Miscellaneous Northern News. New York fashonable society has had "sensation," in the elopement of Mrs. Schoolcraft, of Geneva, N. Y., a niece of Secretary Seward, with Dr. Beattle, "hei physician and intimate friend." The absconding lady is a widow, and the Doctor leaves behind him a wife and family. They took passage in a late steamer for Europe. The worst of the joke is that Mrs. Beattie gave a grand entertainment in honor of Mrs. S.'s departure for Europe, little thinking that she was about to "cause the

The correspondent of the New York Express announces that by the evacuation of James Island all chance of approaching Charleston by any feasible land route has been abandoned. The Federal troops have also retired from Edisto Island, and now only-hold Hilton Head, Beaufort, Pulaski, J. G. WILKINSON & CO., and their immediate dependencies.

In a speech at Boston last week Hon. Charles H. Clarke (son of the present Gov. FINE WATCHES, JEWELRY, SILVER ernor of Texas,) said he was with Gen. Houston in his last moments, and he died with the 'good old flag'' about him. It has not before been stated that he was

Gen. Sherman, at Memphis, has ordered that no more gold shall be paid for cotton. and venders retusing current funds shall forfeit half their cotton.

Thomas Comer, a well-known actor and musician, died on Monday evening at the Broomfield House, Boston, aged 72 years. The Rev. Messrs. Ford, Baldwin, and Elliott, of Nashville, were sent to the Indi-

ana penitentiary on the 29th. A man, for "advocating Jeff. Davis and chivalry," was ducked in a pond on Boston Commons last week.

There are said to be about two regiments of Federal deserters straggling about the State of Wisconsin.

Guerillas Hung-What says the

Government? General Fitch, late Senator from Indiana, now leading a brigade at St. Charles, in Arkansas, has just hung two guerillas, in pursuance of pledges to do so in case of the murder of any of his men. The first engineer of the Lexington was shot while sitting at the yort hole. General Fitch im illiately took two of the citizens of St. Chartes and hung them in a public place in the town. It is simply suicidal and senseless for the South to be fighting on principles of humanity and civilization when the enemy is violating every rule of war. "Fight the devil with fire," is the philosophy of common sense and common

FEMALE RELATIVES OF NEW YORK VOL UNTEERS DEMANDING REGIEF. - We see by the New York papers that another crowd of destitute women, relatives of the volunteers, assembled in the City Hall, of New York, to demand relief at the hands of the Mayor. His Honor, in addressing them, explained that "the Comptroller's tunds had run out, and that futher relief was out of the question, until a new appropriation should be made by the Common Conneil. He regretted, he said, their suffering but held out no hope that the corporation would take any futher steps to

Is it not a shame -a burning shame to Americans-that while the Administration is expending one hundred thousand dollars per day in supporting the lazy, trifling negroes, the wives and families of the men who have volunteered should be suffering for the actual-necessities of lifebe forced to beg for enough to keep soul and body together? The amount spent daily on the negroes, by those in power, would be sufficient to alleviate the wants of most, it not all of those in want. What better eight has the negro to our bounty than our own race! What clause in the Consstitution requires that negroes should be supported at the public expense, while the wives, mothers, sisters and daughters of the American soldiers are left to suffer and starve? Charity begins at home, and our first duty is to see that our own flesh and blood is taken care of and protected. If, after doing this, we have means to spare, it will be time enough to seek out. side among the negroes for objects of charity .- Dayton (Ohio) Daily Empire.

THE NEWS FROM ALABAMA. - The Washington correspondent of the New York Post says the news from Northern Alabama "does not put the Department in good humor." He adds:

It is calculated that the enemy has destroy. ed fifteen millions of dollars' worth of property within the last thirty days, or half a million per day. These successful raids plains in the West. No Government can long endure such losses as have been entailed upon us by scattering our army over and Jawaiar repaired by skillful and experienced Workmen. All kinds of a line of a thousand miles. The system was adopted under the supposition that

Beauregard's fine army' was entirly destroved. It turns out that the bulk of that army is still in the South west, and the rest is at Charleston and Richmond. The national troops will be forced to concentrate upon two or three very important points, and give up the attempt to run long lines of rai way.

REVIVAL .- During the past week the Baptist Church in this city have been blessed with a glorious revival. On Sunday night six ladies were baptized, several candidates remaining over. The meetings will be continued during this week. Oh for a revival throughout the Confederacy -Macon Telegraph.
