

Western Democrat. CHARLOTTE, N. C. Tuesday, October 18, 1859.

WIL, CHAR. & RUTH. RAILROAD. The annual meeting of the Stockholders in the Wilmington, Charlotte and Rutherford Railroad Company was held in this place on Friday last.

At a subsequent meeting of the Board, the old officers were re-elected—H. W. Guion, President; D. S. Cowan, Secy., and Treas. for the Eastern Division; V. A. Mcbee, Treasurer for the Western Division; and John C. McEae, chief Engineer.

A resolution was proposed in the meeting of stockholders authorizing the Company to subscribe \$25,000 to the projected Railroad from Charlotte to Statesville, but the meeting deemed it inexpedient to pass such a resolution at this time, and it was therefore laid on the table.

We learn that the Board resolved to employ a large force so as to complete the Road from here to Wilmington within the next two years, as well as to have fifty miles of it finished from this place West.

The next annual meeting is to be held in Wilmington on the fourth Friday in October, 1860.

THE MECKLENBURG FAIR. Next week, 25th, 27th and 28th, is the time for the annual Fair of the Mecklenburg Agricultural Society.

On Friday, at 11 o'clock, the Premiums will be awarded. Immediately afterwards there will be an auction of stock, &c.

The Judges are expected to enter upon the discharge of their duties on Thursday afternoon, and hand their reports to Gen. Young, ch'n of the Ex. Committee, on Friday morning.

ENCOURAGE IT. We learn that the ladies of Charlotte, with that noble generosity which characterizes them in every moral enterprise, have determined to give a Supper, on the first evening of our County Fair—Wednesday the 26th instant—in aid of the new Methodist Church Building in this place.

As the object is a good one, and the mode of contributing certainly pleasant, who will not encourage it?

BEEF CATTLE.—Two droves of Beeves were sold in this market last week, one of 17 head on Friday and another of 24 head on Saturday; the latter drove was the finest stock we have had here for some time.

A TOWN MEETING was held on Saturday evening and a resolution passed requesting the Commissioners of Charlotte to submit to a vote of the citizens a proposition to subscribe \$60,000, on the part of the Corporation, to the Railroad connecting this town and Statesville.

WHAT'S THE DIFFERENCE.—The opposition papers have been boasting pretty loudly recently because, as they say, two democratic papers, one in Georgia and one in Mississippi, deserted the democratic party and joined the opposition.

THE IRIDELL EXPRESS is a warm and able advocate of the Railroad connection between Charlotte and Statesville, and we notice in the last number of that paper several articles urging the importance of the Road; but there is a suggestion in one of the communications which does not suit our ideas, and we apprehend will not suit the people of Charlotte—it is this: To make the gauge of the Road the same as the C. & S. C. Road so that the same cars might be run on both roads.

HORSE THIEF ARRESTED.—Our Town Marshal, Mr. Saml A. Harris, last week arrested a young man named Brooks, said to be from Pickens District, S. C., while in the act of selling a horse which he had stolen from a drover at Wadesboro.

DEMOCRATIC MEETING IN HAYWOOD COUNTY.

We learn from the Asheville News that a meeting of the Democratic party of Haywood was held in Waynesville on the 19th ultimo, and the following resolutions passed:

Resolved, That with a view to being represented in the Democratic National Convention at Charleston, we recommend to the Democracy of this Congressional District the propriety of holding a District Convention at Asheville, on the 30th of December, for the purpose of appointing Delegates to the same.

Resolved, That the chairman of this meeting appoint twenty delegates to represent this county in the Convention at Asheville, and twenty delegates to represent this county in the next State Convention of the party to nominate a candidate for Governor, to meet at such time and place as the Democratic Central Committee for the State may fix upon.

Resolved, That we take this occasion to express our confidence in His Excellency, the Hon. J. W. Ellis, and his administration; and the delegates from this county are instructed to vote for his re-nomination as the first choice of this county.

TOOMBS' BOAST.—We notice that the opposition papers are publishing, and exulting over, what they term a boast of Senator Toombs of Ga., relative to the defeat of the Post Office Appropriation Bill at the last session of Congress.

