

HERE SHE GOES, THERE SHE GOES

The female individual, to whom we alluded two weeks ago as having created some excitement down in South Carolina in consequence of being suspected as a co-operator with the abolitionists, arrived in Charlotte on Thursday last, but failing to procure a place in which to lecture, she pursued her journey towards Lincolnton. We did not get a glimpse of her, but understand that she travels alone, in her own conveyance. Probably she heard of Thompson; and as this is an eligible spot at which to take the train on the N. C. R. R., it may have occurred to her that it was far better to "push along, keep moving," than to have her horse and wagon put up at auction and the proceeds appropriated towards defraying her expenses to that clime from whose home so many travelers return.—Had she prolonged her stay in our town, we feel confident that our young men are too gallant not to have given her a call and assisted her in prosecuting her journey. It is stated that she excludes females and Editors from her lectures. "Walk in lemons and be squeezed."

Last week the weather was very cold. On Tuesday morning we had ice half an inch thick. Fruit has been killed, the farmers say, and we may bid farewell to peach pies, &c. "Winter lingers in the lap of Spring," like John Dean in the arms of his adorable Mary Ann, daughter of old Boker.

REVIVALS

We are pleased to learn that a revival has been progressing in this town, in the Baptist Church, under the pastoral care of Rev. Mr. Jones, who is assisted by the Rev. Mr. Bradford of Virginia. Several persons have manifested a desire to leave the wrath to come by giving heed to things that pertain to righteousness. We don't remember ever hearing of as many religious revivals at any one time as the present. In the Baptist Church at Raleigh, it is stated, a revival has been progressing for some time; the Rev. Mr. Skinner of that church is assisted by Rev. Mr. Pritchard, of Wilmington, and Rev. Mr. Wingate of Wake Forest College. In Petersburg, Va., daily services have been continued for some weeks past in the Methodist Church, and religious influences have spread over the whole city. The Express states that the high and low, rich and poor are forsaking their sins and bowing at the altar for prayer. In Sumter, S. C., a revival is also progressing with gratifying results.

COMMENCEMENT ADDRESS.—Henry W. Miller, Esq., of Raleigh, will deliver the Address before the two Literary Societies at Chapel Hill, at the ensuing Commencement.

The Hon. Warren Winslow, of Fayetteville, will deliver the Address before the Alumni.

From the known ability of the two gentlemen above named, the public may expect intellectual treats.

The Rev. James McDaniel of Fayetteville, will deliver the Valedictory Sermon before the Students of the United Baptist Institute, Taylorsville, N. C., on Thursday the 4th of June next.

THE PRESIDENT OF THE N. C. RAILROAD.—With Mr. Fisher, the President of the N. C. Railroad, we are personally unacquainted, but we have traveled the road enough to see and learn from reliable sources, the energetic manner in which he superintends the interests of the Company and the efforts made by him to satisfy the public generally; and we cannot see the justice in the frequent attacks on that gentleman by newspaper writers. Sometimes we see complaints made against him that he employs negroes instead of white men; and then some disappointed place-seeker growls because he was unsuccessful; some one loses a carpet bag, or some one else has a package delayed, and forthwith a murmur against the President of the Road is heard.

We see by the Kingston Advocate of the 9th inst. that some writer has been trying to ridicule Mr. Fisher because he (the writer) has not received answers to letters addressed to him, or some other attention. With the matter about which he complains we know nothing, but this much we do know, that it would be well for complainers to remember before publishing their grievances, if any they have, that it is not possible for any man to be perfect, and also that the duties of the Presidency of the N. C. Road are more burdensome than those of any other road in the State—the Road being 223 miles long—and that it is next to impossible for him to succeed in giving complete satisfaction. We do not believe that the services of another man can be secured who would do the work better, or give it more attention, than does Mr. Fisher.

The "Beaufort Journal" is the name of a new paper just issued in Beaufort, N. C., the first number of which we have received. It is published by John Nichols, Esq., at \$2 a year. Neutral in politics.

We are indebted to the politeness of Mr. Wm. S. Norment, at Chapel Hill, for a copy of the address delivered before the Literary Societies of that institution at the last Commencement.

Col. John H. Wheeler, late Minister to Nicaragua, arrived in Charlotte on Sunday last, and is stopping at Kerr's Hotel.

BANK OF THE STATE.

