We the Delegates of the Democracy of North Carolina, in Convention assembled, considering the occasion a proper one for the re-assertion of the well-defined and time-honored principles that hind us together as a party, do Resolve.

1st. That we are for a rigid construction of the Constitution of the United States, as a grant of limited powers ; for an Independent Treasury and against a United States Bank; for a Turiff for revenue and against a Tariff for protection; for economy in the administration of the federal government, and against extravagant expenditures; the payment of unjust and unfounded claims.

he will place himself where he deserves to stand, the VICTORY IS OURS. high in the list of American Presidents.

3d. Resolved. That the bill now pending before Congress from non-slaveholding States, our thanks | not agree, let us at least agree to disagree. for their manly, patriotic and national course on this question.

common property of the people of the United vention adjourned sine dic. States, and therefore any disposition of them for the sole and exclusive benefit of any one of the States, would be unjust and unconstitutional,

5th. Resolved, That the public lands, being the common property of the people of all the States, should be held as a common fund and disposed of for the common benefit of all-first, in the payment of the public debt and then in defraying the expenses of the federal government, so as to reduce the taxes now imposed upon the common processaries of life.

6 h. Resolved, That the Democracy of the State have reason to be proud of the administration of public affeirs under David S. Reid; that he has shown himself a just, patriotic and able Executive; and in addition to the fame he has achieved as the originator and champion of Free Suffrage, and as to be. It is a fact which is agreed to by all the long-tried and unwavering advocate of the people's rights, he will carry with him in his retirement from his present post the consciousness three inches in length, incubates in their legs, of having dedicated his best energies to the public good and the sincere and enthusiastic confidence degree, poisonous. free white men the same right to vote for members of the Senate as for members of the House of Commons; that we regard the plan of amendment by legislative enactment and the sanction of the people at the ballot-box, as strictly republican, as it is certainly constitutional; that we are opposed, under any and all circumstances, to a change of the basis of representation in the Senate and House of Commons; and that we will never abandon the great principle of Free Suffrage, but will unite with our fellow citizens of both parties in pressing it, in the face of all opposition and difficulties, to its final triumph.

sth, Resolved, That it is our earnest wish and desire to see the resources of North Carolina, agricultural, mineral and commercial, tostered and developed; and the State having already entered upon a system of internal improvements to that end, and made large investments with that view, it would, in the opinion of this Convention, be policie and proper for the Legislature, from time to time, to extend such turther aid in the completion of the works already undertaken, and the extension of the same, as a just regard for the interest of the people may require, and the means and resources of the State will prudently allow,

9th. Resolve I, That our present system of Common Schools ought to be fostered by the Legisla. ture, and its officiency increased, until the blessings of Education shall have been afforded to all the children of the State,

10th. Resolved, That we re-affirm the Resolutions of the Baltimore Convention of 1844, 1848, and 1852, as far as they are applicable to the present condition of the country.

11th. Re-olved, That having entire confidence in the ability, integrity, and sound principles of THOMAS BRAGG. E.q., of the County of Northampton, we do he reby nominate and recommend him to the people of North Carolina as a suitable candidate for Governor at the ensuing election.