It is represented as saying in a recent speech in Georgia, "I stood with its fate in my hand, and stamped it under my feet." And the opposition papers seize this declaration as proof that the democratic party is to blame for the defeat of the bill.

Now what we have to say to this, is, we don't believe that Toombs' remarks have been correctly reported, but if he did make the declaration, it is not correct—the record will not sustain it—he did not stand with the fate of the bill in his hand.

The people of Georgia have just "put down" about 15,000 majority for the democratic candidate for Governor, and elected six of the eight democratic candidates for Congress.

The people of Mississippi have re-endorsed the democratic party by giving an increased democratic majority.

The people of California have assisted in the putting down process by electing a democratic Governor and democratic members of Congress.

That is the way the "people" are showing their anxiousness. If our whig friends don't look out they will be "put down" as false prophets.

WE clip the following from the local column of a New York paper:

Almost Starved.—A woman named Eliza McDonald was found on Saturday evening lying upon a curb stone in Park street, in an extreme state of exhaustion.

THE EDITOR of a western paper acknowledges a visit from one of his editorial brethren in the following novel style:

"We had the pleasure of a call at our sanctum from brother Smith of the 'Wild Cat Pioneer.' He is a whole-souled fellow and is looking remarkably well, but is one of the greatest liars unhung, especially when speaking of the circulation of the 'Pioneer' and of matters and things in general.

THE RIGHT POSITION.—We endorse the following, though coming as it does from an opposition paper, the Fayetteville Observer:

THE KANSAS-NEBRASKA BILL.

While the opposition papers of this State are denouncing the Kansas-Nebraska bill, and abusing the democratic party for its passage, it is well to remind them that their Senator at the time, the Hon. Geo. E. Badger, took an active part in putting the bill through, working for it and voting for it side by side with Mr. Douglass.

Resolved, That the settlement of the slavery question at that time was the best ever made or could be made, and all the hubbub gotten up by the opposition about it was for the purpose of breaking down the national democratic party.

DEAR SEGARS.—10,000 Segars were recently shipped from Cuba to Paris for the Emperor Napoleon, said to have cost three hundred dollars per thousand.

It is a common saying that the inhabitants of New York are a "great people," but we think the following shows that some of those who live in Massachusetts are a "leete greater."

WELCOMED WITH CANNON.—The Newburyport Herald says a salute of nine guns was fired in Ward No. 1 in honor of an heir which was born unto a married couple who had been for some years childless, and whose mother was formerly belle of the Ward. One gun was fired for each pound of the child's weight.

NORTH CAROLINA VS. TEXAS.—A correspondent of the Fayetteville Observer, deprecating the disposition manifested by our citizens to remove to Texas, says:

"North Carolinians are dissatisfied with North Carolina because first and chiefly the people abroad say it is a slow State—yes, the 'permissum State' itself! * * I hesitate not to say that no country has been more slandered and abused, nor passes for so much less than its intrinsic worth than North Carolina. Let us compare our own agricultural worth and facilities with that of some of our neighbors. Take South Carolina. North Carolina has one million more acres cultivated land than has South Carolina; yet the entire value of the S. C. farms exceeds that of N. C. farms by more than fifteen million dollars! Why is this? S. C. lands must be more productive and her agricultural pursuits more lucrative than our own. We will see. S. C. produces fifteen million dollars more rice and nine millions more cotton than does N. C.; whilst on the other hand, N. C. in all the other products (agricultural) exceeds S. C. in the sum of thirty-eight millions, making a balance of thirteen or fourteen millions in favor of N. C. Now what meaneth this? It simply means that N. C. is vastly under-rated. And while her sons are speeding to Texas, she stands today the best State for money making in the agricultural world, than any in the Confederacy—more money to be made on less capital. But alas! there is one difficulty that hinders the prosperity of our farmers, that hurts not those of other States, viz: The current value of their farms, is never enhanced, but to the contrary is in constant jeopardy of losing what he may have gained from his 'crop' proceeds in the depreciating of the value of his lands. This will be remedied in no way except that we lake-warm Carolinians leave the State! You half residents and half renegades who 'can see,' 'at have an eye only for Texas, you have already done much to retard her progress agricultural, and your absence will be her blessing. Go to Texas, your fair land; and no longer monopolize the land you love and cherish not. You are clogging her very wheels of progress, and then are complaining that she moves no faster! Leave the State (or love her better) and let the places you fill be held and honored by loyal sons."

