BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

"Cascarets" regulate women, men and children without injury.

Take when bilious, headachy, for colds, bad breath, sour stomach.

WORK WHILE YOU SLEEP

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without griping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers should give cross, sick, feverish or bilious children a whole Cascaret any time—they are harmless and safe for the little folks.

STATE BAPTISTS JUST NEED \$3000

Find Another Week in Which to Raise This Amount—Great Year Expected.

Secretary Livingston Johnson of Raleigh, of the Baptist state convention has found that there is a week more than was supposed to raise the amount desired for state missions this year.

The books of the convention were supposed to have closed Tuesday night, but it turns out that this was an error and they do not close until next Tuesday night, this giving more time than was supposed.

The amount to be raised this year is \$55,000, which is an advance of \$5,000 over last year's figures. Last Sunday was a disagreeable day and it was feared that there might be a large debt. But yesterday the reckoning showed that the denomination is within \$2,000 of its goal, according to reports received here. An effort will be made next Sunday to raise this amount.

"It is already assured," said Secretary Johnson, "that this is going to be the greatest year in state missions that the denomination in this state has had. The reports are better than ever before, showing among other gratifying facts an increase of one thousand Baptists over the number reported to the last convention."

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

"The spelling book's all wrong, mammal!"
 "Why so, Ethel?"
 "Because it don't look right for a little thing like a kitten to have six letters and a big cat to only have three."—Yonkers Statesman.

JUNIORS OBSERVE THANKSGIVING DAY

State Officials Have Issued Proclamation Calling on All Juniors to Give Thanks.

COPIES RECEIVED.

Officials of Asheville Council No. 6; French Broad Council No. 87, and Emma Council No. 253, Junior Order United American Mechanics, as well as councils throughout the state, have received copies of a Thanksgiving proclamation, issued by State Councilor W. A. Cooper and State Secretary Sam F. Vance.

These officials call on all Juniors to observe Thanksgiving.

The Proclamation.

The proclamation reads as follows: Constant thanksgiving and gratitude are due from the Junior Order of United American Mechanics to Almighty God for His goodness and mercy, which have followed them since the organization of this order. With loving kindness, He has led us in the way of prosperity and greatness.

He has vouchsafed to us a great privilege and a great part in the marvelous progress in the cause of public education and civic uplift.

Favorably situated in a goodly state located between the extremes of heat and cold, far removed from tornadoes, floods, pestilence and drought, our people have enjoyed in peace and comfort the blessings of an all-wise providence. Storms have not invaded us nor have we been overrun or disturbed by incoming hordes of foreign immigrants. Through all the years the boisterous Hatters and the winds of sand out from our shores and in this protected us from the landing on our shores of the great hordes of undesirable from other countries, compelling them to land in distant cities, very few of whom have entered our gates, keeping the people of our state a pure American citizenship, standing by the traditions of a God-fearing and a Bible-loving ancestry, preserving us for a special purpose. May we seek to know and to do His will concerning us.

In grateful acknowledgement of all that God has done for us as an order and as a people and in the end that we may with one accord testify our gratitude for all these blessings, I, Wm. A. Cooper, State Councilor of the Junior Order United American Mechanics of North Carolina, by virtue of authority in me, designate Thursday, November 25, 1916, (or, if more convenient, Sunday, November 28, 1916) a special day for Thanksgiving, urging all councils to properly observe one of these days named by attending Divine worship in a body, to hold Thanksgiving services and in this way publicly acknowledge our gratitude for His manifold blessings, for countless benefits which have showered upon us during the past twelve months which calls for our fervent gratitude and make it fitting that we should rejoice with thanksgiving that the Lord has signally favored our order and our people; for peace and prosperity; for abundant privilege of freedom left us by our fathers in their wisdom and still our increased heritage; for wise and generous provision to affect the intellectual and moral education of our youth; for the influence upon the conscience of a restraining and transforming religion, and for the joys of home; for the growth of fraternal feeling, the spread of intelligence and learning, continued enjoyment of civil and religious liberty; for His watchful providence over our order that it has been strengthened and the membership so largely increased; that the principles of the order are being better understood by the people and are taking greater hold on the mind and hearts of the people; that our members are so active in every work of uplift never lacking in civic virtue; for harmony in our order throughout the state.

Let us pray earnestly that all may work vigorously for the accomplishment of the objects of our order, knowing that our principles will make for the peace, prosperity and the happiness of all our people, and let us by no means forget while we give thanks and enjoy the comforts which have crowned our lives, that truly grateful hearts are inclined to deeds of charity and that a kind and thoughtful remembrance of the sick, the widow, the orphan and the needy, will double the pleasures of our condition and make our praise and thanksgiving more acceptable in the sight of the Lord.

In witness whereof, I have set my hand and caused the seal of the State Councilor Junior Order United American Mechanics to be affixed this the 12th day of November, 1916.

WILLIAM A. COOPER,
 State Councilor.
SAM F. VANCE,
 State Secretary.

WANTED—Trained Young People for Good Positions

In times of financial depression—when mills are closing and laborers walk the street—the trained men and women work on. In dull times business is too vital to depend upon the untrained. Big concerns must have experts—the TRAINED WORKERS—to pluck from the barren fields sufficient business to keep open their doors.

In seasons of prosperity again it is the trained worker who is demanded. Business men are too busy—their time is too valuable to spend teaching young people HOW to work. They must have young men and women who already KNOW—who have the ability to think—assume responsibility—make decisions.

Big salaries are paid to those who prepare to meet the requirements. Thousands of men and women today are in responsible positions and in return are directing thousands of other people because THEY ARE TRAINED TO SERVE. These men and women had no special advantages—no privileges.

TRAINING IS THE SECRET OF THEIR SUCCESS.

Are you a TRAINED WORKER? Are your services always in DEMAND? Are you in one of the BETTER POSITIONS? Do you get a HIGH SALARY?

If not—you should begin today to prepare for greater opportunities. Your education and ability should not be wasted through lack of training. You should equip yourself for a successful career. You can.

And it will take but a short time. A few months spent with us will enable you to enter business trained—as a preferred worker. It will enable you to enter the better positions—draw the higher salaries. It will open up to you the same opportunities that have led so many men and women to a splendid success.

Let us tell you without obligation on your part, how we can help you increase your earning capacity thousands of dollars—how we can make life easier—how you can satisfy your ambition.
