Important from Richmond. Received at Telegraph Office, Feb. 18, 1 at Bulletin Office, 6:25 p. m. RICHMOND, Feb. 15 -Intelligence just received from official quarters says a vigo-

rous battle took pince yesterday at Fort Donelson. Eight Federal Gun Boats approached to within a lew hundred yards of the Fort and opened a tremendous rolley of shot and secured, no further interruption of duties need be apprehended.

Two or three Gun boats were grestly damaged and the Federal loss must have been considerable. On the Confederate side none were killed, none wounded, nor

any injury to guns or fort. The Gun Boats were forced to retire. Confederate victory complete, but it is probable the Federals will renew the attack to-day.

NASSVILLE, Feb. 14 - The enemy's Gun Boats opened fire on Fort Donelson at 34. this afterneon.

Only ten foot of Water on Harpers Shoals, and the river falling rapidly. Our Pilots say the Gun Boats cannot pass over to-morrow.

A special dispatch to the Union & Amer can, dated Fort Donelson, 14th, says six Gun Boats attacked the Fort this afternoon and a terrific fight lasted near two hours. Not a man or gun on our side was hurt. Two Federal Gun Boats were badly in jured; a third crippled. All retired.

No demonstrations were made by the Intantry to-day. It is believed the enemy has received reinforcements. We expec it all around to-morrow.

COFFEE! COFFEE! IS MANUFACTURED AT M. KELLY'S Southern Excelsior Coffee Mill, Raleigh, and is equal to the best coffee. It is made of coffee, rye and chickory, and is rossted in a cylinder by machinery, and therefore is better parched than can be done by hand. Chickory is not so well known in Dixie land, but in Europe they use it to give a superior flavor to the coffee. In Germany they call it sagorah, and here we call it dandation. In

POLITICS, AGRICULTURE, MISCELLANY, GENERAL NEW DENNIS HEARTT. HILLSBOROUGH, N. C.

WITH the present volume the RECORDER commenced the fortleth year of its existence, the first number having been issued the 10th of February, 1820; during all which time we have iabored to make our paper interesting and useful, and we hope that in these particulars we have not been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Paper, devoted to Politics, Agriculture, Miscellany, General News, &c., with a view to the entertainment and improvement of the farmers and citisens of the circle in which it is distributed. Our Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical use to the farmer and cultivator; and in this particular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscellageous department, we shall contine to be, as we have always been, careful to select such articles as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be thankful to receive well-written articles to a livruour columns, we are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and lil-digested articles, though ornamented at the top with the coveted words— "Written expressly for the RECORDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to enable us to do so we have facilities equal to those enjoyed in any pertion of the State, excepthose favored with telegraphic communication.

Payment always to advance. Any of our old subscribers who will obtain five subscribers and send us the cash, shall receive their own paper free of charge. Take Notice.

FROM THIS DATE, our Books are positively olosed to all. Cash will, in every instance, be required, without distinction of persons.
