DEAR BRETHREN, -It will be remembered by you that, in 1839, subscriptions were taken up in the bounds of this district, to be applied to the purchase of land, and the erection of suitable buildings, for a District Parsonage, as contemplated by the excellent discipline of our church. These subscriptions were sufficiently liberal to justify us Rev. Mr. Decotsus, in the belief that there would be little or no difficulty in procuring an amount sufficient to answer the purposes contemplated. Accordingly, we purchased, as you have all been informed, what we consider d a very eligible site, near the village of Asheville, and forthwith cancel to be erected thereon n kitchen, smoke house, stable, crib, &c. Not one half of the among originally subscribed has ever been paid in. while every new effort to enlarge the subscription has entirely failed. A heavy debt is now hanging over the property, the interest of which, during the three years last past, has considerably increased the original amount, and the prospect of payments becomes more and more dull. We have tried again and again to collect what was afready U.S. District Court of N. a question about which, for many months past, we have felt much anxiety. At the last meeting of the board of Trusters, which was on the 6th instant, after a careful examination of the subject in all its bearings, we deliberately came to the conclusion that the only means left us of meeting the demands against the property was to bring it to a public sale at as early a day as practicable, which we accordingly resolved to do on Tuesday, the 4 h day of July next. To this course we have conwe can assure you that none can regret it monday, the first of May next. more sincerely than we do. But the delahad to be paid-we had not the means, nor could we collect even what had been subscribed, much less increase the subscription; and unless we had adopted some decisive measure when we did, judgment mig'it have been taken against us and the property sold under execution, when it inevitably would have brought much less than what it will when brought into sale as we propose on six and twelve months' time; besides the latter course will be much more creditable to us, and we doubt not more acceptable to yeu. It is certainly good property, and in ordinary times would bring much more, we think, than what it costwhat it will bring now, under the present pecuniary embarrassed condition of the be declared a Bankrupt, at Wilmington, on Moncountry, remains to be seen. It is to be deeply regretted that among so many, the requisite sum to save this property has not been obtained-but we have tried and tried again and again in various ways, without success, and are reluct onthy driven to the above course.
