For Governor, HON. JOHN W. ELLIS. OF ROWAN COUNTY.

For the Senate, WILLIAM. F. DAVIDSON. For the Commons. WILLIAMSON WALLACE. JAMES M. HUTCHISON. Election on the first Thursday in August.

COUNTY CONVENTION.

The proceedings of the democratic county Convention, held in this place on the 27th ult., will be found in another column. It will be seen that Wm. F. Davidson, Esq., was nominated for the Senate, and Williamson Wallace and James M. Hutchison, Esq'rs, for the Commons.

Mr Davidson represented the county last session in the Commons, and faithfully performed his duties in that branch of the Legislature, being always in his seat and ever ready to look after the interests of his constituents.

Mr Wallace and Mr Hutchison are well known to our friends in the country, and it is unnecessary for us to say more than that they are firm and consistent democrats, and will make worthy representatives.

The proceedings of a democratic meeting in Lincoln county, held on Saturday last, reached us too late for publication this week. Delegates were appointed to meet delegates from Gaston and Catawba counties at Lincolnton on the 2d Friday in May to nominate a candidate to represent that senatorial District in the next Legislature.

The delegates from Lincoln will, at the same time nominate some one to represent that county in the House of Commons. The full proceedings shall be published next week.

JUDGE ELLIS' LETTER OF ACCEPTANCE.-We publish in another column the letter of Judge Ellis in reply to the Committee appointed by the Charlotte Convention to inform him of his nomination. It is strikingly clear and explicit, and everybody.

Certainly no large portion of the people of North Carolina are willing to endorse Mr McRae. His friends are our enemics-his counsellors are our old political opponents. He is backed up by the Raleigh Register, by Rayner, by the Ned Stanly clan, and by all other broken down, defeated and disappointed politicians.

Now, brother democrats, these things are facts. We presume no one will dare deny them. And we ask you, calmly, can Mr McRae have the least claim to be

considered a democrat? The way he deserted what he styles a great principle for a Federal office, we will show in another article hereafter. He has put himself before the public as a breathes the true spirit of a patriot and a southern disorganizer, and we have determined to assist in keepstatesman. THE LEGISLATURE.

It is important that the democratic party should have a majority in the next Legislature. Two United States Senators are to be elected & other important offices will be to fill. Great and extra exertions are to be made by the opposition, headed by Duncan K. McRae, to get possession of the General Assembly. Mr McRae is not canvassing the State with the expectation of being elected Governor-Judge Ellis will beat him 20,000 votesbut he hopes to divide the Democratic party in the different counties, and slip in a distributionist here and a By our exchanges we learn that snow was | whig-American there, in order to secure a majority of both factions united. As a result of this combination he hopes to be one of the U.S. Senators. We do not uppose he cares much who the other one is, or what

In view of these things we call upon our democratic friends to be united. Now is the time for all true democrats to stand up to party organization. Without organization no party can succeed, and to the fairly expressed will and preferences of the party all should ield a cheerful assent. This is the true principle-this is democratic. We do not mean that all the land east of Goldsboro is poor and barren, but we speak of that along the Railroad track. We know that there are some of the best farms of the State in the East. The Road is well built, and no doubt will prove of great convenience to the people of that section. It cost as much per mile, if not a little more, as the North Carolina Railroad, a fact we were surprised to learn, considering the level character of the country. The President, Mr Whitford, is an energetic officer, and from what we could see we think he manages the work as well as it could be done.

Dr. Hawks spoke first, extemporaneously; and we venent who did not feel proud of him as a fellow citizen and proud of the Old North State. He recounted for ages past the history of internal improvements, the energy and trials of the first settlers on the Albermarle and the Cape Fear, compared the past with the present condition of North Carolina, and called on all present to one hour and 5 minutes.

H. W. Miller, Esq., of Raleigh, then followed in an address of 45 minutes. We are at a loss to express our gratification with Mr Miller's effort. It was manly, patriotic, electrifying, and we hope its sentiments made a deep and lasting impression upon the large audience. He spoke of binding the East and the V'est together in indissoluble bands-no jealous or selfish feelings should prevail-the West had been liberal to the East, and the latter section ought not to be less so to the former-build railroads, and in the hour of danger the hardy mountaineers would be found ready with warm hearts and strong arms to defend the seaboard from invasion and to protect the lives and homes of the fair ing and expecting nothing from the Federal Government, she had always raised her arm in its defence, and would continue to do so if she can have her rights under the Constitution, rights and privileges which she cannot and dare not surrender. "KISS HIM GIDDINGS!"

It seems that Josh, Giddings, the most contemptible abolitionist north of Mason & Dixon's line, finding that he had placed Mr Gilmer in rather an awkward position by his congratulations, turns round, when Dr. Shaw of N. The true solution of the question is found in the fact, that certain men in North Carolina H Weddington, J C Dennis. have agitated the subject of distribution-trying to distribute one part of the earth among the inhabitants of the other part-thus destroying the equilibrium between the parts.
