

FOR CONGRESS. HON. BURTON CRAIG, OF ROWAN COUNTY.

MONTAIN DISTRICT.—The Asheville News states that at the earnest solicitation of many citizens of that District, Hon. Thos. L. Clingman has consented to again become a candidate for re-election to Congress.

FOURTH DISTRICT.—The Democracy of Wake county have appointed 50 delegates to a District Convention, and instructed them to vote for the re-nomination of the Hon. L. O. B. Branch for that District.—Johnston county has also nominated Mr. Branch.

Mr. Maurice Q. Waddell, Esq., of Chatham county, has announced himself as a candidate for Congress in the 5th District, lately represented by E. G. Reade. The Milton Chronicle says that John A. Gilmer, Esq., of Greensboro, is the choice of the party in that end of the District. Mr. Foster of Randolph, is also spoken of. All know-nothing-whigs.

The democrats of that District will have a candidate in the field. We learn that Robert E. Rivers, Esq., of Chatham, will probably be the man.

Col. R. T. Paine declines a re-nomination as a candidate for Congress in the 1st District.

FREIGHT ON GOODS FOR THE INTERIOR.

The Wilmington Herald directs the attention of the authorities of the Wilmington and Weldon North Carolina Railroad to the subject of high freights on their respective Roads. A Wilmington merchant offered to sell Cuba Molasses to a Salisbury merchant at 45 cents per gallon, but the Salisbury merchant replied that the freight on the N. C. Road was so high that he could not purchase in Wilmington to an advantage—that he "received a few hhd. from Charleston, which cost 47 cents, and the charges on that (the S. C.) Road were \$1 per hhd. less than by the N. C. Road," which made the molasses cost less than if bought in Wilmington at 45 cents. The Herald says:

"We protest against odious discriminations and excessive rates of freight by our railroads, which cause to the detriment of our trade and to the advantage of rival communities. And we call upon the Directors of the North Carolina and of the Wilmington and Weldon roads to set this matter right at once."

The Salisbury Banner of last week says:

"It is with much gratification we hoist to our mast head the name of Hon. BURTON CRAIG as the Democratic candidate for Congress in this district. A convention has been called by some, this would be an unusual as well as unnecessary proceeding, as, so far as we can hear, from Anson to Cleveland and Catawba the Democrats are a unit in their choice of Mr. Craig. We unfurl our banner to the breeze with the name of "Craig and victory" inscribed on its folds, determining to carry it victoriously through the contest. It is not yet certain that Mr. C. will have opposition; yet we presume he will, as there are several ambitious aspirants for the honor.—[We suggest to our know-nothing friends the propriety and necessity of holding a convention as there are several gentlemen whose ambition runs before their good sense, and it will be with much difficulty that can be kept from the field.] It is unnecessary at this day to say much on the subject. Mr. Craig is in the field. His appointments to address his constituents will be published in due time, so that he will canvass the district thoroughly."

RHODE ISLAND.—An election took place last week in Rhode Island for State officers and members of Congress. The black republican ticket was of course successful.

The Wilmington Journal states that it steered and stowed in that place, on Thursday, the 2d instant.

Russell's Magazine.—Mr P. J. Lowrie has laid upon our table the first number of a new monthly Periodical called "Russell's Magazine," just issued at Charleston, S. C. It is handsomely gotten up, and on examination we find its pages filled with interesting and valuable matter. The prospectus of the work says:

"It is established and designed to meet a commonly felt want, and to give utterance and circulation to the opinions, doctrines, and arguments of the educated mind of the South especially, and to promote in its sphere and measure, the progress of a sound American Literature, free from party shackles or individual prejudices."

The subscription price is \$3 per annum, or 25 cents by the number. Mr Lowrie, at the Book-store, is the Agent for this place.

The Salisbury Watchman is mistaken in saying that it clipped the extract about commercial cities (to which it appends a reply) from the "Western Democrat." We agree with the Watchman's remarks on that subject.

ATLANTIC N. C. RAILROAD.—A Goldsborough correspondent speaks of the work on this Road as follows:

"The work on the Atlantic road (from Goldsboro to Carolina City) which is to connect us with the seaboard, is being rapidly pressed forward. The track is all laid between Newbern and Kinston, a distance of about 30 miles. The cars are expected to run to within six miles of Kinston in a few days. The work of laying down the iron on Gov Morehead's contract, between Newbern and Beaufort, is about to be commenced, and will be pushed forward to rapid completion."

To supply the vacancy in the Congressional delegation from South Carolina, occasioned by the death of Preston S. Brooks, an election will be held on the first Monday and Tuesday in May. There are six candidates.

They are about to build a new Court House in Davidson county, at the county seat—Lexington. The building is to cost \$20,000, and is expected to be the finest Court House in the State.

AMERICAN-WHIGS.

