Arrest of Englishmen as Spies. A letter from Cairo to a Cincinnati pa-

order of the State Department, Treasonable documents (I learn) have been found

There is one matter of fact that ought to be made public. Since the receipt of the news from England regarding the Mason and Slidell affair, a great many Englishmen have made their appearance at this post .-I do not wish to impute to them any improper purposes, but the Union men suspect them for the reason that they have not appeared before. They are all wealthy men one, in all probability, belonging to the nobility of England. There is no doubt of the fact, that there is a secret agency from England watching us and onr civil

A Stamp Tax for the North.

The Chicago Tribune, which, alone of all the journals published in the Northwest, is bold enough to tell an occasional truth about the affairs of the State, comes to us in its issue of 7th inst., very lachrymose on the question of finance. It confesses the necessity of heavy taxation, such as no "financial bankruptcy staring the Government in the face," and proclaims itself in favor of an odious stamp tax as one of the expedients necessary to fill the empty Fe-

tract to be absolutely void, of course, if the taxation is followed in Great Britain, Belmonarcial despotism at Washington, which already divested of its republican parathe despotic Government of the Old Worldmore perfect. STATE JOURNAL.

HAVING become the proprietor of the Demo-cratic Press. I have merged that paper into the STATE JOURNAL, which will be published Semi-Weekly and Weekly.

The STATE JOURNAL will advocate Democratic principles in the broadest sense, and will support and defend Democratic measures and their auvocates as they are presented, and as occasion may require. In other essentials it will be my aim to make the paper, what its name denotes, a State Journal—eschewing all sectional considerations and working for the entire State and her common SAW DUST BURNERS,

As soon as arrangements can be made, the whole paper shall be re-modeled and printed with new type, on good paper, and in a superior manner.

The Editorial department will be properly attended to in its various branches, and will speak for itself. Neither labor nor expense will be spared in the management of the paper.

HILLSBOROUGH RECORDER,

TITH the present volume the RECORDER commenced the fortieth year of its existence, the first number having been issued the 10th of February, 1820; during all which time we have labored to make our paper interesting and useful, and we hope that in these particulars we have not been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Pa per, devoted to Politics, Agriculture, Miscellany, General News, &c., with a view to the entertainment and improvement of the farmers and citizens of the circle in which it is distributed. Our Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical use to the farmer and cultivator; and in this paricular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscella-neous department, we shall contine to be, as we have always been, careful to select such articles as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be thankful to receive well-written articles to alorn our columns, we are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and ill-digested articles, though ornamented at the top with the coveted words—"Written expressly for the RECOKDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to enable us to do so we have facilities equal to those enjoyed in any portion of the State

THE SOUTHERN GUARDIAN IS PUBLISHED AT COLUMBIA, SO. CA.

BY CHARLES P. PELHAM.

Inserted at the following rates in the Dally and Tri-Weekly: One square (10 lines or less) one insertion...50 etc square for each insertion. We offer to advertisers the inducement of send-

ing their favors to be read by a numerous and influential class of readers, both in town and country. The Southern Guardian presents great advantages as an advertising medium; its circulation is large, and is daily and rapidly extending,—particularly in the middle and upper stricts of the State. The Job Office is thoroughly appointed in all respects, and fitted for every description of Job Work. In connection with it is a Bindery.

The Southern Guardian is devoted to the maintenance of the rights, honor and interests of the South under the Constitution. While it is willing to sustain the Democratic party whenever its course shall command approval by its justice, it yet more confidently and distinctly rules upon the people of the South; and as the best preparation for the contest which is even now upon us, it will sealously labor to effect union and co-operation amongst currentees.

In the management of this journal, the arry production of every class of news from all parts of the world, the lessons of virtue and morality, the interests of education, agriculture, commerce, and manufactures,—will be kept prominently in view, and no effort will be spared to make it, in all repeats, an acceptable fire-side visitor.

We send our Daily to nearly all the Weeking newspapers of the State, Will they in consideration of this advantage, kindly give the above prespective a few insertions.

It is an enactment levying a tax by means of stamps on the paper upon which agreements, policies of insurance, notes of hand. mortgages, bills of exchange, and other like instruments for the payment of debts and transfer of property are written-the constamp paper is not used.
