

LET US PROMOTE HARMONY.—The times are uncertain, political strife is threatening the peace of Northern society, and it is eminently the duty of all southern men to use their influence to promote harmony among themselves.

We make these remarks not for the purpose of gaining favor with any man or set of men—we have declined more offices in our life-time than many regular office-hunters will ever get an opportunity to fill.

We publish the Message of President Johnson giving his reasons for vetoing the Freedman's Bureau bill. Congress, however, has passed the bill over the President's veto, thus keeping the Bureau in existence for two years from this time.

THE CABINET.—There has been a flare up in President Johnson's Cabinet within the past week. The P. M. General, Demmons, and the Attorney General, Speed, have resigned, and it is expected that two others will soon resign—Stanton and Harlan.

THE PRESIDENT HAS NOMINATED THE HON. HENRY STANBERRY to take the place of Mr. Speed as Attorney General, and Hon. Mr. Randall as P. M. General.

TENNESSEE ADMITTED.—It will be seen that the House of Representatives, by a large vote, agreed to admit Tennessee into the Union. The price paid for the favor (?) is the adoption, by the Tennessee Legislature, of the odious Constitutional amendment.

Will the Democrat please state his reasons for not wanting the Roads consolidated.—Newbern Times.

We will not enter on the subject at length at present—it will be time enough to discuss it when the matter is brought before the Legislature.

The object of our Newbern contemporary and his people, and those interested in Morehead City, in favoring consolidation, is to turn the trade of the West to that section exclusively.

CURIOS.—We have recently heard from several sources that Northern men have approached late holders of slaves with the offer of five dollars for each slave lost by emancipation.

NEW ADVERTISEMENTS. Catawba Flouring Mills—W H Neel. Valuable Real Estate for sale—Jas H Carson.

THE NEW CONSTITUTION.—On next Thursday week the 2d of August, the voters of North Carolina will ballot on the new Constitution. It will, no doubt, be adopted, but it would be well for all the friends of the proposed changes to go to the polls and vote for it.

The amendment prohibiting the Legislature from electing its own members to office is an excellent provision and will result in good, and prevent, to some extent, dishonest "log rolling" and bargaining and intriguing by members of the Legislature.

Another excellent amendment is that in regard to appropriations of public money—preventing such appropriations except by a two-thirds vote of all the members.

We think that in certain sections the professional politicians and office-hunters are making exertions to have the Constitution rejected. We hope the people will see that it is adopted. Let us have no more expensive Conventions.

Our people should bear in mind, that if they do not adopt this Constitution, another Convention will probably have to be called, as the defects of the old one are very great.

THE TEST OATH AND SOUTHERN MEMBERS.—Even were the Southern States admitted into the Union, how are they to be represented in Congress while the test-oath is required?

Who are they?—A call has been made by 26 persons (who are styled "Southern loyalists," but who are really nothing but radicals claiming to be southern men) for a Convention to be held in Philadelphia on the first Monday in September.

WASHINGTON, July 17.—Gen. Grant will instruct Gen. Thomas that the facts stated in his telegram do not warrant the interference of the military authorities.

Neither Gov. Brown nor the Legislature were chosen by a majority of the voters of Tenn.; they were put in office by a privileged minority who do not represent the respectable people of the State.

STEWART OF NEW YORK.—It is estimated to be worth fifty millions of dollars.—Ex. paper.

DELIGHTFUL.—Our Southern journals appear to be delighted with the clause in the new Army Bill prohibiting any person who served in the late Confederate States, either in civil or military capacity, from entering the army of the United States.

THE PEACE CONVENTION!—The N. Y. World publishes a list of the papers all over the country with their stand in reference to the Philadelphia Convention.

THE CHOLERA.—The Cholera is spreading throughout the Metropolitan districts, and has broken out among the troops on Governor's Island, as well as on Hart Island.

A LITTLE FUSS.—It appears that recently, while the ladies of Columbia, S. C., were decorating the graves of the Confederate soldiers in that city with flowers and evergreens, they also stuck some small miniature Confederate flags in the graves.

It was a small matter, but rather an imprudent act on the part of the citizens. However much we may cherish the memory of our dead heroes, or love the "lost cause," we suggest that it is not proper for our people to display what is known as "Confederate flags."

GENERAL RANSOM AS A CANDIDATE FOR GOVERNOR.—We are not displeased, as some affect to be, to see that the friends of General Ransom, in different parts of the State, are bringing him before the people as a candidate for Governor.

READING, Penn. July 19.—The Democrats held a great meeting yesterday, which was addressed by Montgomery Blair, Geo. H. Pendleton and others.

And Gen. Sherman, in a speech before the students of Yale College week before last, said: "Look at the old flag as a Christian object—Obey its dictates and follow its leaders. As you go out into life you will find opportunities to stand up for it—you may even chance to fight for it. I tell you that before you pass from the stage there will be fighting, in comparison with which mine will seem slight, and I have had enough."

THE PEOPLE OF TENNESSEE are in a bad fix. With Brownlow as Governor, and a Legislature that bows subserviently to the demands of Thad. Stevens and his radical crew, the citizens of the State are degraded and society disorganized.

GOVS. HOLDEN AND JOHNSON.—We stated a few days since that a prominent senator of the United States at Washington assured us that the nomination of Gov. Holden as minister to San Salvador would be confirmed.
