December 16 THE SEWING MACHINE, AT REDUCED PRICES.

HEELER & WILSON'S improved patent has taken preminms over all others, as the best sewing machine yet patented. During the past autumn the trials have been numerous, and all the patents of any pretension have been fairly into competition. In every cases the Wheeler & Wilson Machine has won the highest premium. We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin and California, and the Fairs of the Cincinnati, Detroit, Chicago and St. Louis Institutes, already held. At the Fair of the St. Louis Mechanical Association the committee consisted of twenty-five ladies of the highest social standing, who without a dissenting voice awarded, for the Wheeler & Wilson Machine the highest and only premium, a silver pitcher valued at \$75. If these facts do not establish a reputation, we know not what can.

From our own experience, and the testimonials received from those to whom we have sold these Machines, we confidently recommend them to the EDGERTON, RICHARDS & CO., 32 and 34 Broad-st., Charleston, S. C.
