CHARLOTTE, N. C.

July 17, 1866.

THE COUNTY COURT of Mecklenburg was in session last week. . The Court was quite busy, and disposed of several cases of assault and battery, affrays, burglary, &c. Some five or six freedmen were whipped for stealing mules, ba- And this year they had reached \$179.000.000.

17 Sunday and Monday. July 8th and 9th, were the warmest days of the season. In the Northern cities there were an unusually large number of cases of sun-stroke.

THE NEW METHODIST CHURCH .- As will be seen by a notice from the Pastor, the Rev. Wm. C. Power, the new Methodist Church building in this place will be dedicated on Sunday next. at 104 o'clock -the Rev. Dr. A. M. Shipp officiat-

The building inside is probably one of the handsomest in the State-every seat on the lower floor is cushioned and the isles and altar carpeted with rich and elegant material. The wood-work was executed by Mr Jonas Rudasill. the plastering and ornamenting by Messrs. Robinson, Madden and Cormack, and the painting by Lawrence & Bolton. The pulpit and altar is the workmanship of Mr Daniel C Barnbart, and is a superior specimen of curved work.

The Methodist congregation of Charlotte is indebted, for the completion of the building, to the energetic labors of the pastor, Rev. Mr Power, and the liberality of our citizens generally.

N. C. RAILROAD. -The annual meeting of the Stockholders in the North Carolina Railroad was held in Hillsboro on Thursday last. The following gentlemen were elected Directors on the part of the Stockholders: Thomas Webb of Orange. John L Morchead of Mecklenburg. D A Davis of Rowan, and Geo W Mordecai of Wake. The State Directors (previously appointed) are Messrs | aunt, and the prisoner resided in the family .-N Boyden of Rowan, J Turner of Orange, Jno A Gilmer of Guilford, Robt Strange of New Hanover, B B Roberts of Davie, Jno Berry of Orange, Wm C Means of Cabarrus, and Jno A Moore of

At a meeting of the Directors the following officers were elected: Thos Webb, President (in place of Mr Boyden); P B Ruffin, Treasurer (in place of Mr Lee); F A Stagg, Secretary; Edw'd Wilkes, Superintendent.

The vote of the Directors for President stood, for Webb 7, for Furner 3.

We learn that the meeting passed resolutions not exactly endorsing but rather favoring the proposition to consolidate the A. & N. C. and the Western N. C. Roads with the N. C. Roadmaking one company for the three Roads. We hope the Legislature will never permit such a scheme to be consummated.

A MISTAKE OF NOT MUCH IMPORTANCE .- At the late Commencement of the N. C. University the degree of Doctor of Laws was conferred on Andrew Johnson, President of the United States. But it so happens that the President is not a professional lawyer, never has been, and probably never will be, notwithstanding our University has to pardon, on the ground that he wanted to hear proclaimed him master of the profession. "Mistakes will happen in the best regulated families."

We presume the Chapel Hill Faculty took it for granted that Andrew Johnson was certainly a lawyer, inasmuch as he has held all the prominent offices within the gift of the people, forgetting that sometimes "common men are as smart as lawyers," if not as cunning. But if the old signboard once used by the President and inscribed "A. Johnson, Tailor," can be found, we suggest that L. L. D. be added, in accordance with the decree of the University of North Carolina.