Some one over the signature of "A" is publishing a series of articles in the Raleigh Register, pointing out what he considers objectionable features in the act to recharter the Bank of the State of North Carolina. Although the writer does not directly recommend the rejection of the charter, yet his tone and manner of argument shows conclusively that he prefers its rejection. In reply to some remarks of the Standard reviewing and combating his objections, the writer says:

"A" cannot consent to act himself or to advise others to act under the apprehension (if, in fact, there be sufficient cause for it), that the Legislature will not tender a more favorable charter. If that now offered is rejected, it will be done very reluctantly, and only under a high sense of duty, and a conviction that private interests demand it. Certainly no impartial man can impute blame to the stockholders if they decline a proffered bargain to vest their capital in a Bank, which, on being agreed to, will bind them hand and foot for 25 years, without any right to relief, if, in their judgment, the investment of that capital can be better made in many places out of the State, and worse made in none in the State. \* \* \* "A" does not feel any such alarm at the idea of declining to accept the charter as you seem to apprehend. In that event the present Bank will doubtless do its current and regular business to the last hour of its existence in 1860; and then it has three years to wind up its affairs. In the coming year another Legislature will assemble, and be able, perhaps to enlist in another Bank those capitalists who may desire to become stockholders in this. In the meantime "A" knows that the present stockholders will do nothing to embarrass the finances of the State; but will, as at all times heretofore, afford every assistance in the power of the bank to aid the treasury, and make its own exit as quiet as possible."

We have no idea what will be the fate of the charter at the stockholders' meeting, but we think it is plain that certain individuals are desirous of having it rejected, expecting thus to extort from the Legislature a more favorable one. We believe they will find out their mistake. The people should not be so dependent on any monied institution as to allow it to dictate terms and force acquiescence in consequence of their dependence. If such a game as that is to be played, the sooner the creditor learns to live without the Bank the better it will be for him and the public. We have no other wish to see the charter accepted than that those who apprehend pecuniary embarrassment may have longer time to meet their liabilities. Were it not for the fact that a number will be pressed if the State Bank goes into liquidation, we should prefer to see the aristocratic concern wind up, and its place occupied by another and more liberal institution.

We think with the Standard "that if this charter is rejected, it is not probable that any other, or further, or materially different charter will be tendered. This is simply our opinion, based upon some knowledge of public sentiment on the subject. And we are equally confident that if the charter is accepted, such amendments as may be reasonably desired by the stockholders, will be granted by the next General Assembly."

MELANCHOLY OCCURRENCE.

On Monday the 6th inst. another explosion took place in the Coal Mines at Egypt, Chatham county, N. C., causing the death of five men, viz: Robt. Dumm, superintendent, Geo. Lewis, James Burn, Daniel Hays, and Michael McCormick. At the last account none of the bodies had been recovered. The cause of the explosion is unknown.

EGGS.—Charlotte is the greatest market for eggs in the State. Old Grimes' speckled hen must certainly have settled all her little chicks in the vicinity of our ancient and honorable borough, judging from the quantity of eggs coming in. Down at Maj. Kern's they have the embryos of future generations fried, poached and boiled, for breakfast, dinner, and for dinner and breakfast. On one occasion "Jem" gorged himself to such an extent that at night he was awakened from his slumbers by the horrid dream that a young Shanghai rooster was picking at his liver. He declares he won't eat any more eggs. We hope not.

They have introduced a new amusement at Albany, N. Y., (the place where all the humbugs originate.) It is called "Riding the Elephant." Two gentlemen stoop down on hands and knees, pillows and blankets are piled on their backs for saddles—proper appendages are attached to represent the critter—a lady is placed upon the said "elephant," and carried around the room! We have "seen the elephant," and now who will ride him? We bespeak a place as "elephant," in propria persona. "Oh! for a spot in some sequestered dale where the briars and thistles won't grow," but where all can crawl on their hands and knees, and thus like an elephant go! Hem!

The Western Democrat reaches us so regularly irregular or irregularly regular that we are regularly posed to know what has become of the two last numbers. What is the matter, Sir William? Wherein hath thy servant offended his lord?—Fayetteville Carolinian.