A "SPADING" MATCH.—At the Plymouth County Fair, Mass., on Wednesday, a spading match occurred, which attracted considerable attention. A ring was formed, and lots of land ten feet square each, were marked for six stalwart Irishmen, who were the competitors for the prizes. The time allowed for the work to be done was 20 minutes, and the depth to be spaded was nine inches. The quickest time made was fourteen and a half minutes. The contest was an animated one, and the men worked until the perspiration rolled off their faces, and they were most assuredly hot in the ludicrous attempts made by some to drive through the work. One man only used up the whole time. The victor is certainly a trump and worthy the title of "Jack of Spades."

OUTRAGEOUS CONDUCT OF A CIRCUS COMPANY AT GASTON, N. C. Robinson's Circus Company exhibited at Gaston on the 8th inst., and from the flaming bills they had put out, and fair promises therein contained, it was to be expected that they would endeavor to behave themselves, at least decently. But if any people were ever cursed with vagabonds and rowdies, it was most assuredly the visitors to said Circus. They first evinced their beastly propensities in endeavoring to show, in defiance of the sheriff, who demanded the tax, which was \$75 for the Circus and \$15 for side shows. This they resisted until their property was in jeopardy of being seized, when they succumbed and became moderately quiet. As shown, however, when the doors were opened the door keeper Mr. Alex. Robinson vented his malignant vituperation on defenceless women and children, by pushing and dragging them as they entered the canvass, and such remarks as "go long man—stand back gal!" This greatly increased a large number, and it was only after bitter counsels prevailed with the friends of those who had suffered from his rudeness, that he escaped what he greatly deserved, a good hickory caning.

THE WORST has, however, to be feared, as soon as the performance was over, his company—made an indiscriminate attack on some of our most respectable and unoffensive citizens, and up to the present writing there is a gentleman who was onlyjourning temporarily in this section, who is missing, and it is the general impression that he has been murdered. I allude to Mr. B. B. Hicks, of Oxford, N. C. When last seen he was prostrate, with a crowd beating him, and it is supposed that he was murdered and thrown into the Roanoke river. Such, I trust, may not be the case, but I regret to say circumstances favor the conclusion. They also injured, seriously, Jos. Owen, Thomas High, Jas. Vincent, jr., Jas. Ramey and J. H. Buckley. There is a report that they were instigated to this diabolical outrage by those from whom they were to be expected, and have just seen a gentleman who was merely looking on when attacked. He fired his Deringer pistol and retreated. The only damage he did was to shoot off a piece of the ear.

The southern community from self-respect if nothing else, should stand down Abolition and Rowdy Huggums of this kind; and the only direct way to do so is to raise the tax to \$250, which will surely deter them from travelling in this direction.

In conclusion, should any one see this communication and then patronize them, and they are robbed and beaten, then let them not say they have not been forewarned.

I am reminded by some of the sufferers that after being knocked down and beaten they were robbed of their hat, purse and everything else available. This is written, from an act of discourtesy shown me, either direct or remote; and least of all for revenge, for I was presented with a complimentary ticket to the whole exhibition. But as a faithful correspondent, who desires to do his whole duty, I send it to you, and I hold myself responsible for its truth.—Correspondence of the Petersburg Express.

CLOSE OF CO-PARTNERSHIP.—A notice in the Raleigh Standard announces the fact that the Co-Partnership between Messrs Holden & Wilson will expire by limitation on the 1st day of November, 1859, and will not be renewed.

FOREIGN NEWS.—The steamship Ariel, from Liverpool, arrived at New York on the 13th inst.

The London Times says that the seizure of the Island of San Juan originated in audacity and the assumption that England would be afraid to avenge it, adding that it is time to put a stop to such notions.

LIVERPOOL, Sept. 29.—Sales of Cotton to-day, 8000 bales—quotations barely maintained. Breadstuffs are steady.

LATER.—The steamship AFRICA arrived on the 14th, with Liverpool dates to 1st inst. Inferior qualities of Cotton had declined 1/2 to 1 penny; prices of better qualities unchanged.

