#### THE NEWS.

Buell by Gen. Bragg. It is reported that the yankee troops have evacuated Corinth.

There is nothing new from the Virginia army. Both armies appear to be quiet. Stuart's expedition into Pennsylvania was very successful, and greatly alarmed the Lincolnites. Lincoln called his Cabinet together and summoned his Generals to attend to consult as to what should be done. Northern papers confess that Stuart, Lee and Jackson are too smart for their Gen'ls.

As might have been expected, the abolitionists were successful in the elections in Ohio and Pennsylvania on Tuesday last. In New York the democrats and old line whigs are making a powerful effort to defeat the abolition ticket next month.

#### IMPORTANT.

We direct especial attention to the Appeals of Gov. Vance and others in another column, in behalf of our soldiers. Unless the people at home act promptly and energetically our brave soldiers in the field this winter will suffer almost unendurable hardships. Every man and woman in the State can do something towards relieving the wants of our gallant diately.

Gov. Vance has appointed the militia Colonels and Captains in the various counties to attend to the collection of clothing and blankets. Read the Governor's patriotic appeal and also a communication in to-days' paper, and then see if you can refuse to give a blanket or a pair of socks. YELLOW FEVER .- The epidemic still prevails to a terrible extent in Wilmington. On Monday, the 13th, there were \$7 new cases, on Tuesday 74, and on Wednesday 86. During these three days there were about 15 deaths per day. This increase was caused by an unfavorable change of the weather.

Among the deaths we notice the names of Rev. Dr.

It requires as much courage to remain in a town the cannon's mouth. We hope our friends will soon be able to resume their regular publication.

THE DRAFT IN MARYLAND .- The Yankee draft has been commenced in Maryland. The Baltimore Sun of the 11th inst., says the draft calls for 19,344 men. Of these 13,344 volunteers have already been furnished, gallantly. leaving 6,000 to be raised by draft. Surely, we at home, who have not the heat and burden of the war to bear, should contribute freely of our substance to save the balance by aiding the soldier in every way in achieving our independence.

DETAILS OF THE BATTLE IN KENTUCKY. HARDONSBURG, KY., October 10 .- Gen. Bragg's first entucky pitched battle was fought on the 8th inst., at Perryville, ten miles hence. The enemy had been following from Bardstown in force, and also threatened Frankfort. Withers' division was sent forward to it cannot be disguised that unless our armies are fed support Ger. The fight was opened with artillery at 6 A. M. Gen. Bragg and Staff reached the ground about 9 o'clock. At 4 o'clock, a disposition for fight was shown on our right, which movement was awaited in force, and Cheatham and Buckner posted to meet it. At3 o'clock, our troops advanced in splendid line, with Gen. Bragg's order to push along the whole line to close quarters. For one hour and a half the enemy maintained his ground bravely, in the face of a murderous fire of arillery and musketry.

Our troops fought like heroes until the enemy began to falter. With a shout our boys moved forward and sequent insertion. drove the enemy three or four miles entirely off the field. Meantime an attempt on our left had been repulsed. We captured twenty-one pieces of artillery and five or six hundred prisoners. For want of horses, only eight pieces were brought off. The returns are not in, but our casualties are estimated at 1,500, so far as ascertained.

With one more division, the enemy would have been destroyed. Night put an end to the pursuit. The enemy's loss is believed to be more than double ours. Among their killed is Gen. Ackson, and Gen. Crittenden is reported killed. Gen. Buell is commanding, and we have prisoners from five divisions, showing that they had thirty thousand men. We fought with only welve thousand men.

Our army is in the highest spirits. At Frankfort, the matter was soon ended. The enemy, under Gen. McCook, fled before Kirby Smith. Withers cut off his rear, taking 700 prisoners and 14 wagons. Another battle is at hand. Bragg's depot of supplies being menaced, he withdrew his army to protect them. The enemy immediately sent a flag of trace for permission to bury their dead. At daylight the next morning after the fight, not even a Yankee surgeon was to be found on the field. Their wounded were all left.

Our wounded were removed the night of the battle. Gen. Polk had a narrow escape. At dusk he left his staff and rode to stop a fire, as he thought, of a Confederate regiment on our troops. He seized the Colo-"Colonel of the 23d Indiana," was the reply. Polk again spoke to him roughly, and ordered firing. Before the Yankees found out who he was he put spurs to his horse and got away.

Buren pronounced the Republican Administration the most contemptible Government on the face of the earth His plan was that McClellan should move on to Rich mond; that then a convention should be called and our Southern brethren invited to it. The Constitution should then be altered, so that all should hereafter live in peace; and if the South would not stay, he would say to them, "Wayward sisters, depart in peace." The Democracy should not lose time in talking, and if the people called them traitors, just knock them down and go to the polls. They had been told that Southern people would not live. and in his judgment they ought not to live, under Abolition sway, and he would not live with them if they would. FOREIGN NEWS.
