

UNIVERSITY CLUB ENLARGES QUARTERS

Club Rooms Occupy One-Half of Second Floor of Candy Kitchen Building.

NEW FURNISHINGS.

Owing to the large increase in the membership and the amount of interest manifested, the University club has just moved into an addition to the present quarters on the second floor of the Candy Kitchen building on Haywood street.

Two large rooms constitute the club's present quarters and these rooms are arranged in such a manner that the club has sufficient room for the 74 members.

The first room is given over to a lounge, reading, writing and a reception room. It has been furnished with handsome all-leather furniture and furniture with attractive pictures and pennants on the walls.

The second room contains the pool and billiard table and the private dining room of the club. Here also is a dumb waiter from the Candy Kitchen cafe on the first floor.

The club also conducts a country club department at the club house in Kenilworth park, which was started last summer. Here a two-story log bungalow has been erected, which contains a reception room, a bunk room and kitchen on the first floor and on the second floor are to be found a lounge room and dance pavilion.

Country Club Department. At the country club department the club also maintains the only trap shooting outfit in the city. One of the latest traps has been installed and the club has nearly 100 members for that department.

Organized on December 1, 1914, the University club has enjoyed a steady and substantial growth. Starting with less than 20 members the club in a little more than one year has grown until the membership now numbers 75.

James Taylor is the president; Hardy Chambers, secretary, and Harry C. Theobald is treasurer, with these officers constituting a board of governors.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly.

GERMAN GOVERNOR OF POLAND PUTS IN FORCE GREGORIAN CALENDAR

Warsaw, Jan. 25.—General von Beseler, governor of Poland, has issued a decree according to which that portion of Russia now occupied by the Germans shall henceforth change from the Julian to the Gregorian calendar, and therefore conform to the standards of a majority of the countries of the world.

Heretofore Russia and Poland have gone by the calendar introduced by Julius Caesar in the year 47 B. C., which varies by thirteen days from the Gregorian calendar compiled in the sixteenth century, and adopted by most countries in the eighteenth century.

The introduction of the Gregorian calendar into the government of Warsaw, means a cessation of countless misunderstandings. Heretofore it has been necessary to "double date" every proclamation and order. Thus a document referring to December 11 had also to bear the date November 28 for the benefit of Poles reckoning according to the Julian calendar. In future all dates will be according to Gregorian reckoning.

REAL ESTATE TRANSFERS

F. A. Lunsford to D. N. Fisher, property on Grassy Branch; consideration, \$75.

Viola J. Scott and husband to W. T. Petram and wife, property on Ridge street; consideration, \$800.

BLACK MOUNTAIN HAS ROAD RALLY

February 8th Set Apart as "Swannanoa Valley Good Roads Day."

At a meeting last night in which good roads enthusiasm was much in evidence, citizens of Black Mountain set aside February 8 as "Swannanoa Valley Good Roads Day" for the promotion of a highway from Ridgecrest to Asheville.

On request Chairman Dickey appointed committees and named their field of operation as follows: R. L. Ferguson, W. L. Dougherty and R. E. Currier, Black Mountain; C. C. Boone, George F. Adams and Dr. B. F. Landreth, Swannanoa township; Dr. Clyde E. Cotton, T. A. Brown, R. R. Woodward and Mayor G. W. Stepp, of Black Mountain, Asheville; Dr. R. J. Archer and C. C. Lord, Montreat.

A movement is on foot to have all the Black Mountain stores close on February 8 for the good roads rally so that a large crowd may come on the special train to Asheville.

H. B. Craven and S. C. Moore of Ridgecrest are committing themselves to arouse interest in the movement for improved roads in their community.

'SNOW-BALL ARMY' IDEA POPULAR IN AUSTRALIA

Sydney, Australia, Jan. 25.—The "snow-ball army" idea has taken hold of many communities and there are now four such "armies" marching from as many towns in New South Wales toward Sydney, accumulating recruits on their way.

