

IT'S THREE YEARS OLD

But Just as Good Today as When First Made.

Three years ago a W. Asheville resident testified to complete relief from kidney ills. He later says that there has not been the slightest return of the trouble. Asheville sufferers will take a great deal of comfort in this W. Asheville man's statement. It proves that Doan's Kidney Pills can be depended upon.

C. M. Johnson, mdr. Excelsior Paint and Paper Co., W. Asheville, says: "My kidneys were weak and I had pains through my back. I used Doan's Kidney Pills, procured from Smith's Drug Store, and they gave me relief." (Statement given February 7, 1912).

RESULTS THAT REMAIN. OVER TWO YEARS LATER. Mr. Johnson said: "My kidneys are in good condition now and I have had no need of a kidney medicine in several years." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Johnson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

WOMEN INVADE THE FIELD OF ASTRONOMY

London, March 1.—Astronomy is the field of human endeavor to be invaded by women. As a career for women it recently received impetus when the Royal Astronomical society obtained a supplementary charter from the crown in order to admit women members as follows of the society. Women were admitted to membership and that many more will presumably become after the March meeting.

VICK'S Group and Pneumonia SALVE

The RAYO LAMP SAVES TROUBLE

YOU don't have to spend the greater part of your time cleaning it—and wondering why it won't burn. The Rayo is simple in construction and in design. It lights without removing the shade and gives the best sort of light—the kind that won't hurt your eyes.

Rayo Lamps

Rayo lamps are an ornament to any home. They require very little attention—yet always add to the attractiveness of the room.

The Rayo is the symbol of efficiency—economy—convenience.

Use Aladdin Security Oil or Diamond White Oil to insure best results in Oil Stoves Lamps, and Heaters.

Here are some other specialties for the home that every housewife needs.

- Standard Household Lubricant
Parowax
Matchless Liquid Gloss

Ask for them by name. If your dealer does not carry these, write to our nearest station.

STANDARD OIL COMPANY (New Jersey) BALTIMORE

These tiny capsules are superior to Balsam of Capivi, Guben or any other remedy. BELIEVED IN BY 250,000,000 people in every clime without exception.

ANNUAL CIRCUS AT Y.M.C.A. TONIGHT

Everything Is In Readiness for Big Event—500 Seats For the Audience.

Preparations for the reception of the large crowd that is expected to attend the annual circus at the Y. M. C. A. tonight at 8 o'clock are being made today and everything will be in readiness for the opening of the "greatest show on earth" promptly on time. Arrangements have been completed for seating the large crowd, seats being placed along the gallery of the "gym" and on the first floor, spaces around walls of the "gym" have been reserved for seats. More than 500 people can thus be easily seated, it is claimed.

The performances have been thoroughly rehearsed for their parts, most of them having spent the past two weeks in getting their acts in condition for the big night. That several surprises will be given the audience goes without saying, for the names of the performers have not been given out as yet, although most of the acts have been advertised in the newspapers and on the posters which have been scattered over the city.

Seats are on sale in the office of the association, where those who prefer to buy before the rush is on tonight can still secure good seats. This circus is given each year under the direction of Physical Director H. M. Dill and proves of great benefit to the association from a financial standpoint as well as giving pleasure and entertainment to a large number of people.

BILTMORE HOSPITAL GRADUATING CLASS

The graduating exercises of the 1916 class at the Clarence Barker Memorial hospital at Biltmore will be held tomorrow night at 8 o'clock in the parish house of All Souls' church, at Biltmore. Invitations to the exercises have been issued by the board of control and the staff of the hospital and it is expected that many friends of the young ladies who graduate and friends of the hospital will attend.

The following young ladies, only one of whom is from Asheville, will receive diplomas this year, having completed the course at the hospital: Miss Minnie A. Hall, Gloucester, O.; Miss Eena Palmer, Asheville; Miss Mary W. Glenn, Lowell, N. C.; Miss Nellie Steele, Statesville.

W. H. CRANE ON STAGE FOR PAST FIFTY YEARS

New York, March 1.—More than 500 persons, including a gallery of about 100 women, attended a dinner at the Waldorf last night in honor of William H. Crane, the actor. It was a testimonial from the members of the theatrical profession to commemorate Mr. Crane's half century on the stage. The gathering included men and women prominently connected with the theatre in many capacities.

In a few weeks Mr. Crane will have finished his fifty-third year of active life in the theater. He is now playing a New York engagement in "The New Henrietta." At the end of this season he expects to retire and live in New York. He will be seen on the stage again only in special performances.

CONGESTION OF WAR SUPPLIES IS WORSE AT VLADISVOSTOK

Vladivostok, March 1.—Congestion of war supplies at Vladivostok continues to grow worse. At present there are twenty-eight steamers in the harbor or waiting in the bay to enter the harbor. Pier facilities are lacking to accommodate the steamers. The thermometer registers twenty degrees below zero, and the extreme temperature and ice are adding to confusion. The cranes on the piers are not heavy enough to lift locomotives and other heavy weights, and consequently lighters must be utilized for this purpose. As there are only sufficient lighters to unload four steamers, the handling of locomotives is greatly delayed.

Four hundred and fifty American locomotives were sold to Russia for use in speeding up war supplies, and so far less than fifty of these have been unloaded at Vladivostok. American manufacturers are also sending twenty thousand steel cars to Vladivostok. Heavy floating cranes were brought from Japan to handle the war supplies but it is almost impossible to move these in the ice, and they are of an old type not well adapted to the present work.

