BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

They're fine! Liven your liver and bowels and clear your head.

No headache, sour stomach, bad cold or constipation by morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

RABBI ZEISLER TO SPEAK ON "REST"

At the regular Sabbath eve services to be held Friday evening at Temple Beth Ha-Tephila on Spruce street, Rabbi Joseph Zeisler will address the congregation on "Rest as an Upbuilder of Body and Mind." The temple choir will assist the services with appropriate hymns. Services begin at 8 o'clock, sharp. Everybody is cordially invited to attend. Divine services for children, and others on Saturday morning at 10:30. Religious instruction on Sunday morning at 10 o'clock.

REWARD OFFERED FOR GLASS BOY

Five hundred dollars has been offered for the return of James Glass, five-year-old son of Charles Glass, of Jersey City, N. J., who disappeared from a field, where he was playing, in Greely, Pike county, Pa. It was learned that the boy had been traveling with a band of gypsies through North Carolina. The police officials of various cities have been posted to look out for the lad.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver troubles, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

WILL HOLD ON TO CHARLES F. MOTT

Officer Persists in Belief That He Has Big Prize In Prisoner.

Special to The Times: Forest City, March 24.—"The mills of the gods grind slow, but exceedingly fine." This is the strong belief of K. I. Smith who has, as he expresses it, Chas. F. Mott safely housed in the county jail at Rutherfordton. Despite the fact that rather strong outside force is being brought about to prove that Mott is not Mott, Chief Smith says there is something materially wrong and he has papers enough to hold his prisoner for six months. It is true that two men claiming to be reporters of northern papers have come and gone, and expressed the belief that Smith's prize is not that which he is seeking; but K. I. says there has been enough clandestine work going on that gives him more hopes. He states that conversations between the prisoner and newspaper men have been overheard and he bases stronger hopes than ever of recovering a neat sum for his trouble. In fact, Smith says that when one of the newspaper men entered the presence of the prisoner the first time he exclaimed, "Why in the devil did you confess." Smith is expecting an officer from New York on every train. If the officer does not give him satisfaction he expects to take his prisoner to New York state, where he says he will uncover some hidden facts. The prisoner answers the description of the reward circular almost perfectly, except the facial make up, which change might have been brought about by using dopes or other means. Another thing that Smith does not understand is, why did his prisoner confess he was the man wanted, and when shown the photograph why did he exclaim, "Where did you get that," and almost collapse? Anyway the chief of police has done the country a favor. From reports, soap games have been in progress in other counties besides this one, and officers are awaiting their turn to serve papers on the prisoner. Should Smith fail to get the reward of \$1500 for Mott, it would be very likely that with the proper system more than that amount could be raised from those who have bitten at the soap game, and also from those more generous country merchants who escaped the soap fleeing game.

CHILDREN'S MATINEE AT THE MAJESTIC

The headline attraction tomorrow at the children's matinee at the Majestic theater will be the very pretty fairy story picture entitled "Heart of a Princess" which is said to be one of the most beautiful film productions of a romance of childhood that has ever been made. It abounds in many scenic views of unusual character. It is stated and tells a story that appeals to young and old alike. The interest of the on-looker is kept up throughout the entire production and the attractive costuming adds not a little to the charm of this photographic excellence as well as the pleasing character of the tale itself is worthy of special mention. In addition to the "Heart of a Princess" there will also be shown a Bray cartoon comedy entitled "Bobby Bumps and his Pointer Pup" and this film entertainment is growing immensely in popular favor all over the country. Another feature will be a Paramount travelogue picture that will undoubtedly prove interesting as well as instructive. The matinee hours are from 10 a. m. to 12 m. The increasing attendance at these matinees at the Majestic testifies to the appreciation of the Asheville parents and guardians of the wonderful opportunity they afford to the younger folks to see well-adapted, high-grade motion picture exhibitions.

WHOLESALE OPEN RETAIL YARDS

The Greenwood and Blackstock Lumber company, composed of Robert Greenwood, T. E. Blackstock and James Woodard has added a retail department to their wholesale concern and yards will be located in Asheville and Grace. Offices will be maintained in the Oates building in connection with the old company headquarters. This firm deals largely in hardwoods of all kinds as well as pine and hemlock. They operate sawmills from which they can place lumber products on the retail market to advantage, they state. Their decision to open a retail office is another indication that building in this section is on a boom.

Notable Religious Conference Cambridge, Mass., March 24.—One hundred and fifty delegates, representing colleges in all parts of New England, of New York and other states, assembled here today to attend the annual tri-semester religious conference under the joint auspices of Andover Theological seminary, Hartford Theological seminary and Union Theological seminary. Many widely-known theologians will address the conference during the three days' sessions. The program provides for the consideration of every phase of the churchmen's life and work.