"Half-flesh and half-foul!" whigs first, know-nothings second, whigs third, Americans fourth, and "American-whigs" fifth and—we came near saying last, but as there is no telling how many different names and shapes the opponents of democracy will assume, we will not say last. "American-whigs" who are they? oh! consistency, art thou not a jewel!

When the know-nothing party was rather in the ascendancy in the country, it took occasion to denounce both the old whig and democratic parties, pronouncing them corrupt, and as having deceived the people.

It is well known that a majority of those who composed the know-nothing organization were previously identified with the whig party; but this fact did not prevent them from adopting a platform declaring their old party corrupt. Now those very men are again claiming to be whigs, but not having the courage to acknowledge blame for their ungrateful course, take to themselves the name of "American whigs," thus implying that a man who is simply a whig is not an American.

But the term American-whig is used for the purpose of arraying the men who never bowed the knee to the secret party, together with the dispersed members of that party, against the democratic forces which they have not heretofore been able to defeat. How far this amalgamating, soft-soaping, unmeaning name and scheme will serve to accomplish their desires, remains to be seen.

Although we have always been opposed to the old whig party, we never yet thought proper to pronounce it corrupt, as did its old friends who fell heels-over-head in love with peculiar Americanism, i. e. know-nothingism, and who swore so terribly against Roman Catholics and foreigners, (notwithstanding many of them lugged the "furriners" on election day for their votes.)

We say that although we have ever opposed the whig party, we know its principles were honestly advocated by some of the best men in the country, and the know-nothing party should at least have accorded to them honesty of purpose if nothing else.

The men in North Carolina who are now raising the banner of American-whiggery are the ones who shouted "amen" when the platform was promulgated denouncing the whig party as corrupt and unworthy of trust. Is it possible that old line whigs can be deceived into the support of such a heterogeneous party as the one now being organized in this State? We do not believe so, but we shall see what we shall see.

N. C. PRESBYTERIAN PAPER.

We have received a Circular addressed to the Ministers, Ruling Elders, Members and friends of the Presbyterian Church in North Carolina, concerning the publication of a Church paper in this State. The circular is signed by S. Colton, H. McAlister, F. K. Nash, N. McKay, W. W. Pharr, H. B. Cunningham, E. W. Caruthers, W. N. Mebane, C. K. Caldwell, J. M. Sherwood, C. H. Wiley, Geo. McNeill, Sen., E. Nye Hutchison. After showing the necessity and practicability of a Church organ for the Presbyterian denomination in North Carolina, the circular says:

"We propose therefore to raise the sum of \$5,000 as a permanent capital, to put it on a sure basis and give it a fair and manly start. To secure this amount, the stock may be divided into 50 shares of \$100 each, and we appeal to the Church in North Carolina, with the confident hope that the men can be found who will say, "Let the work go forward!"

Already 35 shares have been taken, with little or no effort. Should more than 50 shares be taken, we may either increase the amount of the capital, or by making the shares smaller, say \$50 each, increase the number of shares. If the paper is conducted on the cash plan, it will be unnecessary to call in more than a very small portion of the capital.

As soon as 50 subscribers are obtained, it is proposed that they meet at some central point, in person or by proxy, to select a location, title, Editor or Editors, and make all other necessary arrangements for the publication of the paper.

Persons wishing to subscribe to the stock or to make suggestions touching the interests of the paper, are requested to address Rev. W. W. Pharr, Oak Lawn P. O.; Rev. W. N. Mebane, Madison, or Rev. George McNeill, Fayetteville.

The New York appointments of the President seems to have given general satisfaction, as much so as could have been expected, considering the condition of parties in that State. The N. Y. Day Book, instead of lending its aid to heal the divisions of the democracy in New York, complains about the appointments, the main cause of such complaint being, no doubt, that its particular favorites were not larger recipients. It is stated that the merchants of the city are well satisfied with the postmaster and collector.

LIBERIA.—All free mulattos who want to go to Liberia now have an opportunity. A vessel will sail from Baltimore on the 1st and from Norfolk on the 5th of May, and will touch at all the ports in Liberia. Address Wm. McLain, Sec'y of Colonization Society, Washington, D. C. Letters for Liberia, sent to his care, will be forwarded.

GOVERNOR OF KANSAS.

It is stated that the personal efforts of the President caused Mr Walker to accept the Governorship of Kansas Territory. He will not be a mere routine officer, but goes out as a Commissioner with full power to employ all the constitutional authority of the Government to prevent the occurrence of impending civil war. His instructions are said to be based on the principle, that the statutes of Kansas are valid. He is principally charged to see that the people have free and independent suffrage in the affairs of the territory, carrying out the provisions of the registry law in the election for delegates and members of the State Convention.

