## ARGENTINA MAY BE ASKED TO EXPLAIN "H." HIGH UP IN GERMAN SECRET SERVICE, SENT SCHULENBERG TO THIS COUNTRY TO GET INFORMATION

**Argentine President and His Cabinet Allow Germany To Dictate Policies in Defiance of People's Wishes**

By GEORGE H. MANNING  
Washington, D. C., Dec. 27.—There is abundant evidence abroad in Washington that very shortly the United States will call upon the Argentine Republic to explain a number of official acts of the Government of Buenos Aires which have been pro-German and anti-American.

President Irogoyen and the Argentine cabinet have so completely permitted the German agents to dictate the policies of Argentina that the United States has reached the point where a show-down will be demanded, and Argentina will be asked whether she may be considered on the side of the United States or Germany in this war.

President Wilson has maintained the "watchful waiting" policy towards Argentina while that country harbored German agents and sought to have other South American countries change from their stand alongside the allies to one of neutrality until tolerance and patience have ceased to be virtues.

The Argentine people who are patriotic and liberty-loving strongly favor the cause of the allies and are bitterly opposed to Germany. But their sentiments and wishes to align themselves strongly with the United States are set at naught by President Irogoyen and his cabinet who appear to be entirely under control of the German minister who has worked such mischief in Argentina and other South American countries.

The latest affront to the United States is the effort of the Argentine Government to have representatives of the South American countries, several of whom have broken off diplomatic relations with Germany, meet in Argentina and form a League of Neutrality. This movement was initiated by Luis Cabrera, special diplomatic representative of Mexico to Washington, who left Washington in a "huff" a few days ago, without giving notice to the state department and departed for Argentina. He went there to attend the League of Neutrality meeting and ostensibly to report to the German agents.

Other acts of Argentina which have been a source of constant irritation to the American government and believed to be work of German agents are as follows:

Count Luxburg is being harbored by the Argentine government in spite of the infamous recommendation he made to the German Foreign Office that "Argentine vessels be sunk without trace."

President Irogoyen declined to publish a series of cable dispatches from Count Luxburg, attacking and insulting Brazil and asking that German ships be sent to the United States. President Wilson referred to these dispatches in his expose of the illuminating correspondence between Luxburg and his home office sent from Argentina and suggested that Argentina would make the correspondence public, but this was never done.

Official correspondence has been exchanged between Argentina and Mexico having for its purpose the exchange of corn and other foodstuffs from the United States to Mexico and Argentina to be sent ultimately to Germany.

The United States has watched the work of the German agents in Argentina and other South American countries very carefully, and will not permit any of the Southern republics to get too firmly in the clutch of Germany. It is to be explained to the South American countries that Germany has nothing but selfish interests to serve in the Western Hemisphere and that to preserve their liberty they should align themselves with the allies.

The Argentine people are clamoring for war against Germany, and there may be quick developments in that country that will throw out the present rulers and the German agents and set up a representative government which will take sides with the allies.

San Francisco, Dec. 27.—A woman designated only as "H." and said to be prominent in German secret service, directed the activities of Franz Schulerberg, alleged master spy held here on a presidential warrant, according to information divulged by federal officials. Schulerberg is said to have been active in plans to destroy bridges and public buildings in Canada and shipping and warehouses in Pacific ports. Officials said the woman barely escaped arrest here four weeks ago, the day before Schulerberg was captured. The clue to her part in Schulerberg's operations was revealed in a letter found among his effects. Investigation showed, officials said, that the woman had been an agent of Wolf von Igel, former secretary to Franz von Papen, military attaché of the German embassy at Washington, and alleged head of the German espionage system in this country. She was described as a person of birth and education, a brunette, 35 years old.

According to federal officials the woman was Schulerberg's contact in the United States in 1914 for the alleged purpose of assisting in the maintenance of contraband wireless stations supported by the German government for the purpose of gaining military information and transmitting it to Berlin.

Further revelations concerning Schulerberg's activities disclosed today showed that in February, 1915, he inserted an advertisement in Spokane, Wash., newspapers looking to the purchase of a tract of land on which to colonize several hundred Spanish families. These families, federal officials said, were Hindus and the purpose of their colonization was to permit them easy entrance into Canada where they were to obtain military information and facts concerning the movement of Canadian vessels, to assist in raiding warfare conducted in the Pacific ocean by the Germans. The colonization plan did not materialize.

