SINCE TAKING PERUNA

I can say my bowels are much more regular. My heart is stronger. My appetite is much better. My throat is much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

CHILD ACCIDENTALLY SHOT BY SISTER

Ruth Plaiss of Vance Street in Mission Hospital Shot in the Jaw.

While playing with an old pistol, which it was thought had been rendered harmless, Thursday afternoon at their home No. 59 Vance street, Ruth, the eight-year-old daughter of Mr. and Mrs. C. B. Plaiss was accidentally shot through the jaw by her 16-year-old sister.

The child was taken to the Mission hospital where medical attention was given and it was found that two teeth had been shot away and a part of the jaw bone shattered. It is stated that the child will recover if no complications set in.

Mrs. Plaiss stated to a Gazette-News reporter that the pistol had been given the children sometime ago to play with, but that no cartridges were in it. Later a boy in the family secured a cartridge, but the mother placed the gun in the bottom of a trunk and never thought that the children would find it. Thursday afternoon they did find it and when the trigger was pulled Ruth was shot.

BUSTER BROWN TO VISIT ASHEVILLE

Free Show to Be Presented Monday at Globe Sample Company's Store.

The information that "Buster Brown" himself and his dog, Tige, will be in Asheville next week is expected to cause no end of excitement among the younger generation.

On Monday, December 6, the Globe Sample company will offer to the public, and especially to the children, a real Buster Brown show, free. The performance will be seen here only one day. Manager A. C. Porter of the show company was in Asheville a week ago and made arrangements for Monday's attraction at the shoe store.

The trained dog which takes the part of "Tige" will make a strong appeal to the kids who are fortunate enough to see him, and it is believed also that the grown folk will find the entertainment more than worth while. Souvenirs will be distributed.

LIGHTS ON PATTON AVE. MAY REMAIN

Merchants in Favor of Keeping Extra Illumination Through the Holiday Season.

Although none of the commercial organizations in the city have formally discussed the subject of allowing the strings of lights which were placed on Patton avenue for the "Electrical Prosperity" celebration, to remain there over the Christmas holidays, several of the leading merchants have advocated the plan as a good one.

President L. B. Rogers of the Merchants' association has expressed himself as being in favor of the project, and thinks it an excellent idea to retain the lights permanently.

An official of the Asheville Power and Light company has spoken of the willingness of the company to allow the lights to remain, if the merchants will contribute a sum toward their upkeep.

Mr. Rogers said that the matter would probably come before his association at its next meeting.

BINGHAM CADETS WILL GIVE DRILL

Regular Formation and Parade Under Command of Captain Snyder—Holiday Season.

This afternoon the cadet corps of Bingham Military school will go through the regular Saturday afternoon formation and parade on the training field at Bingham. Captain O. F. Snyder of United States army military instructor of the school, will have charge of the program. The work of the cadets is always of interest to the residents of Asheville and tomorrow's performance will be the last of our doors, probably, before spring drills begin, because of the approach of the holiday season and the possible forbidding weather after Christmas.

Lately the boys of the institution have been getting much gallery rifle practice in the intervals between classes and considerable proficiency has been attained by a number of them.

On December 15 examinations begin and the military department will be closed during that period. On December 21 school will recess for the Christmas holidays; the spring term will begin on January 8. The Texas contingent at the school, numbering 15, will leave for home on December 29, an additional day being allowed the boys from the Lone Star state on account of the distance they are from home. Twenty-two states are represented among the students at Bingham.

EL-REES-SO CIGAR CO. TO ENLARGE

Greensboro Firm Will Have New Plant—Company Has Grown Rapidly.

John T. Rees of Greensboro, president of the El-Rees-So Cigar company, is a visitor in the city today.

The history of Mr. Rees' company is a commentary on hustle and energetic effort. In 1912 Mr. Rees employed a journeyman cigar maker and began his business. In 1913 six men were employed and the output of the company amounted to 6,000 cigars a week. The industry has grown rapidly and at present 118 men are employed and 120,000 hand made cigars are turned out now every week. These cigars are made one day and shipped the next, no old stock being carried in store. The plant runs night and day.

The company is incorporated with a capital stock of \$25,000; the factory building plans just approved call for a structure 125 feet long and 32 feet wide, three stories high.

Mr. Rees has his own ideas in regard to advertising and selling his product. No billboards adorn the landscape telling of the superior qualities of the goods; no traveling salesmen are employed to drum the trade. Printer's ink and the flavor of the cigars are the reliance of this North Carolina cigar maker. The El-Rees-Sos are distributed in more than half a dozen states. The firm claims to be the largest seller in the state of any one brand.

London, Dec. 4.—The Amsterdam correspondent of the Exchange Telegraph company sends the following: "Advices from Rosendaal (Holland) state that Belgian newspapers under the German censorship have been ordered to announce that Brand Whitlock (United States minister to Belgium) will not return to Brussels. The news has been received with consternation throughout Belgium. It is believed that General von Blissing (German governor general of Belgium) desired to have Mr. Whitlock ousted and that he is also pressing for the immediate removal of the American and Spanish legations from Brussels to Havre, where the Belgian government is."

MAN KICKED ON HEAD BY HORSE

Washington, Dec. 4.—Secretary Lansing announced several weeks ago that the German military authorities had given assurances that the departure of Minister Whitlock on leave was regretted, and had expressed regret that published reports made it appear that the minister was leaving Belgium as a result of German objections to his presence.

Later the secretary stated that he expected Minister Whitlock to return to his post at the expiration of his leave, and so far as is known there has been no change in this plan.