Let not thy spirit be troubled or disquieted within thee—thou hast done no wrong that fears should cause thy heart to throb or thy corrus to ache.—(Unpublished edition of Mr. Shakspeare.) The "Democrat" reaches others in Fayetteville regularly, and we cannot understand why it don't reach our friend of the Carolinian. Probably he has some dear friend who borrows his exchanges before he gets an opportunity to see them. If you catch anybody stealing "our" mountain thunder just ram him into one of those "sink holes" in the corporation ditch, and if he survives that, let him be made to walk through "Scotch town" or "Maiden Lane" on some dark night and stand a chance of being gored by the "town bull," first sending us a lock of his hair carefully folded in a copy of the "American Organ," the next greatest nuisance in the country.

We learn that when the extra train was recently put upon the N. C. Railroad there were fifty-nine applicants for Conductor's places!

CANDIDATES.

The Democratic District Convention of the sixth District, which met in Winston last week, nominated Alfred M. Scales, Esq., for Congress. We hope the democracy of that District will make a strong pull this time and elect Mr. Scales by a triumphant vote. Hon. R. C. Puryear, late member, has been re-nominated by the Whig-American Convention. Mr. Puryear is a very clever man, but we earnestly desire his defeat. No man who voted against repealing odious restrictions on the rights of the southern people should be sent to Congress from the South.

RAILROAD CONVENTION.

The friends of the Cheraw and Coal Fields Railroad held a Convention in Cheraw, S. Carolina, on the 1st instant. H. W. Harrington, of Richmond county, presided. Delegates were in attendance from Montgomery, Richmond, Moore and Chatham counties, N. C., to the number of 37, and from Darlington, Marlboro and Chesterfield Districts, S. C., to the number of 56. The Convention was addressed by M. Q. Waddell, J. Morrison, Jas. Powell and S. H. Christian, urging the importance of accepting the charter, and explaining its provisions.

The committee on business, through their Chairman, M. Q. Waddell, made a report setting forth the importance of building this Road to the Coal Fields on Deep River in Chatham county, N. C. The Report states that not less than \$500,000 have been invested in coal lands, and that the highest price as yet paid for this sort of land, per acre, is only \$65! It urges the advantages of the Road and directs that the route be surveyed and subscription books opened along the line as early as possible. A committee was appointed to visit Charleston and represent to the citizens of that city the great advantages that will accrue to them from this Road if built.

A warm feeling was manifested for the success of the work, and we think extra exertions will be made to accomplish it. The people along the line in North Carolina seem to be fully aroused on the matter, and are pursuing their cherished object with zeal.

THE TWENTIETH OF MAY.

We see by the papers that the anniversary of the Mecklenburg Declaration of Independence is to be celebrated in Charlotte. Why should not this day be made a State gala day? It is our fourth of July. The germ of independence was vitalized in the old North State upon that day; and then first sprang from her soil the tiny shoot which is now the great tree of liberty in whose shade a mighty nation rests, and whose boughs overshadow a continent. The first Declaration of American independence! Shall the sons of Carolina forget the chivalry of their fathers, and the daughters of liberty's mother remember no longer the legend of her bridal to the genius of freedom? It should be a festival day throughout the State; and we doubt not that the descendants of those noble fathers of the revolution who first sent out, in the name of the God of Nations, their protest against tyranny and oppression and sealed it with their blood, would respond with one voice to the call which summons them to celebrate the deeds and honor the memory of their immortal ancestors. Let the press call upon the people to remember this glorious anniversary; let orators recount the history of seventy six, and gallant youths and fair maidens assemble around the altar of patriotism to do homage to the memory of their forefathers!—Fay. Carolinian.

We agree with the Carolinian, that the 20th of May ought to be celebrated and observed throughout the State. Every North Carolinian should feel proud of the fact that Independence was first declared in the Old North State, and that her sons were the first to throw off the shackles of tyranny and bid defiance to kings and lords. We hope that public feeling will be aroused on this subject, and that all will hereafter take more interest in the matter.

We are pleased to know that a fine military company in Fayetteville, the "Lafayette Light Infantry," has adopted the 20th of May as its anniversary occasion.

"The only way for an Editor to get along and preserve his own self-respect, is to please himself, and let the rest of mankind take care of themselves."—Exchange.

Yes, indeed. If an editor ever undertakes to satisfy the whims and caprices of particular individuals or cliques, he's a goner. Or if he allows the opinions of any other man to shape his course, to the exclusion of what may meet his own approbation, public confidence is forfeited. As to the idea of pleasing everybody, why its just the way to displease everybody, the editor himself included. There are a great many people who are very confident they could conduct an editor's paper for him much better than he can do it for himself. Some of this kind of people are frequently heard to pronounce sermons and speeches "very poor," when, in nine cases out of ten, if they were to undertake to act in either capacity they would render themselves supremely ridiculous.

