The truth is he knows Vesey, Jr. and Vesey, Sr. by heart. I mean by this that he is a great equity jurist, and I have no hesitation in saying that the powers that be-the national powers-ought long since to have called such a man to the Supreme Court bench of the Union. There is no man on the Supreme Court bench of the United States superior to Judge Ruffin. Had he been placed on that bench he would have added greatly to the high character of the tederal judiciary. But in thus speaking of Judge Ruffin, whose unanimous re-election to the Supreme Court of the State by the present Legislature is an honor to them as much as it is to him, I do not wish to be considered as undervaluing the high qualifications of the other Judges of the Supreme Court of this State. Chief Justice Pearson is a man of profound legal learning, and so is Judge Battle. There is a striking difference in the character of their minds, but each has its peculiarities distinctly and strongly marked, and no doubt those distinctive characteristics add to the great strength of the Supreme Court Bench of the State.

As now constituted, there is unbounded confidence in the Supreme Court, and no one doubts that, beyond all question, that bench is composed of men of high moral worth, and the most profound legal learning-none more so! So say 1-so say
