Red Sox Won Yesterday's Game in Ninth Inning Rally With Lewis' Smash to Center.

"CATCH" LEONARD HELD NATIONALS HELPLESS

Today's Crowd Promises to Break the Record of Attendance Made at Yesterday's Contest.

Braves Field, Boston, Oct. 12.—Although yesterday's crowd was the greatest that had ever gathered to witness a world series game, it was early evident that today's attendance would break all previous records. It was a holiday in Boston and three hours before the game the bleacher stands were jammed and a line of men a quarter of a mile long had formed in the hope of securing standing room.

It was another perfect day. There was not a fleck of cloud in the sky and a summer glow was in the atmosphere. There are all sorts of rooters organizations here and they are all in evidence. Most of them had hands and there was a crash of music in the air all the time. Occasionally the crash became a clash but the fans did not mind the melodic interference.

Boston, Oct. 12.—The Boston Americans again turned the trick with a ninth inning finish, defeating the Philadelphia National league champions yesterday by a score of two to one, before a crowd of 42,300 fans, the largest crowd that ever saw a world series game.

The score by innings follows:

PRES. APPROVES THORNE URGES OF CARRANZA 'STATES' RIGHTS'

Sec'y Lansing Today Made Formal Report to Pres. Wilson of Conferees' Decision Recognizing Carranza.

EMBARGO ON ARMS FOR 'REBELS' IS EXPECTED

Prohibition of Shipments of Munitions to Factions Will Weaken Villa But He Will Continue the Struggle.

Washington, Oct. 12.—Secretary Lansing has made formal report to President Wilson on the proceedings of the last session of the Pan-American conference on Mexican affairs which decided on recognition of the Carranza party as the de facto government in Mexico. President Wilson gave his approval of the decision. Secretary Lansing said the form in which recognition would be extended or the time had not been fixed. Bolivia, Uruguay and Guatemala remain to be heard from in approval of the action of the United States in deciding to recognize Carranza. The other countries which participated in the conference through their diplomatic representatives—Argentina, Brazil and Chile—have already sanctioned the work of the conference. The approval of the first named governments is expected momentarily.

The prohibition of the shipment of arms to factions opposed to the Carranza government is expected to follow actual recognition. Although the embargo on arms will materially weaken the Villa element, M. Diaz Lombardo, foreign minister of the conventional government, announced that the struggle will be continued in Mexico. Similar advice was received by the state department from American Consular Agent Carothers, following an interview with Villa.

REVIVAL SERVICES AT HENDERSONVILLE

Rev. C. L. Everts Expected to Conduct Special Revival Meeting There.

Church members of Hendersonville yesterday took the first step for the holding of a revival there by a member of the Chapman-Alexander party at the same time that Rev. Dr. J. Wilbur Chapman and Charles M. Alexander are conducting services in this city.

A committee of three from each church in Hendersonville met for the discussion of preliminary plans and by a unanimous vote decided to recommend to the different congregations that Rev. Charles L. Everts be invited to conduct the services. On Wednesday evening the matter will be considered by the various congregations assembled for the regular prayer meetings.

It is understood that there is a widespread desire to have Rev. Everts hold special services in Hendersonville and it is stated that an executive committee will be appointed on Thursday afternoon to perfect plans for the campaign.

Rev. Mr. Everts has been in Asheville for two weeks as the advance representative of the Chapman-Alexander party. He has conducted a number of union prayer meetings in this city; has made the preliminary organization for Mr. Alexander's great choir and has gained many friends who are impressed by his familiarity with the Bible and by his earnest, persuasive discourse. His lessons in personal work have been attended by hundreds and the local committees for the campaign believe that the results of his instruction will be greatly in evidence during the big revival.

During the evangelistic services in Hendersonville "Hendersonville day" will be set apart for an excursion to Asheville in order that residents of that town have an opportunity to hear Rev. Dr. Chapman. Recreational visits will be roped off for the visitors and they will go to the tabernacle on Haywood street in a body. A large number of Hendersonville people are expected to attend the services on that day.

