Every right of peaceful citizens has been

WITH the present volume the RECORDER commenced the fortleth year of its existence, the first number having been issued the 10th of February, 1820; during all which time we have labored to make our paper interesting and useful, and we hope that in these particulars we have not been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Paper, devoted to Politics, Agriculture, Miscellany, General News, &c., with a view to the entertain. ment and improvement of the farmers and citisens of the circle in which it is distributed. Our Agricultural department we endeavor to fill with Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical use to the farmer and cultivator; and in this particular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscellaneous department, we shall contine to be, as we have always been, careful to select such articles as well have a tendercy not only to amuse, but to as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be thankful to receive well-written articles to a lorn our columns, wa are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and ill-digested articles, though ornamented at the top with the coveted words—"Written expressly for the RECORDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to enable us to do so we have facilities equal to those enjoyed in any portion of the State, except those favored with telegraphic communication.
