PAGEANT GIVEN BY HOME SCHOOL

Exercises Held in Honor of Founders of Local Institution, Late Dr. and Mrs. Pease.

In response to numerous requests Miss Florence Stephenson, principal of the Home Industrial school, announced yesterday afternoon that the pageant, "Children of Sunshine and Children of Shadow," which was given before a large gathering of pupils, members of the faculties of the schools, and friends, on the school campus, would be repeated in the auditorium of Oakland Heights Presbyterian church, at the school, at an early date.

The pageant was presented by the pupils of the school and the girls acquitted themselves in their work. The pageant was given in honor of Founders' Day, it being the thirtieth anniversary of the founding of the school by the late Dr. and Mrs. Pease. Miss Stephenson, who was the first and only principal of the school, had charge of the pageant yesterday afternoon.

The program, as carried out yesterday afternoon, follows:
"The Stars and Stripes Forever"—Girls' chorus.
Introduction of Sweet Pease. The founders: Rev. Lewis McKendree Pease, Mrs. Ann Eliza Pease, Rev. D. Stuart Dodge, Rev. Dr. Thomas Lawrence.

"The Order of Sweet Pease." Leader: Margaret Patton.
Report of executive committee of the order: Katherine Rice, for one year; Gladys Rector, for two years; Ruth Hunnicutt, for three years; Katherine Rice, chairman; Gladys Rector, secretary and treasurer.

Putting of motion for acceptance and adoption.
Introduction to committee. Written by Constance P. Arcey Mackey. Put out in typewritten copy by National Child Labor committee and sent to me by the secretary, Miss Josephine J. Eschenbrenner, with the statement that since it is copyrighted, its manner of presentation cannot be changed.

"The Stars and Stripes Forever" and "The Order of Sweet Pease." Directed by Miss Bandy and Miss Rigg, members of Home school faculty.
The report of the president of the order is as follows:
"The Order of Sweet Pease learning that the Riverside cemetery lot where the bodies of Mr. and Mrs. Pease rest needs some attention, appointed a committee consisting of: Katherine Rice, for one year; Gladys Rector, for two years; Ruth Hunnicutt, for three years, leaving new members to be appointed each year. For this year Katherine Rice is chairman and Gladys Rector secretary and treasurer.

The committee suggests to the order the following plan: Since it seems a fitting and pleasing thing to place some flowering plants on the lot and on the graves we choose the plants and tended here by the hands of the beloved founders of this school.
1. To cover the graves with English ivy transplanted from that placed here by Mr. Pease along our Norway Spruce driveway more than 30 years ago.
2. To border the graves with violets—a flower suggesting the fragrance and modesty of Mrs. Pease's life.
3. At the four corners of the lot to place clumps of peonies transplanted from those set on our campus here by the hands of Mrs. Pease and from those given us by one of her beloved friends, Mrs. Ellen M. Watson, of Pittsboro.

4. The anniversary days, namely, Founders' Day, October 5, Mr. Pease's birthday, June 25, and Mrs. Pease's birthday, April 12, the committee visit the cemetery and report to the order special needs in the way of improving and beautifying the cemetery plot.

There will be some expense connected with putting the lot in order, we call on the members of the Order of Sweet Pease and any friends who desire to share in this work of love, to place in the hands of the treasurer, Gladys Rector, any voluntary gifts toward this expense.

FUNERAL SERVICES FOR LITTLE NANCY RAYSOR

Funeral services over the body of Nancy Sarah Raysor, the six-year-old daughter of Mr. and Mrs. C. A. Raysor, who died at the home of her parents at No. 68 Grove street, yesterday, were held this morning at 10 o'clock from the residence. The pallbearers were A. M. Field, Walter Taylor, H. Taylor Rogers, and Charles G. Lee. Interment followed at Riverside cemetery.

FOOD BOARD SENDS OUT TEN LESSONS

Save for Allies—Germany Not Starving Yet, Is Said

"Ten Lessons on Food Conservation," is an unusually interesting pamphlet just received by the Asheville board of trade from the United States Food Administration. In addition to carefully prepared advice on what to save and how to make up a balanced ration for the tables, the first lesson throws strong light on the world food shortage and the needs of the allies during the coming winter. The allies will need 600,000,000 bushels of cereals while the United States and Canada appear to be in a position, under normal conditions, to send them half that amount. The problem is to save what we haven't produced. If everybody will eat three and a half slices of bread for every five slices they have been accustomed to the problem will be solved, says the bulletin.

