HILLSBOROUGH, N. C. ITH the present volume the RECORDER commenced the fortieth year of its existence, the first number having been issued the loth of February, 1820; during all which time we have labored to make our paper interesting and useful, and we hope that in these particulars we have not been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Paper, devoted to Politics, Agriculture, Miscellany, General News, &c., with a view to the entertain ment and improvement of the farmers and citizens of the chroic in which it is distributed. Our Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical use to the larmer and cuitivator; and in this particular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscellaneous department, we shall contine to be, as we have always been, careful to select such articles as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be thankful to receive well-written articles to adorn our columns, we are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and ill-digested articles, though ornsmented at the top with the coveted words-"Written expressly for the RECORDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to enable us to do so we have facilities equal to those enjoyed in any portion of the State, except those favored with telegraphic communication.

To the People of North Carolina. At the request of President Davis, I have undertaken to collect all of the arms now

in the hands of private citizens of our State. For that purpose I have been invested with authority to borrow, purchase, or, if necessary, to impress them. I am satisfied that it will never be necessary to resort to the use of the last named power. Patriots of North Carolina, our soil is invaded, and though we have men enough to repel the invaders, our men are useless unless they have arms. Upwards of 20,000 stand of arms are now lying useless in our houses; these arms should be collected and placed in the hands of our noble defenders. None but a craven or disloyal citizen will refuse to comply with this requisition. I will immediately appoint suitable agents to go

their muskets, rifles and double-barrel shot guns (good, bad or indifferent,) to the sheriffs of the different counties, whom I do hereby authorize to receive and pay for them agreeably to the attached schedule of prices, and draw on me for the amount ne-For good rifles and muskets, \$13 and \$20
