probably local showers, gentle to moderate west winds.

T. R. TAYLOR, Observer.

I. W. GLASER TO OPEN NEW STORE IN CITY

Will Carry an Extensive Line of Clothing and Men's Furnishings.

I. W. Glaser has announced in the advertising columns of the Gazette-News that his new store at No. 12 Patton avenue will be open for business Tuesday, August 10. Mr. Glaser is well known as a merchant of Asheville, having been engaged in the clothing business in this city for a number of years but closed out his stock about 18 months ago. He stated at the time that his reason for retiring from active business was owing to the fact that the building in which the store was located had been sold and he was unable at the time to secure another suitable location on Patton avenue.

Mr. Glaser's new store is modernly equipped with mahogany fixtures and presents an attractive appearance. He will carry an extensive line of ready made clothing, men's furnishings and take orders for made-to-measure garments.

Mr. Glaser states that he will represent Marks Arnhem, Incorporated, of New York city, said to be the largest tailoring establishment of its kind in America and a thousand patterns of foreign and domestic woolsens will be included in the display on the opening day at the new store.

HOT SPRINGS TO HAVE CHAUTAUQUA MEETING

Exercises Attracting Much Interest Among Residents and Visitors.

Special to The Gazette-News.

Hot Springs, N. C., Aug. 7.—The Booster Chautauqua company began a three-day attraction here today in the auditorium of the Southern Normal college, and this series of entertainments promise to be one of the best educational treats in the history of the town.

Today is agricultural day. Leading agriculturists of the state are on the program for addresses. This afternoon Dr. Frank B. Vrooman will lecture on "The New Agriculture," following which the Beattie Leigh Concert company will give an entertainment.

This evening there will be another concert followed by Dr. Vrooman's lecture on "Armageddon and After," a discussion of the great war.

Monday's program will be devoted to an educational rally and Tuesday will be observed as Town Boosters' day.

WARSAW PEOPLE WELCOMED FALL

German Troops Who Entered Capital Regarded as Liberators, Says Warsaw Correspondent.

BERLIN, Aug. 9.—Fort Dembe which constitutes a part of the Warsaw fortress in the right bank of the Vistula has been captured, by the Germans, according to an official statement made by the German army headquarters staff.

The German troops who entered Warsaw were regarded as liberators, according to Kurt Aram, correspondent of the Berlin Lokai Anzeiger, telegraphing under date of August 6. The correspondent places emphasis on the statement that the city was not evacuated without conflict the fortress being protected by barbed wire entanglements, pitfalls and mines against infantry attacks.

The inhabitants of Warsaw, the correspondent declares, filled the streets and welcomed the Teuton forces with great and enthusiastic demonstration. The streets were richly beflagged.

The Polish peasants who had long been restrained within the city by the Russian authorities began to leave early driving their livestock and conveying their household effects. They greeted the Germans with tears of happiness in their eyes.

The Warsaw correspondent of the Berliner Tageblatt confirms the report that the conquering Germans met with a joyous reception.

LOCAL THEATERS HAVE ATTRACTIVE PROGRAMS

Managers of the local amusement houses make the following announcements of the bills for today:

At the Auditorium.
The photo spectacle, "The Eternal City," with Pauline Frederick, which will open at the Auditorium this afternoon, marks her first appearance in motion pictures. It is also the most pretentious subject ever produced by the Famous Players' Film company, the first concern to present famous plays and celebrated stars in motion pictures. It represents the first time that a prominent American actress has ever been sent abroad by a film producing company for the production of a motion picture. It was directed by Edwin S. Porter, "the father of the photoplay," who produced the first dramatic story in motion pictures 11 years ago, in collaboration with Hugh Ford, the noted stage director, whose first film experience it was. It is the first time in the history of the motion picture that the Vatican gardens, the Coliseum, and the Piazza St. Angelo, St. Peter's and the other historic spots in the Imperial city have been used as settings for a screen drama.

Added to the beauty of the subject, is the vital, timely interest derived from the fact that many of the ancient and historic buildings that were injured by the recent disastrous earthquake in Italy form the background of the screen production of Hall Calne's stirring romance.