We find the above paragraph in some of our exchanges, and we copy it for the purpose of saying that no such information was promulgated by the Charlotte Democrat. Some weeks ago we stated that three or four mean white men and pegroes had been arrested on the charge of incendiarism, but we never heard of any plot among tion as to the shooting of 23 Federal soldiers at negroes of that sort. In fact, in justice to our colored population, we can say that (with but few exceptions) they have behaved remarkably well-much better than the same class of persons have behaved in other towns as large as Charlette. We believe that the influence of the leading colored men of this place has been used for good, and on that account the whites have had no conflicts with the negroes in this immediate section. GOVERNMENT FINANCES .- In a speech on the tariff in the House of Representatives last week, the revenue system of the country we should reduring the last fiscal year was the largest ever collected by any country. It reached nearly \$530,000,000, and exceeded by \$150,000,000 the largest revenue ever collected by Great Britain. Of this immense sum. \$170.000 000 in goldequivalent to \$238,000,000 in legal tenders-had been received from customs. Our receipts from customs before the war had never exceeded \$60 .-000,000; and, indeed, save in the years 1853, '55 and '60, they had never reached \$50.000,000. more than double those of last year, and more than \$100,000,000 in excess of any year but the last two of our governmental existence. Our government was the greatest landed proprietor in the world, and its lands, richer than the most highly cultivated of the old world, are given away to those who will cultivate them. Yet we were importing agricultural products. With the me-

from our last issue in relation to the pardon, by Gov. Worth, of W. B. Nash of Union county, who was under sentence of death for rape, and makes the following explanation, which we copy as a matter of justice to the Governor, and that the citizens of Union county may see the grounds

drive to us if we did not go to it.

"Though, perhaps, not designed to reflect upon Gov. Worth's course, the paragraph may, to some persons, indicate a disposition on the part of the Governor to exercise the power of pardon without due consideration, or in the absence of evidence which fully justifies it. We therefore think it proper to state the facts in this case. which influenced the action of the Governor:

On the 30th of May last, a pettition was presented to the Governor, very numerously signed by citizens of Union County, representing that, at the last spring term of the Superior Court of said County, one Micheal Nash was convicted of rape on the person of Minerva Little, she being the only witness for the prosecution .- that she proved, by her own oath, that many years ugo, being then very young, she resided with her that on three several occasions he had violated her person,-that she could not remember in what month of the year these several violations occurred .- that she had not told her aunt with whom she lived, nor her father living in the neighborhood, nor her grand-mother who lived in a mile of her residence, till some 8 or 9 months after the alleged rape, -that she lived for months afterwards in the family without disclosing the affirmed

alleged outrage to any person whatever. The petitioners further set forth that the prisoner and his family connexions were very poor. but very honest-that the prisoner was of good character up to the time this prosecution was instituted in April last,-that he had served four years faithfully as a Confederate soldier .- that the jury convicted him and he was sentenced to be hung on the first day of June last. The petitioners prayed for his pardon, on the ground that the life of a man ought not to be sacrificed upon a charge so stale and improbable, and when no specific time was given, whereby the prisoner had no chance to prove his innocence. Besides this petition, a gentleman of character filed in writsoon after the Court, by a brother of the prisoner, | coin. who was very poor and unable to defray the ex-pense of going to Raleigh—that a day or two before, a subscription had been raised of \$40 by the people of Monroe, to defray the expenses of this gentleman in bringing this petition to Raleigh.

The Governor refused, at this stage of the case, from the judge and jury who tried the case, but granted a respite for a month, to give time to hear from the judge and jury.

Before the month clapsed the messenger returned with divers affidavits, made by persons of unquestionable veracity, proving facts rendering the evidence of the prosecutrix exceedingly improbable, and with a petition, signed by eleven of the jurors, (the twelfth being sick, as alleged.) praying for the pardon of the petitioner, and with the certificate of the judge that if the facts set forth in these affidavits had been proved on the trial, they would have raised reasonable doubts of the guilt of the prisoner. These affidavits proved grossly immodest familiarity with the prisoner after the date of the alleged rape .- that she had lived in a brothel. &c.

Upon this showing, the Governor granted the pardon. We presume that no one, after this statement of facts, can doubt the propriety of the action of the Executive."

After we had prepared the above for insertion, we received a communication from a friend at Raleigh on the subject, but as the statements are sin ilar to those, copied from the Sentinel, we deem it unnecessary to publish it.

It has been represented to us that many of the citizens of Union are displeased because the prisoner was pardoned. We care nothing about the

The reply of Secretary Staunton endorsed General Sickles' course, and ordered him not to be arrested, and if force was used, to resist with whatever force was necessary.
