With this design, the numerous Encyclopædias, Dictionaries of special branches of study, and popular Conversations, Lexicons, in the English. But the New American Cyclopædia is not founded on any European model; in its plan and elaboration it is strictly original. Many of the writers employed on this work have enriched it with their personal

researches, observations and discoveries. As far as is consistent with the thoroughness of research and exactness of statement, the popular method has been pursued. By condensation and brevity, the editors have been enabled to introduce a much greater variety of subjects than is usually found in similar works, and thus to enhance the value of the New American Cyclopædia as a manual of Universal Reterence. The January number is a fine specimen of what this valuable publication will be for the future .-The course Putnam is pursuing will stamp it with permanency, and the reason for this permanency will be the substantial literature which its pages offer to the public. Putnam is the pioneer, in our opinion, of a new era in literature, and which must, at some future day, take possession of the people. The present is the age of romance, and light literature has its millions of votaries, but the coming age will be the age of substantialities, and then Putnam will lead the van and establish a going fully into the policy and principles which fame which other cotemporary Magazines can never pretend to aspire to.—Brooklyn, L. THE GLOBE:

THE OFFICIAL PAPER OF CONGRESS PUBLISH now my annual Prospectus of The Daily Globs, and The Congressional Globs and Appendix, to remind subscribers, and inform those who may desire to subscribe, that Congress met on the first Monday of December, 1860, when I resumed publishing the above-named papers. They have been published so long, that most public men know their character, and therefore I deem it needless to give a minute account of the kind of matters they will contain.

The Daily Globs will contain a report of the Debates in both branches of Congress as taken down by reporters, equal, at least, to any corps of short-hand writers in this, or in any other country. A majority of them will, each, he able to report, verbatim, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more than forty-five columns, they will appear in The Daily Globe of the next morning, which will contain, also, the news of the day, together with such editorial articles as may be

together with such editorial articles as may be suggested by passing events. THE CONGRESSIONAL GLOBE AND APPENDIX, WILL contain a report of all the Debates in Congress, dent of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quarto size, each number conaining sixteen pages. The whole will make, it is believed, at least 2,000 pages. This is acknowledged to betthe cheapest work ever sold in any coun-

try, whether a reprint or printed from manuscript copy, taking for data the average number of words it contains. The coming session will, without doubt, be an unusually interesting one, because the debates will, in a great measure, be upon the policy of the President elect, and The Globe will be, as it has been for many years past, the only source from which full debates of Congress can be obtained. WASHINGTON, December 18, 1860. THE PAPER FOR YOUR FAMILY! A NORTH CAROLINA PAPER! THE TIMES: A large Eight-Page Weekly, published in Greensboro' \$2.00 a year; \$1.00 for six months.

HE TIMES contains weekly forty columns of choice matter, specially adapted to the family circle. It is neither sectarian nor political, but by being courteous to all scots and provides, it is the constant aim of the publishers to present in its columns whatever may elevate the people and enrich the State. The publishers would earnestly appeal to the families of North Carolina to give THE TIMES a trial; try it for six months, to see if it be not as well to patronize home papers, as those from abroad; to build up home interests and a State pride, and to scatter our substance and our energies among strangers. Give THE TIMES a trial and then let it stand upon its merits. WHAT IS SAID OF THE TIMES

"The Times I regard as the very first of our Southern Literary Weeklies."—Rev. C. F. Deems. "I know of no Weekly published anywhere, that is so deserving of public patronage as the Times."

—Rev. J. E. Edwards. "There is no pandering to a vitiated taste-evey article is of a moral tendency, and calculated ooth to amuse and instruct."-Wilmington Herald "One of the handsomest weekly papers published n the Union."-Spirit of the Age.

AD VALOREM BANNER. A NEWSPAPER FOR THE PEOPLE. S soon as the necessary arrangements can be made, and I hope to have them completed early in January, 1861, I will commence, in the City of Raleigh, N. C., the publication of a weekly Newspaper, to be called the "AD VALOREM BAN-It will be published in quarto form, on good paper, and with new materials throughout. The limits of a Prospectus will not admit of my will govern my course as an Editor, and I can now only give the outlines briefly.

First.-The BANNER will be, in many respects. different from any other paper published in the State, or the South. About half of it will be devoted to Literature of a high order, such as Poetry, Tales, Essays, Biographies, &c., in which department I will be aided by some of the best writers of the age. The rest of the paper will be devoted to Politics, News, general Miscellany, &c., thus combining the advantages of a good, Family paper, with the political principles of truth, justice and Second .- I am a Democrat-one of the Old

Guard-and under present circumstances a Union

man. I shall think for myself, and speak what I think, if I so choose, regardless of threats, cliques, combinations, magnates and potentates. I shall adhere to the great conservative principles of my party, and not be seduced by the "zeal without knowledge" of new converts. My advisers shall not be those with the scent of "Sam," after putrefaction took place, upon their garments; and most especially will I not be counselled by any one who was regarded as too unreliable to be admitted into Know-Nothing lodge!

Third .- I helped to fight the battle on a great popular right, (Equal Suffrage,) which gave the Democratic party power in North Carolina; and now I shall strive to maintain that power by sustaining another great popular right-Equal Taxation. We have equality at the ballot-box; let us have it at the Treasurer's Office also. Fourth .- While I shall adhere to the old landmarks of Democracy, I shall free myself from that worst of tyrannies-party tyranny; and shall ever oppose the action of caucuses and conventions when ruled by a minority, and by an irresponsible

PLE, and against political speculators. It will counsel union and harmony, and advocate fair dealing and a fair expression of the public will. Sixth .- If Mr. Lincoin or any one else violates the Constitution, I shall advocate his removal from power and the infliction of a punishment commensurate with the crime; but I am not in favor of rashly overthrowing the fairest governmental fabric in the world, and of blotting out the last great hope of freedom, on account of the villainy f any man or set of meu. Seventh.—As occasion requires I shall use a set f editorial casters, well supplied with the vinegar

Fifth .- The BANNER will speak for THE PEO-
