The monthly New York Fashion Letters and weekly letters on Life Washington are additional attractions in favor of its lady readers. from this city at regular stated periods.

Feeling confident that such a journal is greatly needed in this State, and believing that it will be sustained, if located at the Capitol of the State and conducted with spirit and ability, I have determined on making the venture, and call upon every Farmer and Planter in South Carolina to encourage the enterprise by their patronage. It will be printed in the finest style of Typography, with new type, on fine paper, handsomely embellished, and eight pages added to its former

To the People of North Carolina At the request of President Davis, I have undertaken to collect all of the arms now

in the hands of private citizens of our State. For that purpose I have been invested with authority to borrow, purchase, or, if necessary, to impress them. I am satisfied that it will never be necessary to resort to the use of the last named power. Patriots of North Carolina, our soil is invaded, and though we have men enough to repel the invaders, our men are useless unless they have arms. Upwards of 20,000 stand of arms are now lying useless in our houses; these arms should be collected and placed in the hands of our noble defenders. None but a craven or disloyal citizen will refuse through every county in the State, empowered to borrow, purchase, or, if necessary, impress arms; but in the meantime let me
