Washington, D. C., Dec. 18, 1917.

"To the People of the South"

"Every year the normal travel is greatly increased during the Holiday season. This year it will be swelled by the return to their homes for Christmas of a large number of troops now in camp in the South. Furthermore, an extraordinary current traffic in military supplies, fuel and necessary commercial freight may be expected during the Holidays to limit our ability to provide comfortable passenger transportation.

"In view of these conditions, Southern Railway Company earnestly appeals to the traveling public not to attempt trips during the Christmas holidays except there be urgent necessity, to the end that those who must travel may do so with a minimum of inconvenience.