The troops heretofore employed are to be removed, and others not before implicated in the affairs of the Territory, substituted; but not with any expectation of a necessity to call on them for aid. Mr F. P. Stanton, of Tennessee, has been appointed Secretary for the Territory, upon whom (rumor says) the administration of the territory will descend after Walker straightens matters and resigns.

LATER FROM EUROPE.

The steamer Constitution, with Liverpool dates to the 17th, arrived at New York on 23d inst.

Cotton was firmer at Liverpool on the 17th, but closed buoyant. Uplands slightly higher, and quotations nominal. Flour had a declining tendency. Wheat firm and active.

The Spanish expedition against Mexico, has assumed a more imposing aspect.

The overland mail from China had arrived at London. Its advices confirm accounts of wholesale attempts at poisoning by bakers. At Hong Kong several hundred had been poisoned, but none fatally. The proprietor of the bakery was arrested while on his way to Macao. He was to be tried immediately at Hong Kong. A large number of junks were collecting for the purpose of attacking Hong Kong. Some fears were entertained by the English on account of the smallness of the land forces.

PORT OF WILMINGTON, N. C.

In order that the people of the west may know more about the business of our main seaport, Wilmington, we copy from the Herald the following, which it publishes in connection with a comparative table of exports for the first quarter of the present year:

"It will be seen from our statement for the quarter which has just expired, that we have exported coastwise 2,392 casks Spirits of Turpentine, less than during the same time last year; 2,273 bbls. Crude do.; more; 13,625 do. Rosin, less; 11,043 Tar, less; 131 do. Pitch, less; 21,365 feet P. P. Timber, less; 408,720 feet Lumber, less; 72,840 Staves, more; 1,348 bushels Ground Peas, more; 921 bbls. Flour, less; 1,337 bales Cotton, less; 481 bundles Paper, more; 13,114 bushels Rough Rice, more; 7,140 bushels Wheat, more.

We have exported to foreign countries 296 casks Spirits Turpentine more than for the first quarter of 1856; 638 bbls. Crude Turpentine, less; 5,573 do. Rosin, more; 1,033 do. Tar, less; 100 do. Pitch, more; 55,000 feet Timber, more; 2,376,051 do. Lumber, more; 80,000 Shingles, more; 44,263 Staves, more; 40 bbls. Flour, less; 96 bales Cotton, less; 120 bushels Wheat, more.

It thus appears, that in coastwise exports we have fallen off, as compared with last year, in the articles of Spirits Turpentine, Rosin, Tar, Pitch, Timber, Lumber, Flour and Cotton, and have gained in Crude Turpentine Staves, Ground Peas, Paper, Rough Rice and Wheat.

In foreign exports we have fallen off in Crude Turpentine, Tar, Flour and Cotton, and have gained in Spirits Turpentine, Rosin, Pitch, Timber, Lumber, Shingles, Staves and Wheat."

TRADE.—The Salisbury Banner states that business in that town is quite brisk, and that the merchants are selling large quantities of goods. We were prepared to hear this, judging from the liberal manner in which the merchants of Salisbury advertise their wares. There are three papers in Salisbury, and we notice their columns are filled with mercantile advertisements, offering inducements to buyers. Merchants who keep their business before the public in the way that our Salisbury neighbors do, are bound to sell goods.

ACQUITTED.—The jury in the case of Lee, the Clerk, who shot Mr Hume of Alexandria, has rendered a verdict of acquittal.

FURTHER FROM CHINA.

A letter dated Canton, Jan. 13, speaking of the burning of that city by the British, says:

"The extent which has been destroyed is a line of perhaps two miles along the north bank of the river, and penetrating inwards from 200 to 400 yards. A considerable part of the city has also been burned by the firing from the fort, which is held by us. The fire lasted about twenty-four hours. The admiral has written for about 5,000 men from India; we also expect 400 from Singapore. We have not yet heard what effect these proceedings have had on the Chinese garrison; the extraordinary thing is, that what we do here does not in the least affect the other ports of China with which we trade. All accounts show that they are quite indifferent to this place, and rather glad than otherwise that the Cantonese, whom they hate, are getting touched up."

NEW POST OFFICES.—A Post Office has been established in Iredell county, called Granite Hill. H. M. Mill, P. M. Also, Happy Home, Rutherford county, W. W. Connelly, P. M.

LATER FROM NICARAGUA.

Walker again in the Ascendant.—Filibusterers Successful in Battle.

NEW YORK, APRIL 3.—The steamer Texas arrived here last night, from San Juan on the 20th and Aspinwall on the 23d ult.

The purser of the Texas reports that Walker's army was in good condition and well provisioned.

Walker with 400 men attacked the Allies at San Jorge, gained the plaza and burnt the important portion of the town. He then retreated to Rivas, which had, during his absence, been attacked by Chamorro's with 1200 men, who had been repulsed with great slaughter by Gen. Hennings.—Walker met the enemy retreating, and they were consequently placed between two fires and suffered immensely. Their own accounts say they lost 327 killed and over 300 wounded, while Walker estimates their loss at 600 killed and 500 wounded. He states his own loss at 2 killed and 21 wounded. Walker had the dead bodies buried.

