ALADDIN HOUSES.

OUR FIRM HAS BEEN APPOINTED the local distributor for a large section of Western North Carolina in the handling of the Aladdin Ready Cut Houses. We make no extravagant claims for these houses. They are strictly as represented. There is nothing impractical in the shipment of a house cut to order at the mills of the North American Construction Company which makes them and the product will come up to expectations. The idea sounds novel and unique. The still more stupendous operation of shipping measured lengths of steel in sky-scraper office construction is more to be wondered at. Aladdin catalogues of houses, interiors and merchandise, free on request. Call at this office and let us tell you about the proposition. There is just one trouble with the Aladdin plan. We cannot make other than cash terms.