The military authorities are giving these voluntary "armies" as much encouragement as possible. Staff sergeant majors have been provided for each contingent. The several marches now in progress cover from 100 to 400 miles, and along the way the volunteers are the center of many patriotic orations.

FORESTRY MEETING OPENS AT NEWBERN

S. P. Ravenel of Biltmore Delivers an Address This Afternoon.

STATE ASSOCIATION.

The sixth annual convention of the North Carolina Forestry Association opened at Newbern this morning at 10 o'clock in the chamber of commerce rooms, with an invocation by the Rev. B. F. Huske of Newbern.

The morning's program includes the names of Governor Craig; W. W. Ashe, of the United States forest service; Capt. Nathan O'Berry of Goldsboro, president of the association; C. I. Millard of Norfolk; Congressman Small and others.

At the afternoon session the visiting ladies will be welcomed by Mrs. Zebulon B. Vance, of the Newbern Women's club, on behalf of that organization. After an address by R. E. Parker, secretary of the North Carolina Audubon society a series of ten minute talks on five subjects connected with forestry will be enjoyed.

The Tuesday night session will be held in the auditorium of the public school building, where an illustrated lecture on "Forest Conservation in North Carolina" will be given by the state geologist. On adjournment at 9:30, an oyster roast is to be provided for the visiting delegates, by the Newbern chamber of commerce, at the Hyman Supply company's place of business.

On Wednesday morning, at 10 o'clock, a trip is planned from Newbern to Camp Perry, over the Norfolk Southern railway and the logging road of the John L. Roper Lumber company; delegates to be the guests of the lumber companies in and around Newbern. At 3 o'clock Wednesday, the Newbern chamber of commerce will give an automobile trip to the association in and about the city of Newbern and the surrounding country.

This is a most attractive program and undoubtedly a large number of people will avail themselves of this opportunity of learning something further about practical forest management and protection.

S. P. Ravenel of Biltmore will deliver an address this afternoon at the meeting, on "A National Recreation Ground."

MUSIC BOOKS FREE FOR CITY SCHOOLS

Commissioners to Buy Music Series—High School to Sell Text Books.

At a recent meeting the city commissioners endorsed the plan for the sale of school books to the city high school students by the high school authorities a cost plus five per cent to cover transportation charges. Under this plan books listed at \$1 will be purchased, in most cases, direct from the publishers and will be sold for 84 cents. The idea was originated by Ralph O. Wells, head of the commercial department of the high school.

As a further step in reducing the cost of books, the board has now decided to purchase a series of music books for the free use of public school students in the city, thereby saving \$1.45 to each family patronizing the schools, or a total saving of \$500 a year to Asheville people, it is estimated.

The music books for the grades from the second to the seventh will cost the city as follows: Primer, 25 cents; first music reader, 30 cents; second reader, 40 cents; third reader for the seventh grade, 50 cents.

GERMAN GOV'T GIVES ITS WORKING CLASS MUCH PROTECTION

Berlin, Jan. 25.—In many ways at least the German working man or employe of any kind receives the most perfect protection from his paternal government of any similar person in the world. The following case, just decided, is illustrative of the right of German employes and of the safeguards thrown around them.

A soldier, wounded in the war, was invalided home and discharged. Presently he received a position as a hotel porter. He had hardly held the job a fortnight, however, when he was missed one day just as a guest arrived. A clerk showed the arrival to a room, but was astonished as he opened the door to find the missing porter, fully clothed and with muddy boots, badly under the influence of liquor, lying on the guest's bed.

The hotel proprietor summarily dismissed the porter. The discharged employe, however, sued under the law which specifies that notice must be given except in certain well-defined cases. The court upheld the porter's claim and awarded him back pay of 167 marks, on the following grounds: The porter's surrender to the influence of liquor probably was due in part to his earlier wounds. His act in lying down on the guest's bed was caused by his intoxication. Therefore it was attributable and excusable. One case of drunkenness was not sufficient to warrant summary dismissal, unless the employe in advance