SERVED HIM RIGHT.—The Fayetteville Argus of last week says: "At the late Term of Richmond Superior Court, Stephen Cole was sentenced to pay a fine of five hundred dollars and be imprisoned ten days, for whipping his wife. He beat her in a cruel and brutal manner, and the community were greatly pleased with the sentence pronounced by the sternly righteous Judge. Cole is a wealthy man."

The New Yorkers have for a long time been trying to devise some plan to relieve Broadway of the inconvenience resulting from the large crowds of people and vehicles that throng its surface from morning till night. The present plan is to curtail the stoops and areas and remove the lamp posts nearer to the buildings, giving 84 feet more effective room. A bill is before the N. Y. Legislature to charter a company to build a railroad through Broadway at a cost of seven millions of dollars. A committee has made a favorable report on the bill.

Ex-President Pierce is now sojourning in Philadelphia.

INFORMATION WANTED.

Those persons in this place and vicinity who caught the Kansas fever under the preaching of "Col. J. W. White," and who sold out their "earthly possessions" for the purpose of emigrating to that far-famed territory, are anxious to know what has become of Mr. White, who was to have been here on the 10th for the purpose of leading them on their journey to the promised land. It is said he offered to bear their expenses there for the laudable purpose of assisting in making it a slave State! Some people are beginning to think that White is one grand lump!

LARK FROM THE HOLLOW.

The Greensboro Patriot calls the Democratic party the "Anti-American" party. Come, Mr. Patriot, say what you mean, and mean what you say. Remember that you will have to account for every idle word.

NEW IDEA.—Two candidates for the Legislature in Virginia have avowed that they are in favor of selling the Free Negroes to pay the State debt, and therefore affirm that they are just the boys to go to the General Assembly.

CONNECTICUT ELECTION.

At the recent election in Connecticut for members of Congress and members of the Legislature, the National Democrats gained two members of Congress. The Legislature is black Republican. The popular majority against the democrats has been greatly reduced.

ENGLAND, FRANCE AND CHINA.—A Paris letter says it is now certain that England and France have agreed to act jointly in the China affair. France will furnish twenty thousand troops against England's superior naval force; and England allows France to introduce a clause into the arrangements in favor of the Catholic religion.

LYNCH LAW IN TEXAS.—The arrest of "Bill Johnson," a desperado at Waco, Texas, after fierce resistance, has been noticed. A Vigilance Committee, consisting of thirty-two members, was formed for the purpose of inquiring into the circumstances of his arrest and his wounds. The latter, not being deemed mortal, led the committee to take active measures, as the next morning the body of Johnson was found suspended from the platform in front of the jail, with the top of his head shot off.

THE LEATHER TRADE.—There is great complaint of the high price of leather through out the United States. The same is the case, we see, in England. The boot and shoe makers of London, recently held a meeting, and after declaring that the price of leather is from fifty to eighty per cent. (many estimating it at even a higher figure than that) more than it was a year ago, resolved to advance the price of their manufactures.

From the records of the Pension Bureau, it appears that the land warrants issued since the first law passed will call for alone 58,000,000 acres of land. The acts passed since February 10th, 1847, have granted more than 50,000,000 of this amount.

CHINESE POISON.—A private letter from a French naval officer serving in the Chinese squadron, says that many of the Europeans who partook of the poisoned bread at Hong Kong, lost their teeth, their nails, and even the hair of their heads. A Russian captain was attacked with opthalmia, and his sight is despaired of. About four hundred persons were more or less poisoned.

SINGULAR ELECTRICAL PHENOMENA.—Captain Soule, of bark Oregon, arrived yesterday morning from Havre, reports that on the 25th of March, in lat. 46.36, long. 66.30, during a dense fog, three balls of fire passed over the vessel, making a noise similar to shots from a cannon. The last one burst about the mast head, casting sparks all about the deck. Every person on deck at the time was knocked down, but without injury.—N. Y. Journal of Commerce.

The freight on the N. C. Railroad is heavy, and appears to be increasing. The warehouse at the depot here is filled nearly every day, and the various articles are forwarded west with as much despatch as possible. The Agent at this place Mr. West, is polite and attentive in the discharge of his duties; and we are sure he is doing all he can to meet the expectations of western merchants and others, whose goods are forwarded by the Central Road.—Raleigh Standard.

