DENNIS HEARTT HILLSBOROUGH, N. C.

WITH the present volume the RECORDER commenced the forfieth year of fits existence, the first number having been issued the 10th of February, 1820; during all which time we have labored to make our paper interesting and useful, and we hope that in these particulars we have not been alterether proposessful. It has been our been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Paper, devoted to Politics, Agriculture, Miscellacy, General News, &c., with a view to the entertainment and improvement of the farmers and citi-sens of the circle in which it is distributed. Our Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical, use to the farmer and cultivator; and in this particular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscellaacous department, we shall contine to be, as we have always been, careful to select such articles have always been, careful to select such articles as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be thankful to receive well-written articles to a lorn our columns, we are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and ill-digested articles, though ornamented at the top with the coveted words—"Written expressly for the RECORDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to enable us to do so we have facilities equal to those enjoyed in any portion of the State, except those enjoyed in any portion of the State, except those favored with telegraphic communication.

It is neither sectarian nor political, but by being courteous to all sects and parties, it is the constant aim of the publishers to present in its columns whatever may elevate the people and enrich the State. The publishers would earnestly appeal to the familles of North Carelina to give THE TIMES a trial; try it for six months, to see if it be not as well to patronize home papers, as those it be not as well to patronise home papers, as those from abroad; to build up home interests and a State pride, and to scatter our substance and our energies among strangers. For that purpose I have been invested with authority to borrow, parchase, or, if necessary, to impress them. I am satisfied that it will never be necessary to resort to the use of the last named power. Patriots of North Carolina, our soil is invaded, and though we have men enough to tepel the invaders, our men are useless unless they have arms. None but a craven or disloyal citizen will refuse to comply with this requisition. I will im-
