### THIS IS TO CERTIFY THAT The Mexican Mustang Liniment

Has been used quite extensively in the stables of ADAMS & CO'S Great Southern Eastern and Western Expresses, for curing Galds, Chates, Scratches Sprams and Bruises, and it has proved very effectual. We have no hesitation in recom mending it as a valuable preparation to be used externally on man or beast.

We take pleasure in recommending the Mexican Mustang Liniment to all of our triends and customers as the best article we have ever used for Sores, Sprains or Galds in Horses. We have used it extensively, and always effectually some of our men have used it for severe Bruises and Sores, as well as Rheumatic Pains, and they all say it acts like magic-we can only say we have entirely abandoned the use of any other liniment.

#### Stabler's Anodyne Cherry Expectorant

Is confidently recommended to Invalids, as UNSURPASSED by any known preparation, for the cure of COUGHS, HOARSENESS, and other forms of COMMON COLDS; BRONCHITIS, ASTHMA, CLOUP, CONSUMPTION in an Early Stage, and for the RELIEF of the Advanced Stages of that Fatal Disease.

It combines, in a scientific manner, remedies of long esteemed value, with others of more recent discovery ; and besides its soothing and tonic qualities, acts through the skin gently, and with great efficacy, for the cure of Faulder, Fsq, of Albany ; Rev. H. this class of diseases.

The valuable Medicines above named have recently been introduced, with the approval of a number of the MEDICAL PROFESSION in the ( i.y of Baltimore and elsewhere, and in practice have succeeved most admirably in curing the diseases for which they are prescribed. They are offered to the Country Practitioner, as Medicines which he can in all respects depend upon, as prepared in agreement with the experience of some of the most learned and judicious Physicians, and strictly in conformity with the rules of Pharmacy, and as especially serving his convenience, who cannot so readily as the City Physician, have his own prescriptions compounded by a practical Pharmaceutist.

See the descriptive Pamphlets, to be had gratis of all who have the Medicines fo sale, containing recommendations fr m Doctors MARTIN, BALTZELL, ADDISON, PAYNE, HANDY, LOVE, & C.

Doctor S. B. MARTIN says, "I do not hesitate to recommend your Diarrhea Cordial and Anodyne Cherry Expectorant," &c.

Doct. Jour Appison says, "It gives me much pleasure to add my testimony to that of others, in favor of the extraordinary efficacy of your Diarrhea ( o dial, &c.; and of the Expectorant, "I have no hesitation in recommending it as a most valuable medicine." &c. Foct. R. A. PAYNE says he has used the Diarrhea Cordial in his practice "with the happiest effect, and thinks it one of the most convenient and efficient combinations ever . ffered to our profession.'

Doct. L. D HANDY writes, "I hav. administered your Anodyne Expectorant in several cases of Bronchial Affection, with the most happy results, and from a knowlconfidence, recommend it," &c.

Poct. W. S. LOVE writes to us that he has administered the Expectorant to his wife, who has had the Bronchitis for fourteen years, and that she is fast recovering from her long standing malady. It has in a covering from her long standing malady. It has in a dially recommend it to my friends. (This statement was few weeks done her more good than all the remedies made to the proprietors, March 12th, 1850 Billious Com-Eryspelas Female Irre she has heretofore used under able medical counsel.

SIXTEEN of the best APOTHECARIES and PHARMACEU risrs in the ('ity of Baltimore, write, "We are satisfied the preparations known as Stabler's Anodyne Cherry Exp ctoran and Stabler's Diarrhea ( ordial, are medicines of GRE-T VALUE, and very efficient for the relief an | cure of the diseases for which they are recommeded; they bear the evidence of skill and care in their preparation and style of putting up, and we take pleasure in recommending them."

TWENTY-SEVEN of the most respectable MERCHANTS, res dents of MARYLAND, VIRGINIA and NORTH CAROLINA, who have sold and also used these medicines themselves, say, " From our own experience and t at of our customers, we do confidently recommend them Pro Bono Publico. We have never known any remedies used for the disease for which they are prescribed, to be so effi cient, and to give such intire satisfaction to all."

The above notices of recommendation from members of the MEDICAL FACULTY, PHARMACEUTISTS of high standing. and MERCHANTS of the fi st respectability, should be sufficient to satisfy all, that these medicines are worthy of trial by the afflicted, and that they are of a different stamp and class from the "Quackery" and "Cure Alls"