Some of Schulerberg's activities, according to the authorities, have been traced to Ram Chandra, a Hindu on trial here with 30 other persons, charged with attempting to foment a revolt against British rule in India. Ram Chandra made several payments of money to Schulerberg, officials said.

Schulerberg, according to federal officials, was a deserter from the German army and was activated only by the hope of financial gain. "He would not admit his connection with the woman agent."

**AT THE PICTURE SHOWS**

**At the Strand.**  
Virginia Pearson will be seen at the Strand today in the five part William Fox comedy entitled, "All For a Husband."

The action centers about a beautiful lunatic, a woman hater, the woman hater's sister and a friend of the latter. The sister picks her friend to wed her brother, but the lunatic objects, and it is the outcome of the objection with which the picture deals. In order to teach the brother a lesson the sister and her friend arrange for the latter to impersonate the lunatic, but the lunatic herself gets into the act and the picture is a very funny and entertaining from start to finish.

Deal's orchestra will accompany the picture today with appropriate music.

**At the Galax.**  
Douglas Fairbanks will be seen at the Galax again today in "The Habit of Happiness." This play is a psychological comedy, with a touch of melodrama, and deals with a young, red-blooded philanthropist, whose self-appointed mission in life is to make down-hearted people laugh. His optimistic views of life are welcomed by a number of men whom he selects from a New York bread line while conducting one of his social experiments. But his father expects no good to come of his peculiar ideas.

A crabbled old millionaire solicits Fairbanks' cure for the blues, and the "smile-doctor" meets his attractive daughter. An abduction of his prospective father-in-law is being planned by a group of Wall street men who want to get the old man out of town so they can swing a business deal. Fairbanks learns of the plot, routes the gangsters and suffers personal injury. For his reward the girl's father accepts him as his son-in-law and business partner.

Prof. Hollingsworth will accompany the picture today with appropriate music on the pipe organ.

**CHILE HAD NO IDEA OF JOINING**

Santiago, Chile, Dec. 27.—President Sanfuentes denied today that there was any foundation for the statement of Count von Luxburg, dismissed minister to Argentina, in his dispatches to Berlin that Chile was to be drawn into an alliance with Argentina and Bolivia for the purpose of forming a South American political bloc opposed to the war policy of the United States.

**Try Making Your Own Cough Remedy**

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Pinex (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, asthma, croup, whooping cough and bronchialitis, there is nothing better.

Pinex is a most valuable concentrate composed of genuine Norway pine extracts, and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., St. Wamoa, Ind.

**REV. MICHAEL O'KANE PASSED AWAY YESTERDAY**

Worcester, Mass., Dec. 27.—Rev. Michael A. O'Kane, S. J., former president of Holy Cross college, died yesterday in St. Vincent hospital, after an illness of about six weeks. He recently celebrated the fiftieth anniversary of his entrance into the Society of Jesus.

Father O'Kane was born in Ireland on July 12, 1849. He was president of Holy Cross college from 1889 to 1892, and had also served as a member of the faculty of Georgetown university. For many years he was a member of the Jesuit Missionary bands.

**Commemorated Jerusalem's Capture.**  
Venice, Dec. 27.—A memorial mass was celebrated in San Marco church Christmas day in commemoration of the deliverance of Jerusalem from the Turk. The ceremonial took on unusual significance inasmuch as the Austrians had declared they would be in the Piazza of San Marco by the holidays. Instead of this there were fervent demonstrations over the expulsion of the Turks from the Holy City.

**WANTS TO DISCOURAGE GODMOTHER PRACTICE**

Soldiers in France Not Allowed to Correspond With Strangers, Anyway

With the American army in France, Dec. 25.—The American expeditionary forces wish to discourage the budding practice of American women in adopting individual soldiers in France for the period of the war. The practice already threatens to choke the congested mail service and result in delay in transmission of important matter. Moreover, the censorship regulations forbid men to correspond with strangers and as this rule is being enforced rigidly it is desired that the people at home refrain from putting men here in an embarrassing position as they feel under obligation to answer such communications.

As an example of the interest certain women at home are taking in "adoptions" is an advertisement which has reached headquarters, showing the picture of a pretty girl and urging soldiers without godmothers to write to a given address.