At The Strand Today.
In five reels of sustained interest and suspense, the well known Broadway star, Vally Valli will be seen today at the Strand theater in Mrs. Fiske's greatest success, "The High Road," released on the Metro program.

The production is said to be an excellent one, with plenty of action, beautiful photography, and a large cast supporting Vally Valli. The feature abounds in thrilling scenes, serious dramatic climaxes and vivid acting. The Strand orchestra will play a specially selected program of late popular airs, and the lovers of high class picture entertainment will be treated to an excellent bill at this popular movie house today.

At the Galax.
"Mignon," in five reels, produced by the California Motion Picture corporation, with Beatriz Michelenia in the title role will be the attraction today at the Galax. The Galax orchestra will give a special musical program today and the numbers are announced as follows:
March, "Militaire," Schubert.
Overture, "Kakoozy," Kaiser-Beler.
"Dance of the Hours" (La Gioconda) Poncehinelli; (a) "Ideals," Greaco; (b) "Minuet No. 2," in G, Beethoven.
Grand selection "Mignon" Thomas Characteristique, "Down South," Myddleton.

At the Princess.
A beautiful five reel Pathe picture in natural colors entitled "A Royal Imposter" will be the headline attraction today at the Princess. "Pathe Weekly" the popular pictorial review of current events, will be shown today at the Princess, the management announcing that the unique attraction will be presented hereafter every Monday and Thursday at the Princess or Galax.

At the Majestic.
The Norene St. Clair Stock company will open the second week of its engagement at the Majestic by presenting at that house tonight "A Soldier of France." This production is declared to be the most pretentious which the company has yet offered and special new scenery has been provided for this opening. The vaudeville artists of the company will present some entirely new stunts between the acts which are said to surpass all their previous efforts. Matinee this week will be given only tomorrow, Thursday and Saturday at 2:15 o'clock with one performance every night at 8:30 o'clock.

BOARD PUBLISHES ITS REPORT FOR PAST YEAR

The following report of the board of trade published in pamphlet form has come from the press and will be distributed among the residents of Asheville and western North Carolina as evidence of what this municipal organization does to justify the praise that it receives.

The addresses of the officers and the reports of the various committees made at the annual meeting at the Battery Park hotel are given in full. A glance at the headings of the committee reports show that there is no subject of interest to the city and county that is not included in the field of the board's activities and justifies the statement of Dr. William Hastings of Hot Springs that this body is to be considered an institution of western North Carolina.

LYRIC GLEE CLUB AT WEAVERVILLE TONIGHT

Correspondence of The Gazette-News Weaver ville, Aug. 8.—The Lyric Glee club, which is employed by the bureau of Mr. Ratcliff of Washington, who also directs the tours of the United States marine band, will appear at the tent at Weaver ville tonight and give a concert. The quartet of the club was present at the devotional exercises held at the tent last night and sang two sacred songs, a musical treat of rare excellence.

The Asheville and East Tennessee railroad has arranged to give special rates for the round trip tonight, for the Asheville people who may wish to attend.

Dr. Vrooman, who was booked for the first day's program, but changed appointments with Dr. Bible, the platform manager, appears this afternoon and tonight. The people here have been looking forward to his addresses.

The devotional exercises last night were very interesting and the audience was large. A visiting and a local minister assisted in the program, the principal address being by Dr. Bible. The entertainments close tonight.

SOU. RY. AGENTS WILL HOLD 3 DAYS MEETING

Southern railway agents from points throughout the territory traversed by this company are arriving in Asheville today for the seventeenth annual convention of the Southern Railway Agents' association which begins at Grove Park Inn tomorrow. About 150 agents and visitors are expected to be in attendance, on the sessions here and an interesting program has been prepared. Many of the railway men will be accompanied to the convention in city of the mountains by their wives or other members of their families.

In addition to the members of the association a large number of traffic and transportation officers of the company will attend the gathering. The meeting will continue for three days, adjourning Thursday.

JURY GIVES PLAINTIFF \$6,000 IN DAMAGE SUIT

Oscar Galloway Wins In Case Against Gloucester Lumber Company.

