General Cass made a speech heartily endorsing the nomination. The time honored statesman continued his theme at considerable length, and in a most felicitous which are occasionally reported as coming manner, closing with the invocation--"withered be the hand that is stretched out to touch the ark of the constitution." The cheering was long and loud.

Hon. Judge Douglas, as the chairman introduced him, the "Young Giant of the West," followed in one of his sound, spiritstirring, powerful speeches. DEMOCRATIC MEETING IN WASH- an inch, so far as the strict construction of the Constitution and the vindication of the constitutional rights of every portion of the Union are concerned.

Much and justly as we admire the patriotism, attainments, and private virtues of our standard bearers, there will be nothing like man-worship in this contest. Men become comparatively insignificant, except as instruments, when great principles and the vast interests of a country like ours are involved. There will be, on your part, no appeal to unworthy passions, no inflammatory calls for a second revolution like those from men who have received nothing at the hands of their Government but protection and political blessings, no declaration of resistance to the laws of the land, no invocation to the shedding of blood by those who have had none to shed, when our countrymen have stood face to face with foreign foes. But the issue will summon you to a calm, earnest struggle for the Constitution, and consequently for the Union.

That a signal triumph awaits you in such cause I entertain no doubt.