THE VIRGINIA "SEARCH LAW."—A Special Committee of the Massachusetts Legislature have presented a report on the petition of Levi Baker, for an appropriation to test the "search laws" of Virginia, and recommend the passage of a resolve appropriating \$25,000 to enable Levi Baker, of Yarmouth, to test before the Supreme Court of the United States the constitutionality of an act of the Legislature of Virginia, passed March 17, 1856, entitled "An act providing additional protection for slave property of citizens."

VIGILANCE COMMITTEE IN NEBRASKA.—St. Louis, April 4.—The officers of the Steamer St. Mary, from Council Bluffs, report that four men were shot at Platt's Mouth, Nebraska, on March 19, by order of a vigilance committee. Five others had been banished the territory, and forbidden to return under the pain of death. The offence was "claim jumping."

CASE OF CONSCIENCE.—A celebrated liquor importer in Boston recently had his pocket book containing a large sum of money taken from his pocket while entering church. A few days subsequent he received the pocket book through the post, (postage unpaid) accompanied with a note, in which the writer stated that after spending the money, he discovered by his utterance that he had been making use of funds obtained in the infamous liquor traffic. He therefore returned the pocket book, and would do the same by the money should he be able to again lay hands on it.

LATER FROM EUROPE.

The steamship Niagara, with Liverpool dates to the 25th March, has arrived.

The English elections are favorable to the Government.

Russia has reduced her tariff one-half on cotton and woollen goods.

The Emperor of China disavows the proceedings of the Governor of Canton.

A battle has taken place between the Persian and British cavalry, at Bushiro.—The former were routed.

The Persian insurgents at Bhardistan, had seized the Shah's uncle, and threatened his death unless he is ransomed.

It is reported that England has ceded to France the long wood house and Napoleon's tomb at St. Helena.

The Spanish Government contemplates a sub-marine telegraph between Cuba and the United States.

The first division of the fleet for the invasion of Mexico, would sail about the 28th of March for Havana.

LIVERPOOL, March 25.—Cotton is quiet. Inferior qualities have declined a quarter pence. Flour is dull, and has declined 1d. during the week. Wheat has declined 2d. Corn is very dull and has declined 6d. to 1s.

HIGHLY IMPORTANT FROM NICARAGUA.—Confirmation of Walker's late victories.—We have seen several original private letters from Major General Henningsen, in his own handwriting, addressed to persons in this city, dated at Rivas, March 19, confirming, in every essential fact, the recent victories obtained by Walker and his troops over the Costa Rican allies. Of the truth of this there can be no doubt. Henningsen states that in battle 400 of the allies were killed, and about 50 of his own troops. The battle lasted ten hours, ending in the utter defeat of the enemy. In a few weeks Walker and Henningsen are confident of clearing the country of the Costa Ricans.—New York Herald.

Hon. T. L. Clingman made a short talk to the people on Tuesday last, announcing himself a candidate for re-election. No opponent has yet been announced.—Asheville News.

TIME OF PAYING TAXES.—On examination we find, to our surprise, that the late Legislature changed the time of payment of Merchants' and some other taxes, from the 1st of April to the 1st of July.

It would appear, also, to an unprofessional reader, that the Legislature has relinquished three months' tax, viz: from April to July, on merchants and others who heretofore paid taxes on the 1st of April. The new law requires them to pay on the 1st of July the tax on their business for the year preceding that day; and to take out license to do certain kinds of business for one year from the 1st day of July.—Nothing is said, we believe, about the interval between the expiration of last year's license, (viz: the 1st inst.) and the 1st of July next, when a new license is to be obtained.—Fayetteville Observer.

Accounts from Tennessee, Ohio, Indiana, Kentucky, Missouri, &c., represent that there will probably be a good yield of fruit of all kinds, notwithstanding the unseasonable spring weather.

TOWN ELECTION.—The election held on last Monday for Municipal officers for the town of Greensboro, resulted in the selection of Charles G. Yates, Mayor; James F. Jolice, Charles E. Shober, James M. Garrett, and M. S. Sherwood, Commissioners.

Within the last few days, or nights rather, a very large number of valuable dogs have been poisoned in different parts of town. This poisoning appears to have been reduced to a system by the party or parties engaged in it, and watch-dogs have been poisoned in the yards which they were guarding and beyond which they could not stray. This must have been done by poisoned meat thrown in.—Wilmington Herald.