What is said to be the largest award of damages ever brought in for personal injuries by a jury in Transylvania county has been returned in favor of the plaintiff in the case of Oscar Galloway against the Gloucester Lumber company. The judgment amounted to \$6,000. The plaintiff was employed by the company in the operation of a steam log loader for conveying logs to cars. He alleged that a defective valve on the loader caused scalding steam and water to burn his hands so that in trying to escape he placed his hands on the track where they were injured by the train. The defense gave notice of an appeal to the Supreme court. The plaintiff sued for \$25,000. The case was started in Buncombe county and was removed to Transylvania by Judge Cline for the reason that both parties to the suit were residents of that county. A large number of witnesses were examined and the case was stubbornly contested by each side.

Walter Moore of Webster, Zeb F. Curtis of Asheville and Charles E. Deaver of Hreard appeared for the plaintiff. The defense was represented by William E. Brees, jr., Robert Cash, D. L. English and W. Galloway of Brevard and Michael Schenck of Hendersonville. The trial at Brevard began last Tuesday.

Mr. and Mrs. Chestnut and daughter, Mrs. Remer Denmark of Savannah have arrived at Busbee Hall for a stay of several weeks.

MISS LOIE FRANCIS, With the Norene St. Clair Stock Company, at the Majestic.

OFFICER SAYS N. C. GUARD SECOND BEST

(By Parker R. Anderson).

Morehead City, Aug. 9.—The North Carolina military ranks second only to New York and Pennsylvania, in general efficiency and marksmanship, and first among the southern states, in the opinion of Captain O. F. Snyder, U. S. A., commandant and instructor of military tactics and science of Bingham school, Asheville, who is here to look over the North Carolina troops. This opinion, it is said, is shared in by Adjutant General Lawrence Young and also by other army officers here to inspect the North Carolina troops.

Judging from what was observed by a layman there is no doubting the fact that should Uncle Sam need the services of additional men in the army North Carolina would be among the first to have an opportunity to serve their country.

In conversation with The Gazette-News correspondent Saturday night Adjutant General Young declared that should war be declared against this country or should the services of the troops be needed in Mexico or anywhere else that the North Carolina troops, both officers and men, are now up to such a degree of efficiency that they could take the field with the regular forces without the aid of the regular army officers.

Several army officers besides Captain Snyder have been here since Camp Glenn was opened. They have and have nothing but praise for their work here.

"I am confident," said Captain Snyder, "that North Carolina in point of general efficiency ranks first among the militia organizations of the south. Of course Pennsylvania and New York are ahead of the great amount of money appropriated both by their respective states and the federal government. But I am very much pleased with the showing made by the Tar Heel lads and I am confident that they rank easily first among the southern states."

Captain Snyder is an expert rifleman. He was among those selected to participate in the Olympia games and today is considered the best shot in the United States army. Hence his opinions as to the fitness of the North Carolina troops is in a measure that of an expert.

Camp Glenn, it is said, has never shown to better advantage than this year. The sanitary arrangements are excellent and as a whole the summer encampment here is considered the most valuable that has ever been held in North Carolina. In brief North Carolina has taken advantage of her opportunities.

General Young stated that he is confident that under the present law as applied to state militia that these organizations can be depended upon as an organization of national defense. He thinks the Wickersham ruling that the militia cannot be taken out of this country without their consent is a good one.

"Should we have trouble with any country," said the adjutant general, "it would not require more than 12 hours to arrange for the federal government to change this ruling so that these troops may be sent anywhere the government might desire. So far as our troops are concerned there is not an officer nor a man who would not be willing to serve wherever called."

"But the Wickersham ruling making the militia an organization of defense rather than of offense, or in other words an invading army is what the people want."

General Young has been in the North Carolina militia for thirty years," said General Beverly S. Royce, of Oxford, "and I am confident that the troops have never been up to the high efficiency as that shown this year. Our men are able to take care of themselves in any emergency that may arise and all North Carolina has just pride in praising the achievement of their troops."

ASHEVILLE ROTARIANS LEAVE FOR RALEIGH

Five members of the Asheville Rotary club, President George Lee, Secretary Perry Cobb, D. L. Jackson, E. E. Galer and Herbert Allen, will leave here this afternoon for Raleigh, where tomorrow they will join members of the Norfolk Rotary club in participating in the entertainment provided by the Raleigh Rotary club.

The local Rotarians will return here Wednesday, spending the whole of Tuesday at Raleigh.

