HE undersigned propose to open a Shool for the instruction of Law Students, in the town of Hillsborough, on the first of January next, provided a sufficient amber shall apply to justify the effort. They deem it unnecessary to allude to the advantages to be derived from pursuing such studies in the seclusion of a quiet village, nor to those benefits which spring from the association of minds engaged in the same pursuits. In addition to the usual course of elementary instructio they intend to add, by means of a Moot Court, some knowledge of the practice in the courts of this State. Examinations will be made monthly. and written or oral instructions given as often as required. Eight students is the least number with which they can commence.

The usual fees for instruction will be required and that for preparing a student to obtain a county Court licence will be demanded whether he re main long enough for that purpose or not. FREDERICK NASH,

PROSPECTUS

"The Agriculturist,"

AND JOURNAL OF THE STATE & COUNTY SOCIETIES

VOLUME II. HAVING nearly completed the Second Volume of the "Journal of the Teennessee State and County Agricultural Societies," we send forth proposals to the friends of improvement throughout the Union, for the Third Volume. We are frank to say, the patronage of the Agriculturist has already surpassed our fondest expectations and we have many demonstrations it has been useful wherever it has peen read. The circulation's, perhaps, greater than any other Agricul-tural work of the West, and therefore, those who read it, may expect to get information from a very large and respectable circle of contributors.

We again assure the public, we will give ou attention to every science and subject which we think will be beneficial to our country. Education-particularly Agricultural, or that kind best suited to Farmers and mechanics, we expect to discuss more fully than has yet been done in America; it will be our object to clearly define the true policy for working men generally, and especially for the laboring classes in Tennessee, This will lead us to examine whether Tennessee is intended as a planting, or provision growing and manu-facturing State, or both. We shall still dwell much upon the improvement of the soil, and fully investigate the science of breeding and rearing domestic animals. Horticulture will receive strict and constant attention. In a word, it is our intention to expose error of every discription, give our readers every thirty in our meens, calculated to improve the physical, moral, intellectual and pecuniary condition of man, and we will use evefor three months in the Highland Messenger | ry exertion to make the Agriculturist the very best

CONDITIONS. The work will be published monthly, on good paper—each No. to contain 24 pages, well stitched-at \$2 per annum; but will, in no instance be forwarded to a new subscriber without the Cash To any one who will get fiae new subscribers and remit the money free of postage, one copy will be her, and the same set for hearing exparte. A sent gratis; and 20 per cent commisson will be allowed to any one who will obtain a greater num ber of subscribers, transmit the money, and act as agent for the paper. Any one disposed, is authorized by this Prospectus to become an agent for the work. 13 Any person receiving this Prospectus and

not feeling disposed to exert themselves in behalf of the paper, will confer a favor by handing it over to some person who will take an active part in obtaining subscribers.

The Volumes for 1840 and '41, can be had for \$3; or a person sending us a \$5 bill, will be entitled to the Volumes for 1840, '41 and '42. No subscription received for less than on year. All subscriptions to commence and end with a Volume.

#### THE LADY'S WORLD OF FASHION.

A NEW Monthly Magazine with the above tifrom Paris and London, elegant Steel and Mezzotint Engravings. Lace Work Embroidery. Music, ect., will be issued early in December, in other Magazines The work will be devoted especially to the ladies, and will be issued in a style never before attempt. ed in this country. It will contain articles from the most popular and pleasing writers of the day on every variety of subject; but the work will be in the main devoted to the cultivation of the home virtues. Hence most of the stories will be of a practical, domestic character, from the pens of our best female writers, while the earliest fashions in all their varieties shall be correctly given ;so as to make the work welcome at every fireside In the halls of the fashionable and the gay,-the home of the virtuous matron, whose own needle supplies her raiment, as well as in the store and sewing room of the mantua maker and the milliner.

The Main design of the Work, The prominent design of the Magazine will be to furnish in elegant and attractive style, the earliest, most correct, and full report in advance of all the other Magazines, and prior to the issuing of them here, of the Monthly Fashions direct from Paris and London. The advantage of this to every lady who makes taste in dress the least matter of life, will at once be apparent, and to the professional dress maker and milliner of the United States the enterprise will be of incalcuable advantage. It is proposed to every month a number and variety of costume, which will put to the blush every thing in the way of monthly reports of the Fashions heretofore attempted. For this purpose the publisher has embarked the most ample means and resources in the enterprise, and has matured his plans both in this country and in Europe prior to commencement. It has been a favorite project and has been deliberately undertaken, and will be carried through vigorously. The first number will give an idea of the beauty and real excellence of the plates.

Elegant Steel Engravings. In order to render the work ornamental in the highest degree, and to make it a perfect parlor companion, and an ornament to the centre table, as well as entertaining in its literature, and useful in the style of the fashion plates, it is proposed to the most elegant Steel and Mezzotint engravings from the first artists in the country, illustrated by choice and entertaining stories of domestic life To vary the style of illustrations, occational Lace Patterns and Embroidery, got out in unsurpassed beauty and truth, by that excellent artist F. Quarre Esq, will also be given; and to leave nothing undone, at times will be given the most popular and elegant Music of the day, Songs, Gallopades. Marches, etc.

The Typography. The work will be printed on clear and beautiful type, on a paper larger than that of the present three dollar Magazines, with fine margin, and strong, white paper, and will contain as much matter, as can be compressed into 36 large octavo

Time of Delivery. The Magazine will be issued on or before the 15th of the month preceding the month for which it will be published, or dated, or about the time the steamships which sail from Europe on the first of the mouth, usually arrive. Thus the work will be in the hands of every subscriber with the most correct fashions before they can be got out here in any other Magazine. The Terms.

To bring the work within the reach of all, it will be issued at two dollars per annum for a single copy, or three copies for five dollars, eight capies for ten dollars, invariably in advance, post paid. The cheapness of the work will be at once appre ciated, when we state that the London World of Fashion retails in this country at \$10 per annum, and the Lady's Word of Fashion will include every sariety in the same style of excellence Address C. J. PETERSON, Ledger Building, Philadelphia.

The Greenville Mountaineer and Highland Messenger will copy four times, and forward accounts.-Journal A NEW WHIG JOURNAL

AT WASHINGTON CITY. THE undersigned have been induced, by recent events, to commence the publication of a new WHIG JOURNAL at the Scat of the General Government. The scheme has been stimulated into immediate developement, by the extraordinary defection (to use no harsher term) of a portion of the Whig party, and by the general feeling of indignation which is manifested in all directions, at the mischievous and fratricidal purposes of few ambitious or selfish politicians, who aim to

destroy the fruits of the glorious struggle of 1840 We shall raise the true Whig standard, and do battle to the best of our abilities, for the integrity of the great Whig party and the consumption of all the Reforms contended for in the late canvass. We shall go for such an administration of public affairs as will meet the generous confidence, and fulfil the patriotic expectations of the American People; and, in furtherance of these objects, we shall dedicate the experience of many years, and a zeal for the great cause which the vicissitudes of time have in no degree abated.

Promted, as we are, to this task, by the advice of Whigs in all quarters, we shall expect a zealous co-operation in our plan, on the part of members of Congress and others. The subscription price of the paper (which is to

be semi-weekly in the recess, and thrice a week during thesessions of Congress) will be FIVE DOLLARS per annum, invaribly in advance. JOHN H. PLEASANTS. JOHN S. GALLAHER.
