COFFEE! COFFEE! IS MANUFACTURED AT M. KELLY'S Southern Excelsior Coffee Mill, Raleigh, and is equal to the best coffee. It is made of coffee, rye and chickory, and is rossted in a cylinder by

machinery, and therefore is better parch-ed than can be done by hand. Chickory is not so well known in Dixie land, but in Europe they use it to give a superior flavor to the coffee. In Germany they call it sagorah, and here we call it dandalion. In England it is so highly appreciated that they lay a duty of two pounds ten shillings sterling per hundred weight to protect the growers of it. We annex Professor Em-

VITH the present volume the RECORDER commenced the fortieth year of its existence, the first number having been issued the 10th of February, 1820; during all which time we have labored to make our paper interesting and useful, and we hope that in these particulars we have not been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Paper devoted to Politics. Agriculture, Miscellany. wish to make the RFOORDER a good Family Pa-per, devoted to Politics, Agriculturs, Miscellany, General News, &c., with a view to the entertain-ment and improvement of the farmers and citi-zens of the circle in which it is distributed. Our Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical use to the farmer and cultivator; and in this paruse to the farmer and cultivator; and in this particular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscellaneous department, we shall contine to be, as we have always been, careful to select such articles as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be that kful to receive well-written articles to a lorn our columns, we are not so ambittous of originality as not to prefer selected matter of superior merit, our columns, we are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and ill-digested articles, though ornamented at the top with the coveted words—"Written expressly for the RECORDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to enable us to de so we have facilities equal to those enjoyed in any portion of the State, except those favored with telegraphic communication.

A NORTH CAROLINA PAPER THE TIMES:

A large Eight-Page Weekly, published in Greensboro \$2.00 a year; \$1.00 for six months.

THE TIMES contains weekly forty columns of choice matter, specially adapted to the family circle. It is neither sectarian nor political, but by circle. It is neither sectarian nor political, but by being courteous to all sects and parties, it is the constant aim of the publishers to present in its columns whatever may elevate the people and enrich the State. The publishers would earnestly appeal to the families of North Carolina to give THE TIMES a trial; try it for six months, to see if it be not as well to patronize home papers, as those from abroad; to build up home interests and a State pride, and to scatter our substance and our

State pride, and to scatter our substance and our energies among strangers. Give the Times a trial and then let it stand upon its merits.