**LAWSON NAMED FIRST DEPUTY DISTRIBUTOR**

Others Will Be Named in Each Producing District by Food Administration

Washington, Dec. 27.—Appointment of D. R. Lawson as first deputy distributor of the fuel administration has been announced as another step in the plan of de-centralization to promote more effective co-operation between the administration, the producers and the railroads. Mr. Lawson will be assigned to the Fairmont district of West Virginia. Others will be appointed in each producing district and in each case will be familiar with the coal industry and acceptable to the producers.

The duty of the deputy is to facilitate the shipment of coal to meet emergencies on requests and orders from the federal fuel administrator and from the state fuel administrators; to make equitable allotment of such orders among operators, and to keep the fuel administration at Washington informed of conditions in each producing district.

The plan contemplates also the designation of a railroad representative to advise with the deputy distributor in each producing district. The executive committee of the American Railway association has been asked through its chairman, Fairfax Harrison, to co-operate by appointing such representatives.

**AMERICAN STEAMER PROBABLY LOST AT SEA**

New York, Dec. 27.—The American steamship Tuscarora, formerly a lake vessel and requisitioned by the United States shipping board for Atlantic service, together with her entire crew of 35 men, is believed to have been lost at sea somewhere north of Cape Breton Island, according to advices received in shipping circles from Nova Scotia.

The crew of the Tuscarora was recruited in New England ports. The Tuscarora before being requisitioned by the shipping board operated between Lake ports. In September the vessel with others, was cut in two on the lakes, towed through the Welland canal and re-joined at Montreal, from where she sailed for New York December 8. A large number of former lake ships were caught in the heavy storm of two weeks ago and all but the Tuscarora have been reported. Today advices were received in shipping circles here that wreckage from a large steamer had washed ashore on St. Paul Island about 30 miles northeast from Cape North on Cape Breton Island. While there is as yet no positive identification of the wreckage, shipping men believe it is from the missing steamer. The vessel was registered at 2,386 tons gross and was built in 1890.

**Lifeboat Picked Up.**  
Halifax, N. S., Dec. 27.—A lifeboat from the American steamer Tuscarora, believed to have been lost with all hands, was picked up late yesterday by the lightkeeper on St. Paul's Island. Wreckage found nearby indicated that the steamer was dashed against the cliffs in a storm last week. There was no trace of the crew. St. Paul's Island lies between Cape Breton and New Foundland and many ships have been wrecked on its rocky shore.

**RE-ADJUSTMENTS OF STEEL PRICES NEEDED**

New York, Dec. 27.—According to the Iron Age, the war industries board, after a conference on Saturday with the Federal trade commission, has recommended to the president the indefinite extension after January 1, of the prices for steel promulgated late in September and those built upon them in the last three months.

"It is expected," the periodical says, "that the president will issue a proclamation shortly extending the operation of the present schedule. Whether a definite period will be named remains to be seen, but it is believed that some readjustments will come within the next 30 days."

**CONVENTS DO NOT COME WITHIN THE VEASY ACT**

Savannah, Ga., Dec. 27.—Charges of contempt against Mother M. Clare, mother superior of St. Vincent's convent, because of her refusal to permit a grand jury committee to inspect the institution under authority of the Veasy act, a state law, were dismissed today by Judge Meldrim, in superior court. The court held that the law provides for inspection of places where inmates are held in confinement. The evidence, the court said, did not show that the Sisters of Mercy in the convent were kept in confinement but remained there voluntarily and because of that fact the Veasy law did not apply to the institution.

A similar case against the head of the St. Francis Home, a negro orphanage is pending.

**TO DARKEN HAIR APPLY SAGE TEA**

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray-streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

**Ah! That's the Spot**

Sloan's Liniment goes right to it. Have you a rheumatic ache or a dull throbbing neuralgic pain? You can find a quick and effective relief in Sloan's Liniment. Thousands of homes have this remedy handy for all external pains because time and time again it has proven the quickest relief.

Generous sized bottles, at all druggists, 25c, 50c, \$1.00.

**Sloan's Liniment**  
KILLS PAIN

**FRENCH WORKERS AGREE WITH WILSON'S IDEAS**

Clermont-Ferrand, France, Dec. 27. At its national conference here the General Federation of Labor yesterday almost unanimously adopted a resolution referring to the war aims set forth by President Wilson, saying that the purposes of the Russian revolutionaries were virtually the same and declaring the position of the French workers could be expressed in similar terms. The federation was instructed to employ all its efforts to induce the French government to make a clear public statement of its conditions of peace.