ACQUITTED.—Wm. Davis, Cla's Davis, and Wm. C. Davis, tried at Elizabeth city, N. C., for the shooting and killing of Capt. Spencer Sawyer, of Pasquotank county, in June last, have been acquitted. The jury was out but six minutes. There was great rejoicing among their friends.

The rates of fare over the Wilmington and Weldon railroad, by a recent act of the Directory, are three and a half cents per mile. No Southern railroad charges less than this, we believe, while others charge more.

WASHINGTON, April 9.—The Cabinet has had under consideration the subject of the Indian difficulties in Florida; and such measures are now progressing as lead to the belief that the removal of the Indians will be peaceably effected.

CHICAGO, April 8.—A band of Sioux Indians made an attack on the white settlers at Spirit Lake, Iowa, on the 17th and massacred a large number. Fifteen of the settlers are reported missing.

AGUSTA, GEOR., April 9.—The frost on Tuesday morning last, has killed the corn, cotton and wheat crops in this region.

Gen. Sam. Houston is a candidate for Governor of Texas in opposition to the Democrats.

WASHINGTON, April 8.—Wm. B. Reed, of Philadelphia, has been appointed Minister to China. Mr. Reed is an old line Whig.

NEW ORLEANS, April 8.—It is feared that the recent cold weather has greatly injured the cotton and sugar crops.

John Oxnard, an Exchange dealer, has fled, having swindled merchants here out of \$100,000.

FATAL ACCIDENT.—We understand Mr. F. B. Withers, a merchant of Yorkville, fell from a two story window of Walker's late Hotel, in that village, on the evening of the 6th instant, and was so seriously injured that he died on Wednesday morning. We believe the deceased was a half brother of Judge Withers.

At the last Court ball, the jewels of the Empress Eugenie were estimated at four millions of francs, (\$800,000), and the fountains of Alencon lace which covered the lace satin robe of Her Majesty, cost six hundred thousand (\$120,000)—the dress and jewels thus amounting to almost a million of dollars.

GARDINER, Me., June 22, 1854. Wm. H. DYER.—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was as gray as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

MARRIED.

In Guilford county, Mr. Wm. S. Clark to Miss Elizabeth A. Weathersly.

In Davidson county, on the 7th inst, Dr. Q.M. Shemwell to Miss Sarah E. Thompson.

In Randolph county, on the 2d inst, Mr. Milton Bredford to Miss Mary E. Pike.

In Ashe county, on the 26th ult, Dr. Edmund F. Foster to Miss Ellen C. Murchison.

In Orange county, on the 23d ult, Mr. Bedford T. Terry to Miss Elizabeth Eley, aged 36 years.

In Robeson county, on the 17th ult, Dugald Currie to Miss Mary Brown.

In Lincoln county, Mr. James A. Campbell of Charlotte, to Miss Jane K. Daily.

In Wake county, on the 7th inst, Mr. Anthony Strasser to Miss Louise Johns.

DIED.

In Rowan county, on the morning of the 7th inst, Mr. Moses H. Overman, formerly of Pasquotank county, aged 43 years.

In Iredell county, on the 24th ult, Mr. J. S. O. Byers, son of Smith Byers, Esq., aged about 45.

In Rowan county, on the 4th inst, Thomas Watt, aged 28 years. Also, Mr. James Thompson, aged about 50 years. Also, Mr. Moses L. Brown, aged about 56 years.

In Mecklenburg county, on 24th ult, Mrs. A. M. Overman, aged 73 years.

In Guilford county, on 23d ult, Mrs. Martha P. Terry, wife of Asa Terry, Esq., aged 36 years.

In Darlington District, on the 26th ult, Mrs. Catharine A. Ezell, aged 28 years.

Christian Association.

It is requested that the young gentlemen of Charlotte, of all denominations, will meet in the Court House on Tuesday evening, 21st, at 7 o'clock, for the purpose of forming a Young Men's Christian Association.

FOR SALE.

I will positively sell on Tuesday of next Court next, at the Court House, the Store and Lots on Trade street, near to the Court House, formerly owned by Wm. W. Elmes. Also his interest in the Dam Mine and several other Mines, and several unimproved Lots in the Western part of the Town. Terms made known on day of Sale.

G. W. CALDWELL.  
April 14th, 1857. 3d.
