Being authorized to raise a Company of Partitan Rangers, I propose to the young men of Mecklenburg and the adjacent counties, to organize such a corps; and as the time has come when our country must be detended from marauding bands of hireling soldiery, now is the field open for active service, and let those who wish to win for themselves a place in the history of their country come forward and enroll their names, and let it not be said that Southern North Carolina sent forth a single conscript to fight for her independence. A CARD TO THE PUBLIC.

THE NEWBERN Daily and Weekly Progress. IT IS ALREADY KNOWN TO TARE PUBLIC that the unceremonious natrance of Burnside into Newbern on Friday lass has compelled the temporary suspension of the PROGRESS. Tols was a baroarous and villanious proceeding of old Burnside, inasmuch as is has deprived the public of the advantages of a good paper, besides the inconvenience to the citi-

By the discomfiture of our arms at Newbern, I have lost everything I had in the world-presses, type, and stock and other office material and furniture and other property of all kinds, is all gone -but still I hope to be able to make arrangements at an early day to issue the PROGRESS at some point not very remote from the old stand; this will depend however upon the extent to which Burnside is able to penetrate the bowels of the

sens of Newbern.

Having lost all I have, I must urge all who are ndebteu to the PROGRESS office to make immediate settlement. Though in the army my address will be for the present, Goldsboro, N. O. Papers in the State that receive the PRO-Ghess in exchange will please copy or notice this card.

J. L. PENNINGTON.

Goldsboro, March 17, 1862.

To the People of North Carolina,

At the request of President Davis, I have undertaken to collect all of the arms now in the hands of private citizens of our State. For that purpose I have been invested with authority to borrow, purchase, or, if necessary, to impress them. I am satisfied that it will never be necessary to resort to the use of the last named power. Patriots of North Carolina, our soil is invaded, and though we have men enough to repel the invaders, our men are useless unless they have arms. Upwards of 20,000 stand of arms are now lying useless in our houses; these arms should be collected and placed in the hands of our noble detenders. None but a craven or disloyal citizen will refuse to comply with this requisition. I will immediately appoint suitable agents to go through every county in the State, empowered to borrow, purchase, or, if necessary impress arms; but in the meantime let me entreat all true patriots to send in all or their muskets, rifles and double-barrel shot guns (good, bad or indifferent,) to the sherits of the different counties, whom I do hereby authorize to receive and pay for them agreeably to the attached schedule of prices, and draw on me for the amount ne-

For good rifles and muskets, \$13 and \$20 each, according to value; good doublebarrel shot guns from \$13 to \$38, according to value; other arms and parts of arms

according to valuation. I have also been requested to purchase old scrap irou, whether cast or wrought, and of all weights, for which I will pay for the former 1 cents per pound; for the latter 4 cents. W. S. ASHE.

DENNIS HEARTT. HILLSBOROUGH, N. C. ITH the present volume the RECORDER commenced the fortleth year of its exis-tence, the first number having been issued the 10th of February, 1820; during all which time we have labored to make our paper interesting and useful, and we hope that in these particulars we have not been altogether unsuccessful. It has been our wish to make the RFCORDER a good Family Paper, devoted to Politics, Agriculture, Miscellany, General News, &c., with a view to the entertain. ment and improvement of the farmers and citi-zens of the circle in which it is distributed. Our Agricultural department we endeavor to fill with the best selections we can make from all sources, giving preference to such as will be of practical use to the farmer and cultivator; and in this particular we hope to make the RECORDER as valuable to the agriculturist as any periodical of a purely agricultural character. In our Miscellaneous department, we shall contine to be, as we have always been, careful to select such articles as will have a tendency not only to amuse, but to improve the mind and heart. While we shall be thankful to receive well-written articles to allorn our columns, we are not so ambitious of originality our columns, we are not so ambitious of originality as not to prefer selected matter of superior merit, to loosely-written and ill-digested articles, though ernamented at the top with the coveted words—"Written expressly for the RECORDER." In our News department we shall take especial pains to present to our readers the latest intelligence; and to each latest to do so we have facilities pound to to enable us to do so we have facilities equal to those enjoyed in any portion of the State, except those favored with telegraphic communication.