The food administration doesn't take much stock in the possibility of starving Germany. That country normally raises four-fifths of its food supplies. In the war, then, its food problem has been to increase production 25 per cent. A marvelous and intricate system of food conservation was installed. The over-eating which the Germans have always practiced, says the bulletin, was cut down with astonishing results. They also hold the Roumanian grain fields and are cultivating Belgium and northern France.

In Germany fried dishes have disappeared, it is said. Food is stewed or boiled. Soap is a luxury and candles have gone out for good.

But the allies in peace times drew food supplies from all the world. Now they are cut off from Russia, South America faces a hard winter owing to the crop failures of 1916 which were world wide, and the allies of the United States face the hardest winter of their national lives in spite of all the aid Uncle Sam can give them, says the food administration.
If peace should be declared today, there would be no immediate solution of the food famine, it is pointed out. In addition to the needs of the allies, this country would be under the necessity of sharing what it could with its late enemies, who of course, are in desperate need of many food articles.

W. G. DAVIS SERIOUSLY INJURED IN WRECK

Seriously injured last night in an automobile wreck, W. G. Davis of Waynesville was reported at the Mission hospital at noon as resting more comfortable after a bad night. Cargile Turner, the Waynesville woman who was driving the Buick when it plunged over the bank near the concrete bridge between Asheville and West Asheville, has not been found, but she is thought to be alive. Robert Mitchell of Waynesville escaped unhurt and J. N. Leatherwood of the same place was slightly bruised about the head. The police found empty whiskey bottles in the car. A woman's hair comb was also found.
About 10:30 o'clock last night the car left the road beyond the bridge, going west, and rolled over several times down the bank for about 200 feet. Dr. G. D. Gardner came along a few minutes after the accident and brought Davis to the hospital where he operated on him. The man is injured internally and was in a critical condition last night. The car is battered and damaged considerably.

Where do you stand—will you win the Nash car? Phone 1951.

Give The Stomach A Chance To Work

We can't expect the stomach to act normally if the natural avenues of elimination are blocked so it cannot dispose of its refuse. When the bowels are constipated the stomach is called upon to work beyond its capacity and the result is bloating, belching, heartburn, discomfort generally, and unless a condition is promptly relieved, serious illness.

An effective remedy for constipation is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that acts on the bowels in a gentle, natural manner, without griping or other pain or discomfort, affording speedy relief. Get a bottle of Dr. Caldwell's Syrup Pepsin from your drugist and have it in the house when you need it. It costs only 25¢ and is the ideal family remedy, sold especially for children and old people, yet sufficient powerful for the strongest constitution. A trial bottle, free of charge, can be obtained by writing to Dr. W. E. Caldwell, 459 Washington St., Monticello, N. C.

Ma takes awful good care of us kids. Every night before she tucks us in and kisses me "good night" she asks me how I'm feeling. And if I ain't feeling just exactly fine she gives me something to fix me up. Mamma says every mother ought to get acquainted with this drug store.
TEAGUES' DRUG STORE.

FOOTBALL SEASON WILL OPEN THIS AFTERNOON

The local football season will be officially opened today with a game at Oates park this afternoon between the teams from Bingham and Chick Springs Military schools. Both teams have been doing some strenuous practice for several weeks and it is believed that today's game will be one of interest.
The team from the High school will play the eleven from Fleet school this afternoon, on the grounds of the latter and this game, too, promises to be one worth seeing. Coach Ehrman has been giving the local boys much work recently and he believes that the team is ready for the season.

SUPERIOR COURT ENDS FOR THE FIRST WEEK

The first week of the present term of Superior court, for the trial of civil cases, adjourned yesterday afternoon, and Judge Henry P. Lane, who has been presiding, returned to his home at Reidsville, where he will spend the week-end. Monday morning the second week of the court will convene. One of the last cases tried yesterday afternoon was that of James Lawson, colored, against the Asheville Power and Light company, in which the plaintiff was awarded \$25 damage. He sued for \$100. Nannie Denman was granted a divorce from James Denman.

SHORTAGE OF MEN AT ARMY CAMPS

Washington, Oct. 5.—Latest estimates show a probable shortage of from 1,000 to 3,000 men at the national army cantonments when the entire first increment of 687,000 has been mobilized.
Major-General Bliss, chief of staff, has decided that as quarters are available divisional commanders may arrange for the accommodation of press representatives assigned to daily papers to cover the news at the concentration points.