PUBLIC TAXES.—By a statement published in the Standard from the State Comptroller, we find that the amount of Taxes paid in by the different Sheriffs this year is, in round numbers, \$650,000—including the taxes of Bladen and McDowell (which are yet to be paid in), and the Bank Tax. This is an increase over last year of about 20 per centum.

CUMBERLAND FAIR.—We return thanks to the Executive Committee for an invitation to attend the annual Fair of the Cumberland county Agricultural Society, at Fayetteville, on the 2d, 3d and 4th of Nov. As we have heretofore announced, W. W. Holden, Esq., is to deliver the Address. We had promised ourselves the pleasure of meeting many of our old friends in that section on the occasion of their Fair, but regret that we find it inconvenient to leave at that time.

Changing the subject slightly, we must say that we are highly gratified at the evidences we have through the Fayetteville papers of the increasing prosperity of that old town. Business of all kinds has greatly increased within the past year, and with the completion of the Railroad to the coal fields in Chatham county, (and a connection with the N. C. Road, which we consider as certain at some time,) Fayetteville will again assume her ancient fame as a great commercial mart. No people are more deserving of success, for they have fought through many difficulties, and it is a matter of general gratification that they are about overcoming them.

REASON TO BE THANKFUL.—The people of this section of the State certainly have abundant reason to be grateful to a beneficent Providence for the bountiful crops of the present year. Truly the "earth has brought forth by handful," and goodness and mercy have crowned the year. With an abundance of all the necessaries of life, stock of all kinds commands very high prices. Horses and mules are as high as the most inveterate money collector could wish to see them. Almost anything in the shape of a horse will command a hundred dollars, while mules are as good a tender as bank bills, and at very extravagant rates. If the farmers and stock raisers of this section do not make money enough to put them out of debt and leave something handsome behind, with the advantages they are now enjoying, we shall despair of ever seeing them reach that "consumation so devoutly to be wished."—Asheville News.

HORSE STEALING.—We learn that a man calling himself sometimes Martin, and at other times Miller, stole a horse in Danville, Va., a few days ago, brought him on to Yanceyville, sold him, and then left for the Company Shops. The public should be on the lookout for said thief. He is described as being about 35 years of age, blue eyes and good countenance.—Greensborough Patriot.

Pennsylvania Election.

PHILADELPHIA, Oct. 12.—Fourteen counties give a heavy aggregate democratic gain. The indications are that there will be an opposition majority of three in the State Senate. Tilden will probably stand Opposition 57, Democrats 43—last year it stood Opposition 67; Democrats 33.

The San Juan Question. WASHINGTON, Oct. 12.—The British Government has demanded an explanation of Gen. Harney's occupation of the Island of San Juan. A reply has been prepared, which rumor says justifies the General's course. As the treaty makes no provision for settling differences of this character, it is the opinion of distinguished statesmen that it now remains for England to initiate any remedy which she may consider right and just.

Baltimore Municipal Election. BALTIMORE, Oct. 13.—During the municipal election here yesterday there was much intimidation, and considerable violence in some of the wards by rowdies.—The ballot box was smashed in the twentieth ward. The police, as usual, were generally inefficient. The Reformers carried seven out of the nineteen wards. The vote is reduced nearly one-half from last year.

Savannah Municipal Election. SAVANNAH, Oct. 11.—The Reform Democratic Ticket had been elected. Mr. Arnold, Mayor elect, has a majority of 200 votes.

Iowa and Ohio. Scattering returns received by way of Chicago, indicate that Iowa has gone for the Republicans by two thousand majority. Returns from Ohio indicate a Republican gain of five thousand.

ENFIELD, N. C., Oct. 8. On Sabbath morning last quite a distressing accident occurred a few miles below us. Three young men were riding together on their way to church; they commenced racing their horses, when one of the young men, who was riding a wild animal, was thrown violently upon the fence, and dangerously hurt—almost literally broken to pieces, as the doctor said. Whether he is recover or not is yet extremely doubtful, though he is still living. Horse racing on the Sabbath day is neither safe nor innocent.

Sec. 5. "Town lots shall be listed separately, and each lot be numbered according to the plot of the town. Each separate body or tract of land and each town lot shall be separately and distinctly valued and returned."
