----THE TEST OATH.

We learn that the House of Representatives, on Monday last, decided by a vote of 125 to 32 to maintain the present test oath as it is. This is virtually saying that no member elect from this State shall be admitted to a seat in the House, for only one of them, Mr Jones, can take the oath, and it is not probable that he alone will be admitted. Neither of the Senators elect from this State can take the oath.

This test oath will be insisted on not only as to members of Congress, but as to all other officers of the Government-Collectors of the accommodation to our people, and an act of Dick, John Pool, William S Mason, Edwin G At the close of the address Provisional Gov- ought to speak of nothing else here to-day. The President's Message, enclosing the reports of General Grant, General-Howard, &c, the Senate, and is very conservative. Mr Sumner pronounced it a white-washing message, only paralleled by that of Pierce on Kansas. Some surprise has been expressed at the long adjournment of Congress from December 21 to January 9. It is reported that the recess has been taken to enable Senators and Representa-