Gen. Canas, commander in chief of the Allies, was under arrest for having made overtures to Walker.

President Rivas had been assassinated.

The case of the deaf mute, Wm. Keck, who recently in a rencontre at the Deaf and Dumb Asylum in Raleigh, accidentally killed another unfortunate inmate of that Institution, named John C. Harrell, was tried last week, and the Attorney General declining to prosecute the prisoner on account of his affliction, he was acquitted. The prisoner's counsel admitted that he was guilty of manslaughter. The jury returned a verdict of manslaughter, with recommendation that judgment be suspended. Whereupon Keck was released and returned to the Asylum.

WASHINGTON, April 3.—Innumerable applications have been made at the Post office Department for appointments as Route agents and to small Post offices throughout the country; all of which are entirely fruitless—a rule having been established to make no removals except for cause.

NEWS ITEMS.

WASHINGTON, April 1.—Mr. Appleton has been appointed Assistant Secretary of State.

It is rumored that Wm. A. Harris formerly a representative in Congress from Virginia, will be editor of the Union.

Hon. Sampson W. Harris, a member of Congress from Alabama, died this afternoon.

John N. Whitefield has been appointed register, and Daniel Woodson receiver, for the Delaware land district in Kansas; and Charles E. Mix chief of Indian affairs ad interim.

The law for the election in Kansas provides that all free white male citizens of the United States, residing in the Territory on the 1st of April, shall be entitled to vote for members of the Constitutional Convention, without any regard whatever to any test oath. Gov. Walker repeats his opinion, that Kansas will be a free State.

MEXICAN AND OTHER ITEMS—ST. LOUIS, March 31.—

Santa Fe dates of 28th inst. speaks of Indian depredations being on the increase. Several skirmishes had taken place between Mexicans and Indians.—Numbers of both were killed.

It is reported that Judge Hopper, James Lucas and two other Americans were killed by the Indians near El Paso; also that James Hobbie, who had gone to Sonora to buy mules, was killed by the government party. Letters from Santa Cruz River of February 3d, says that if the people had encouragement they would declare themselves independent and ask to be annexed to the United States.

NEW ORLEANS, March 31.—Good authority states that instead of the purchase of Sonora and Lower California, our government will conciliate the South by paying a designated sum of \$15,000,000 for the purchase of the Isthmus of Tehuantepec. It is rumored that Senator Benjamin has been appointed special Commissioner to accomplish the purchase.

SCARLET FEVER.—

The scarlet fever in New York exhibits no abatement. The number of fatal cases last week was 46. It is estimated that there are from 1,500 to 2,000 cases under treatment.

NEW GRANADA AND THE UNITED STATES.

NEW YORK, April 1.—The New York Herald has a special despatch, which says that Commissioner Morse and Mr. Bowline, have entirely failed in their mission to the New Granada Government for reparation for the Panama massacre.

WASHINGTON, April 1.—A post mortem examination of a gentleman who died in Pennsylvania from disease contracted at the National Hotel in this city, shows a deposit of arsenic in the stomach. A patient now here suffers enlargement of the abdomen from some cause, and with marked symptoms of being poisoned.

The Western Pork Crop of 1856-7 is estimated by the New Orleans Price Current at 34 per cent less than that of 1855-6.

NEW ORLEANS, March 30.—It is rumored that an expedition is about fitting out here for some point in Central America.—It is said that it is the intention of the party to make the first demonstration against Veragua, a province near Granada, between Costa Rica and Panama.

GREAT EQUESTRIAN MARCH—ALBANY, March 30.—

Two sporting men of this city, Taylor and Dalton, started on horse for the Exchange this morning at 5 o'clock, for a one hundred mile race, without rest or feed. The bets are \$2,500 a side. Whites-town, Onida county, was the termination of the race. Taylor's horse arrived at Whites-town at 5:30 P. M., making the hundred miles in twelve hours and a half, and winning the race. Dalton's horse was a quarter of a mile behind.

STORIES OF DESERTERS.—Walker's deserter's who arrived at New York, tell shocking stories of the sufferings of his men. From their accounts it would seem that the desertion has increased very much since the men learned from the proclamation of Gen. Canas that they would not be shot in Costa Rica, but be well treated and sent home. They deserted in squads and whole ranks, with their petty officers at their heads when sent out on foraging expeditions.—During ninety days no less than 980 men disappeared, of whom at least 300 deserted. Of the mounted ranks twenty-seven went off in a body, and several conspiracies for large bodies to desert have been detected. One foraging party, numbering 65 men, deserted in a body.