Excursions similar to the Hendersonville day plan are expected to be arranged for other towns in western North Carolina. It is the aim of the Chapman-Alexander party to have as many people possible in this part of the state hear the message brought by the Southern Railway company will announce special passenger rates for these excursions and it is believed that thousands will in this way accept the opportunity to attend the services conducted in here by the famous revivalists.

PRESIDENT AND FIANCEE ARRANGE WEDDING PLANS

Washington, Oct. 12.—President Wilson and Mrs. Norman Galt, his fiancee today are arranging their preliminary wedding plans. They are not discussing the details of the plans even with their immediate relatives and intimate friends. A wedding trip is being considered but its destination has not been revealed and may be kept secret for a time. The presidential yacht Mayflower may be used.

The report that the couple might go to the San Diego exposition on their honeymoon was apparently dispelled when the president answering the invitation of San Diego school children to visit the exposition wrote that he saw no possibility of visiting the Pacific coast soon.

The president and Mrs. Galt are being urged to spend their honeymoon at Pas Christian, Miss., by the president's cousins, Misses Mary and Lucy Smith of New Orleans.

Started Offensive Against Her Neighbor Last Night—Nish Reports Attacks So Far Have Been Repulsed.

PRESUMED BULGARS WILL STRIKE RAILROAD

Stubborn Fighting Continues In Hills Surrounding Belgrade Between Teutons and Serbians.

London Oct. 12.—The Serbian legation here received a telegram from Nish last night saying that the Bulgarians had begun attacks on the Serbians in the direction of Vlasina.

"All the attacks up to the present have been repulsed decisively," the message stated.

Paris, Oct. 12.—Bulgarian troops invaded Serbia last night. The opening of hostilities against Serbia by Bulgaria has been a foregone conclusion since the rupture between Bulgaria and the entente powers. The Bulgarian government issued a manifesto to the nation last week proclaiming its decision to espouse the cause of Germany, Austria and Turkey.

Military experts have assumed that when Bulgaria struck at Serbia she would attempt to seize the railroad running between Belgrade and Constantinople, by way of Nish. Another line runs directly between Nish and Saloniki and is the only one over which the allied troops landed at Saloniki could be transported northward to the aid of the Serbians.

Kniashevatz, near which Bulgarians are reported to have invaded Serbia, is on a branch line of the railway running from Nish to Zajecar, a fortified town on the Serbian frontier, and Negotin on the Danube river. Kniashevatz is 25 miles northeast of Nish, where the capital of Serbia has been since the occupation of Belgrade by the Austrians early in the war and is an equal distance east of Alexinatz, a station on the Nish-Belgrade railway located on the Morava river, where the Serbs were defeated by the Turks in 1876.

Paris, Oct. 12.—Although Belgrade has been evacuated, the Matin's correspondent at Nish in a dispatch filed Sunday, says fighting continues stubbornly in the hills surrounding the city, some of which have been taken and retaken several times.

"The artillery of both sides," says the correspondent, "has been firing without respite for three days. The Serbs gained the advantage again this morning, when they captured excellent positions near Topceder and drove the Germans back to the suburbs of Belgrade, called Great Vratcher, where a fierce struggle is going on.

"The invaders threw more than 50,000 shells on Belgrade, sparing neither hospitals nor churches. A synagogue was destroyed and Jewish families who had taken refuge there were buried in the ruins.

London, Oct. 12.—News from the Balkans has come to the fore and is made still more prominent with the announcement that Bulgarians have invaded Serbia. Thus far few details have been received of the movement which was generally expected.

Th speech of former Premier Venizelos in the Greek chamber of deputies is regarded in England as favorable to the cause of the entente allies. The declaration of the former premier that it was no longer a question of whether Greece ought to go to war but merely she should do so was made with the approval of a majority of the chamber. The former premier told the government plainly that only so long as it followed his policies would it receive his support.