Because of delay, demurrage charges are piling up against the freight. The shores of the harbor are blocked with cargo, and it seems impossible to get cars to move this out. The government says it has three thousand cars at Lake Baikal, but these are not coming with any regularity to Vladivostok and the situation seems to grow more confusing every day.

Barred wire, cotton and rails make up a great part of the cargo which is now reaching here. Various departments which are handling the cargo, insist on different sorts of supplies being taken to different piers. The result is that some ships unload less than 100 tons a day and in many cases the demurrage charges against one ship reach \$1,500 a day.

Here's A 'Tip' On Rheumatism Follow It

AN ACCURATE DESCRIPTION When your arm or your leg feels "all knotted" with rheumatism, when you feel as though your muscles were "tied up with a rope," you are really describing your pains accurately. Rheumatism is a condition of the body when acids and other deposits of impurities are actually "tied up" the strands of muscles in your body, or strangling the nerves and thus producing the awful shooting pains of sciatica, lumbago, etc. Medical authorities agree that these acid deposits are carried and deposited by the blood in the various parts of the body. It stands to reason, therefore, that local applications such as rubbing with so-called remedies can't do any permanent good. At best they can relieve the pain a little and only for a little while. The only way to effect a real cure is to attack the real cause—the blood. It is cleansed from the troublesome deposits by S. S. S., the reliable blood-purifier that is now easing the pains and healing the ills of the third generation. S. S. S. "goes after" the impurities in the blood as relentlessly, as eagerly, and as thoroughly as a ferret goes after rats; pursuing the poison into every vein and artery, into every nook and corner of the body, and chasing the troublesome substances out of the system. The blood thus cleansed, carries off the acid and other injurious deposits and "filters" them out of the body through the kidneys. S. S. S. is not a drug. It is a purely vegetable blood purifier. You can get S. S. S. at every drug store. But if in addition you should like to have the advice of the doctors in charge of our laboratory, do not hesitate to write us. You will receive free, conscientious and confidential advice. This is in line with our policy to make every effort to insure the best results from S. S. S. to every sufferer. Get a bottle at your druggist's today. If you wish special advice, write to Medical Department, Room 45, Swift Specific Company, Atlanta, Georgia.

LOYD GEORGE ISSUES BOOK ON WORKERS

London, Mar. 1.—In connection with Lloyd George's campaign for the "dilution" of labor in the munition factories with women workers, the ministry of munitions has issued an elaborate illustrated book dealing with the employment and training of unskilled women for munition work. The book contains hundreds of photographs showing the operations, with descriptive and explanatory notes.

Mr. Lloyd George writes in the preface: "The photographic records and written descriptions of what is actually being done by women in munition factories, on processes hitherto performed solely by skilled men, will I believe, act as an incentive and a guide in many factories where employers and employed have been sceptical as to the possibilities of dilution. Being convinced that until that policy is bodily adopted through-

out the country we cannot provide our armies with such an adequate supply of munitions as will enable them to bring this war to an early and successful conclusion, I very earnestly commend this book to the most serious consideration of employers and employed."

MOVIES CHIEF FORM OF PEKING'S RECREATION

Yuan Shi-Kai and Other Fans Looking for Lost Chapter of Story.

Peking, March 1.—Yuan Shi-kai is very fond of moving pictures, and he and all the members of his family attend a performance in the theater in the Forbidden City every week, when the films brought to the leading picture theater in Peking are shown for the entertainment of the Yuan household.

Recently Yuan Shi-kai, together with thousands of other interested cinema patrons in Peking has suffered a great disappointment. A mystery film to run for twelve weeks in Peking completed six instalments of the story, but the seventh instalment got lost somewhere in Sweden on its way over from London, and Peking is anxiously awaiting the unravelling of the plot. The young heroine of the film drama was seized by bandits when Peking last saw her, and residents of both the Forbidden City and the outer city are anxious to know of her fate.

Life in the Forbidden City affords few diversions especially since there have been some evidences of disloyalty among trusted employes. Consequently, Yuan Shi-kai and his family enjoy little liberty.

The president takes his exercise chiefly in drilling a section of the modern arm in the Forbidden City, while several of his sons play football and skate on the frozen lakes

Why those Pains?

Here is a testimonial unsolicited "If I had my will it would be advertised on every street corner. The man or woman that has rheumatism and fails to keep and use Sloan's Liniment is like a drowning man refusing a rope."—A. J. Van Dyke, Lakewood, N. J.

Sloan's Liniment for RHEUMATISM, SPRAINS, SORE MUSCLES. Within the great walls enclosing the palace grounds. Skating is also affording recreation for legion staffs and legion guards in Peking which has been more or less isolated as a result of the bitter feeling growing out of the European war. Practically all of the legations have their own temporary skating rinks built in their compounds. These rinks are covered with bamboo matting to protect the ice from the sun and dust. The American legation rink is practically the only rink in Peking where visitors of all European powers are entertained.

GET AFTER THESE DOLLARS

Our town should get ALL of the trade in our trade area. We don't worry about our neighboring town's business. We have enough to do to take care of our OWN. But we should get ALL of our own. How about these dollars that are GETTING away from us? How about the dollars that are SLIPPING through our fingers? We have the GOODS. We have the values. Our prices are RIGHT. And yet there is a lot of money slipping AWAY from us constantly. The best way to get AFTER this money is to tell the truth about the man or the system that is taking it away. Join the Trade-at-Home campaign.

Why pay for Experience when it is all around you.
