Halifax Cut Off From Rest of World, Is No-Man's-Land of Suffering

NOT ENOUGH LUMBER TO MAKE COFFINS

By Nervous Strain After Gazing on the Dead

The Halifax Situation, end—From 1,500 to 2,000. Injured-5,000 Homeless—20,000, Money needed—\$30,000,000. Bodies recovered-800

St. John, N. B., Dec. S .- A bit of wire-the one link of quick communication between St. John and Halifax, with its suffering and grief stricken population-failed late today. Messages are reaching here only from towns near the devastated city. Un-der a wind swept covering of shifting snow, Halifax was practically isolated at last reports. Automobiles, which up to that time, had been used between the city and nearby towns, were almost useless on roads deep under

A late message from Trure said communication with Halifax had failed and all efforts to get in touch with the stricken city were unavail-

No Man's Land of Suffering.

Halifax, Dec. 8.—Blanketed by snow beneath which many frozen corpses lie stiff and stark in attitudes corpses he stiff and stark in attitudes establishing a hospital at Asheville for arony, Halifax tought is a No "Shell shock" patients, it is said.

Twalva hydrol had a stark in attitudes establishing a hospital at Asheville for "Shell shock" patients, it is said.

Twelve hundred bodies remain in their icy solitude in that blasted re-gion of the old city into which en-From that deserted horror spot in the north end of the town no sound comes tonight except the howling of the bitter Atlantic gale through skeletons of houses, and the occasional thunder of a tumbling fragment of wall.

Lights burn dimly in the Chebucto school road, where but a few days ago happy children sat at their desks. Tonight rows of bodies lie on the floor blackened, shattered fragments of human beings, and living people hud-dled in their furs step among the dead -searching.

As rapidly as possible the injured are being shipped away. A special train filled with suffering humanity departed for Trure, 70 miles away this afternoon. It was hoped the oin would be able to buffet its way through the blizzard to the little town where scores of homes have been prepared to receive the victims. Many Strange Freaks.

temporary hospitals. Relief for these workers of mercy came tonight when the first of the mercy trains from the United States arrived and its doc-tors plunged into their work.

Not Enough Lumber For Coffins.
All the doad, both identified and unidentified, lie uncoffined tonight.
There is not enough lumber in the

town to warrant using any of it for making caskets. Some bodies are wrapped in sheets. Others have bits of rag dropped over their faces.

Call for doctors came from hotels tonight where relatives of those who

tenight where relatives of those who died here succumbed to nervous strain and exhaustion after hours of gazing at dead faces frozen in expressions of agony, hunting for the one dead face they dreaded to find. The food depots were nearly at the end of their resources tonight. A system of rationing for all inhabitants of the city may be established. There is still food, but, with the city practically isolated, it must be carefully conserved or famine might add to the

served or famine might add to the hardships already undergone here. Many Children Killed. When coffins for the dead come in, there must be many small ones among them. The casualties among the chil-dren were frightful. More than two

Government Is Negotiating Lease of Kenilworth Inn as Hospital—Tuberculosis Sanatorium Desired

By GEO. H. MANNING.

Washington, D. C., Dec. 8 .- The war department is still intent on establishing a tuberculosis sanatorium at or near Asheville, and unless some hotel or other large building can be leased in that section the government Many Survivors Overcome will most likely erect its own building for the care of soldiers and sailors who develop tuberculosis during the

war.

There is a probability that a convalescent hospital for the care of ordinary war patients may also be established there. The surgeon-general's office of the war department has been making inquiries regarding quarters at Asheville that could be leased for a tuberculosis sanatorium for some time.

Kenilworth, held a conference here with the war department officials some thus ago and will make another visit here next week. The government tried to loase the Kentlworth inn from Air. Chiles during his last visit here as a tuberculosis sanatorium; but while

hat unless suitable buildings can be rented for both purposes the govern-ment will probably construct a tu-berculosis sanatorium itself and rent one of the Asheville hotels for a con-

valescent hospital.

There is no foundation for the report that the department contemplates