The following interesting program has been arranged by the Raleigh Rotarians:
7:45 a. m.—Raleigh Rotarians meet at the union station.
8:00 a. m.—Welcome to visitors and ride to hotel.
8:30 a. m.—Breakfast at the Yarrowburgh.
9:30 a. m.—Take motors for ride to capital.
10:00 a. m.—Get together meeting of Richmond, Norfolk,ilmington and Asheville and Raleigh clubs in house of representatives at state capital. Photograph.
11:00 a. m.—Ride over Raleigh's best streets. Visit to Raleigh's Auditorium. The tour, for good reasons, will not venture near the state central hospital for the insane or the penitentiary.
12:00 m.—Motor ride to Milburnie Fishing club, where all cars are due by 1 o'clock.
1:30 p. m.—Barbecue.
2:45 p. m.—First car leaves for Raleigh-Durham baseball game. Last cars to leave by 5 o'clock, all to enter northeast corner gate of baseball park and to be parked against right and center field fence.
4:00 p. m.—Raleigh-Durham baseball game.
6:00 p. m.—Garden party at Country club.
11:00 p. m.—Departure of trains.

NEW STORE OPENS FOR BUSINESS TUESDAY

Exhibit of a thousand Fall Suit Patterns will be

I. W. Glaser extends an invitation to the people of Asheville and Western North Carolina to visit his new clothing and furnishing store at 16 Patton avenue which will be open for business tomorrow.

A special exhibit of a thousand foreign and domestic fall suit patterns from Marks Arnhem tailoring establishment of New York city will be on display and orders for made to measure suits for men and young men will be taken. Advt.-11

GERMAN AMBASSADOR DENIES HUERTA STORY

Washington, Aug. 9.—The state department has issued the following:

"The German ambassador has informed the state department that he denies formally the whole contents of the story in the Providence Journal about his alleged relations with General Huerta and desires that this statement be made to the press."

"As this department has no information on the subject it regards the expression of the ambassador as satisfactory."

O. C. Hamilton has returned to Chicago after a stay of several weeks at his home, Ardmore on Beumont drive.

HEARINGS TODAY IN BLACKMAILING CASE

With the arrest of Miss Myrtle Pressley, the sixteen-year-old daughter of Joe Pressley of Arden, last Saturday afternoon, on charges of being implicated in the alleged blackmailing scheme, which was unearthed by Sheriff E. M. Mitchell and his deputies near Arden last week, it is expected that developments of a striking nature will come out at the preliminary hearings in the cases of the girl, Edward Frady and Martin Rickman, which will be held this afternoon before Magistrate B. L. Lyda.

The Pressley girl was arrested only after the county officers had made a thorough investigation of the connections she is believed to have had in the case. Magistrate B. L. Lyda placed bond in her case at \$500, in default of which she was taken to the county jail pending the preliminary hearing this afternoon.

Only Frady and Rickman are charged with arson and blackmail, the girl being held only on the charge of blackmail.

ASHEVILLE FIREMEN TO ATTEND TOURNAMENT

Ten representatives of the Asheville fire department left this morning for Newbern, where on Tuesday the North Carolina Firemen's tournament will begin its annual sessions.

Those who will represent the local department are: Secretary L. W. Jeanneret, John Colvin, Ben Matthews, Ernest Davis, Ralph Hampton, Gus Calloway, Everett Frady, John O'Donnell, J. H. Koon and Robert Piercy.

Captain J. C. Lape of Biltmore will represent the Biltmore fire department at the tournament and will leave here with the Asheville firemen.

Matters of great importance to the firemen of the state are scheduled to come up at this time and it is expected that the attendance will be the largest for the past few years.

REVENUE OFFICERS AID IN FILMING PHOTO PLAY

One of the features of "The Heart of the Blue Ridge," now being filmed near Emeralds Inn by a company of 15 World's Film corporation players under the direction of James Young is a scene representing "moonshine" distillery operations in the mountains. A number of the revenue officers who have headquarters in Asheville were visited by Mr. Young to come to the Hickory Nut Gap section to aid in making this part of the production.

The company will finish the play within two or three weeks. Clara Kimball Young has one of the leading parts in the photoplay.
