Carolina Female College.
The Exercises of this Institution will, by Divine permission, be resumed on Tuesday, 18th of October, and continue without any stated vacation until the regular commencement in June.
No new cases of malignant disorder have occurred since the suspension in August, and we trust that our Patrons, and all disposed to sustain the College, will feel assured that nothing connected with the locality, or with the management of the officials of the Institution, could have induced the Disease which invaded our circle.
We must encounter disease in some form every where, and we must expect that in some instances it will prove fatal; and we believe that all our Patrons, and all the Students who have attended this College, will confirm the statement, that better attention in every respect, could not be paid to the sick.

**PROSPECTUS
OF THE
N. CAROLINA CHRISTIAN ADVOCATE.**
THE North Carolina Annual Conference of the Methodist Episcopal Church South, having determined to issue a weekly paper bearing the above name, the subscribers are authorized to issue this prospectus.
It is intended to publish a Family Newspaper, which, while it shall be religious in tone and sentiment, and maintain the doctrines and usages of the Methodist Church shall be devoted to all the interests of NORTH CAROLINA. And furnish a place for every class of readers in size and appearance, for new material is to equal to any four church papers, while it will surpass them all in adapt dress to the wants of our people. The entire inefficiency of the existing "Advocate," to the necessities of our position, forces us to expect the hearty co-operation of the members of our Church in all parts of our State and Conference, and hope to make the paper so interesting and instructive as to attract patronage from the public generally.
The Advocate will be published at \$1.00 a year, and the first number will be issued as early as practicable after the next session of our Conference. It is believed that the publication will be commenced on the 1st day of Jan'y 1856. It is desirable that as large a subscription as possible be obtained before the Conference, and the Ministers and all others interested in the enterprise are respectfully urged to secure and forward the names and addresses of subscribers, particular attention being paid to correctness in writing the names of persons, Postoffices and Counties. Those who have no opportunity of subscribing through the agency of our ministers may write directly to Rev. Wm. E. Pell, Fayetteville, N. C.
The payment will be expected upon the issue of the first number. The location of the publishing office will be determined at the session of Conference.

THE EXAMINER.
In making this announcement, I am aware that I pro, o-e engage in an enterprise not free from difficulties; but these I will endeavor to provide against, by securing a Subscription List that will place the paper beyond the reach of failure. South Carolina can richly support, at her Capital, a leading Literary and Political Weekly Journal, and to her people I now issue this Prospectus, feeling assured the enterprise will be sustained, and that they will support a Home Journal of the character of that now proposed. As a
LITERARY JOURNAL.
For the home circle, The Examiner will be conducted with a view to render it at least equal to any ever published at the South. The choicest selections of English and American Literature will be made for its columns, and a number of able Contributors will be secured. I will endeavor, in this department, to make it a journal worthy of the patronage and steady support of the people of this State and of the South. As a
POLITICAL JOURNAL.
The Examiner will abide by the old landmarks of the State Rights Democracy. Independent of national parties, it will take a stand as a faithful co-operator in the great work of maintaining Southern Rights and promoting Southern Union. It will be the organ of no political party—the exponent of no political creed—which has not for one of its cardinal principles "the Equality of the South in the Union, or Independence out of it." This is no new faith, but one which South Carolina has long and earnestly contended for.
NEWS JOURNAL.
The Examiner will contain the latest News Foreign and Domestic, received up to the hour of publication. It will give full and correct Market Reports and Prices Current. Our readers in the country may rely on strict attention being paid to this important feature of a newspaper. It will give full and accurate reports of the Proceedings of the Legislature and of Congress, and the acts and doings of the various political organizations. All news worth giving to its readers will be carefully culled for its columns.
SIZE AND STYLE.
The Examiner will be one of the largest Weekly Journals in the Southern States, printed with new and elegant type, on fine white paper, and issued in large quarto form of eight pages, containing *fully columns* of interesting reading matter. It will be the handsomest paper ever published in South Carolina.
I have thus given an outline of the principal features of the Examiner, Carolinians or the people of the South ought to need no further appeal, in view of the present aspect of political affairs, to induce them to sustain with vigor and efficiency their own Press and Literature.
TERMS.
Two Dollars per annum, payable in advance. The first year's payment will be required on the receipt of the first number of the paper, which will be issued so soon as I receive a sufficient number of subscribers to ensure its success. Send forward your names.
Postmasters who will be so kind as to forward the names of subscribers will confer a favor and will receive a copy of the Examiner without charge. Address me at this place.

FLORIDA LAND AGENCY.
THE undersigned has established an agency in the town of Alligator, Columbia County, Fla., for the purchase, sale or location of Land Warrants, the purchase and sale of lands generally, improved and unimproved. The fact now being established that a Rail Road is to be constructed immediately, connecting the Atlantic and Gulf of Mexico, running through the entire length of the county, East and West, and in view of the great fertility of our soil, the unusually fine growth of pine timber on the land, the healthiness of the climate, and the reasonable terms on which lands can now be obtained, there is perhaps no section of the Union which affords equal inducements to the emigrant from the older States. Having had some experience in farming on the different kinds of lands, and acquired a general knowledge of them throughout the county and having acquired unusual facilities for pointing out such as are for sale either of public or private lands, he feels very confident of making it the interest of all persons wishing information, or who may have determined to settle in Florida, to call on him.

"THE SPECTATOR."
A WEEKLY JOURNAL PUBLISHED AT WASHINGTON CITY.
THE undersigned proposes to commence about the first of June next, in the City of Washington, the publication of a weekly newspaper, to be called the Spectator, designed for general circulation among the people of the United States. Its columns will contain a full digest of the news of the day, foreign and domestic; a weekly review of finance and the market; a synopsis of the proceedings of Congress during its session; tables of election returns, the important political action of State legislatures, and of party conventions; interesting miscellaneous and scientific matter; articles on agriculture, together with original articles upon the leading topics of the day. Much valuable information relative to the operations of the Executive Departments of the Government, together with the weekly list of new patents, will be found in its columns. A large portion of its space will be devoted to light literature, original and selected. Its location at the political centre of the Union, will afford opportunities always to procure the latest information on public affairs.
It is the intention of the undersigned to make the Spectator an acceptable visitor to every home in the Union, and it will therefore not assume on any occasion the position of a partisan paper, nor will it owe any allegiance to men; but entertaining fixed and decided views on questions of political economy, and upon our system of government, it will discriminate and pronounce its views on occasions may require—always keeping carefully in view the interests of the country, growing out of foreign as well as domestic affairs.
The Spectator will be printed in quarto form, on good paper and new type; each number containing eight pages of matter, making one volume annually of 416 pages. Each volume will be accompanied by a full and complete index of its contents, thus making it a most valuable paper for preservation and reference. It will be published every Saturday morning, at \$2 per annum, payable always in advance. No paper will be continued beyond the time for which it is paid.
All subscription and communications on business should be addressed to the undersigned at Washington, D. C. A. C. F. HARVEY & CO.
